My offerings." - Zephaniah 3:10 Modern Jewry has been looking for the "10 Lost Tribes of Israel" in countries like Afghanistan, Pakistan, China, Arabia, and India but they never seem to look in Africa. The Ethiopian Jews and the Lemba Jews have been recognized by modern Jewry as having a connection to Ancient Israel but other African countries are often overlooked. Why is this? Jews today now boast to have "Israelite" heritage based on the "Cohen Model Haplogroup" genetic marker that they say links them to the High Priest Cohenite clan of Aaron, the brother of Moses. But what exactly is this "Cohen Model Haplogroup"? Who else in the world has it and is it really an "Israelite Genetic Marker" as they claim? In the Book, "Hebrews to Negroes 2: Volume 2, I dive in deep into the "world of genetics" to debunk the lies that has been spread about who we call "Jews" or the "Chosen People" today. Using Linguistics, Ancient written records from Arab historians, Craniometry, Tooth records, Ancient maps, Ancient archaeological relics, Ancient pictures, the Bible, Genetics and "Critical Thinking" one can find out the TRUTH about who the REAL ISRAELITES of the Bible are. It will tell us where we should be looking in regards to finding the "authentic" scattered "Children of Israel," not "outsiders" who have invaded Judea for the last 2,000 years and decided to convert to Judaism. In this Book many clues to our "many" questions about the Bible will be answered and explored. Such as: Who are the descendants of the Ancient Egyptians, Canaanites, Cushites and Phuttites today? Who are the "Original Arabs" and where are they at today? What is the connection between the Lemba Jews, African-Americans, Caribbean Blacks, Afro-Latinos and "Bantus" West/East

Africans? Who are the indigenous Native Amerindians? Are they descendants of Ham, Shem or Japheth? Are the Native Amerindians Israelites? Do Latinos have any "Israelite" heritage? Where did the 10 Lost Tribes of Northern Israel (Samaria) go after they were exiled in 700 B.C. and is there any DNA proof of this? Who were the Jews that were exiled from Spain and Portugal in 1492 A.D.' Were they "Black Jews" or "White Jews"? Who are the Sephardic Jews and are they "imposters" as well? Who were the Moors? Were they mixed with "Israelite Blood"? Can we trace the migration pattern of the Edomites? If so, where are the Edomites today and what nations of people can we find the "bloodline" of Edom in? How do we know that the Ashkenazi Jew, the Sephardic Jew and the Mizrahi Jew today are "Gentiles" and not "Jews"? Are there any Israelites in Asia or the Middle East? A LIE CANNOT LIVE FOREVER! It is time for "Black America" and the World to know the Truth!"

There is the famous last Pharaoh of Egypt, Cleopatra V11 of Egypt, and there is the richest man who ever lived, Emperor Mansa Musa of Mali. Khufu of Egypt's pyramid of Giza continues to confound scientists, while the warrior Queen Yaa Asantewaa shames men. These extraordinary representatives of a massive African and World civilization celebrate a shared humanity without borders. The story of each is skillfully crafted to make it as readable as a fine thriller, teachable, and enjoyable. Subsequent volumes comprising 90 more Monarchs will complete this fascinating narrative of the greatest African Kings and Queens.

The 100 Greatest Lies in physics is a follow-up to Ray Fleming's The Zero-Point Universe as he continues to explore the importance of zero-point energy to modern physics. Since before the start of this century, evidence has mounted that space is not empty. Space is filled with quantum vacuum fluctuations called zero-point energy, and this energy is a modern form of aether. Most of the physics of the past century, which led to today's standard model, fails to account for this modern aether. In relativity theory there are two types of relativity, one that includes aether and one that rejects it. Physicists choose poorly and wrongly champion the theory that rejects the modern aether. Even though many theories like this are now known to be invalid, physicists still cling to the physics of the past. The mainstream physics of the last century is a complete disaster due to physicists' failure to incorporate zero-point energy into their explanations of forces and every day phenomena. The 100 Greatest Lies in Physics catalogs many of the most

outrageous mistakes in physics in hopes that physicists will do their jobs and stop lying to everyone.

Great African-American Women in America history vol II

In the beginning, when God created the black man, He gave all his wisdom to his first creations without boundaries and fears. Unfortunately, for far too long, black men have been portrayed negatively in our society and by the daily rhetoric that surrounds us. In their comprehensive study compiled with facts, stories, and historical experiences, husband and wife team Mr. Michael and Ms. C illustrate to all black men that they should no longer feel degraded, but instead be bursting with pride about their heritage. Beginning with essays on life in Africa and the movement of the black man to the United States, Mr. Michael and Ms. C transition into issues concerning the contemporary African American community, providing a glimpse into the truth they hope will help black men gain a clearer vision of their race, others, and our planet. By encouraging black men to face racial hatred and demand respect, Mr. Michael and Ms. C lay a foundation intended to help all black men find the purpose of their existence. Also included are biographies of famous black men who overcame obstacles and changed the world. Why I Am So Proud to Be a Black Man shares the knowledge that can open the eyes, minds, and hearts of the African American community, enabling all to embrace God's first, primal purpose.

Lustily Ever After

Prophecy remains one of the ambiguities that need to be unlocked by critical philosophical thinking. The historicity of prophecy has suffered massive debates by different learned personages with some seeking to discredit the authenticity of the prophetic phenomena. Of central import is the African form of prophecy which, scholars tend to disagree over its roots, authenticity and historicity with much research being given to prove or disprove prophetic authority. This author seeks to prove the authentic standing of prophecy, with specific reference being attributed to the prophetic typology evident in the African prophetic circles. However, constant reference will be made to Israelite prophetic typology, origins and standing so that plausible comparison can be made and the exact classification of prophecy in Africa can be determined.

Gornia and Sarcus had been at peace for over a hundred years since the Great War, but peace wouldn't last much longer since the powerful black magician, Druck, took control of Sarcus from his weak father. Black Magic had been outlawed after the war, but Druck studied the dark arts in hiding with the help of an old councilman who wanted revenge against Gornia. Together, they renewed the

darkest of magic in order to put the entire world under the dark clouds of tyranny and slavery. Lord Nilet, the most powerful magician in Gornia, sensed the dark arts, and he made a "diplomatic" journey to Druck's castle to find out exactly what Druck was up to. He found the answers, but before he could slip away, Druck struck him with powerful magic, and the elderly magician had to protect himself from forces he had never seen before. Lord Nilet's entourage narrowly escaped Druck, and before the last guard died from an incineration spell, Lord Nilet was put into the hands of the local Healer and his son. How will Gornia survive Druck's wrath? It all begins in the small village of Heshire with a young Magician and an apprentice Healer. They don't know the challenges ahead. Friends will become enemies, spies are all around, and Druck's magic is deceptive and confusing. They have just a few days to take action, or Druck will run a dark spear through the heart of their country.

Rake provides short profiles of Africa's leaders and their main challengers. It concentrates on the presidents and military rulers in power and those most likely to replace them. Each profile has a short assessment of the character and career followed by a comprehensive life history. This is told in strict chronological order, on a country by country basis. The essential facts about each leader are featured in bold type at the beginning of each biography the leader's rank, date of birth, ethnicity, religion, and political party. More than a dry list of facts and dates, this volume includes insight, anecdote, comment, and a general assessment. The author has tried to show the part the leader has played in shaping the main events affecting his country during his time in office.

This chapbook is an exploration of a chronic condition that has followed me for a long time. The Black Dog, depression, has been with me all of my adult life, on and off. The Box of Frogs, anxiety, is a more recent acquisition over the last 25 years. Keeping the depression company, these two have been part of my life and relationships with everyone, especially my family and friends. I have come late to poetry, after dabbling as a literate teen, and I can only hope I have improved. This is a personal exploration of these feelings, and I hope that it will be of help to some to see them expressed in words on a page.

William Sydney Porter (September 11, 1862 - June 5, 1910), known by his pen name O. Henry, was an American short story writer. O. Henry's short stories are known for their wit, wordplay, warm characterization, and surprise endings. Cabbages and Kings (1904) Main article: Cabbages and Kings (literature) A series of stories which explore aspects of life in a paralytically sleepy Central American town, each advancing some aspect of the larger plot and relating back one to another in a complex structure. The larger, overriding plot slowly explicates its own background, even as it creates a town which is one of the most detailed literary creations of the period. In this book, O. Henry coined the term "banana republic".

As mothers of humanity and warrior queens, African women have played an extraordinary role in the civilization of mankind. The story of 7 amazing African Queens and Dynasties tracks the unsung heroics of powerful African women throughout history. The illustrious Kandakes of Nubia ably fought off and annihilated their enemies, leaving behind a lost civilization in the desert sands of Meroe. The Rain Queens of Southern Africa and their matrilineal rule inspired Sir Rider Haggard's bestselling book *The Adventures of She*, in print for over 100 years. Yaa Asantewaa of the Ashanti rallied frightened men into battle, while Nzinga of Matamba waged a protracted war for 30 years in defense of her kingdom. The list goes on and on. The chosen 7 Queens and Dynasties in this first volume is a foretaste of many more revelations to come. This amazing history of Africa, largely untold traces the common thread of humanity from the unrivaled ancient civilization of the Nile Valley to the world as we know it. The women who played an indispensable role are resurrected in this fantastic book.

African American Studies Molefi Kete Asante has used four criteria in his selection: the individual's significance in the general progress of African Americans toward full equality in the American social and political system; self-sacrifice and the demonstration of risk for the collective good; unusual will and determination in the face of the greatest danger or against the most stubborn odds; and personal achievement that reveals the best qualities of the African American people. In adopting these criteria Professor Asante has sought to steer away from the usual standards of popular culture, which often elevates the most popular, the wealthiest, or the most photogenic to the cult of celebrity. The individuals in this book - examples of lasting greatness as opposed to the ephemeral glare of celebrity fame - come from four centuries of African American history. Each entry includes brief biographical information, relevant dates, an assessment of the individual's place in African American history with particular reference to a historical timeline, and a discussion of his or her unique impact on American society. This book stands alongside "The Devil's Dictionary" as one of Bierce's finest achievements. This volume contains hundreds of fables that gleefully and energetically skewer hypocritical moralists, crooked politicians, un-holy holy men and other individuals and institutions. While Aesop taught lessons through his fables, Bierce seeks to underline the falseness, injustice and downright insanity of human society. Bierce is at his best when his jokes carry a social message, and "Fantastic Fables" does not disappoint.
