The Washington Post Index

NO LOGO was an international bestseller and "a movement bible" (The New York Times). Naomi Klein's second book, The Shock Doctrine, was hailed as a "master narrative of our time," and has over a million copies in print worldwide. In the last decade, No Logo has become an international phenomenon and a cultural manifesto for the critics of unfettered capitalism worldwide. As America faces a second economic depression, Klein's analysis of our corporate and branded world is as timely and powerful as ever. Equal parts cultural analysis, political manifesto, mall-rat memoir, and journalistic exposé, No Logo is the first book to put the new resistance into pop-historical and clear economic perspective. Naomi Klein tells a story of rebellion and self-determination in the face of our new branded world.

Adams Jobs Almanac 1998

InfoWorld is targeted to Senior IT professionals. Content is segmented into Channels and Topic Centers. InfoWorld also celebrates people, companies, and projects.

Men's Wear

This book deals with the exposing of various impostors and hoaxes. One of Bram Stoker's last works, it is a survey of various charlatans, rogues, and other practitioners of make-believe. With a cheerfully withering eye for their cons, Stoker introduces us to many famous fakers including: royal pretenders (such as Perkin Warbeck, who claimed King Henry VII's throne), the Wandering Jew, John Law, Arthur Orton, women masquerading as men, hoaxers, Chevalier D'eon, the Bisley Boys, and others.

United States Investor

For thousands of years, those who controlled and monitored society's finances-accountants-were often the most powerful, respected, and influential members of the community. From the collectors at communal granaries in the ancient Middle East to the scribes who monitored Queen Victoria's Exchequer, the accountant's role has been to preserve the integrity of financial systems. In the United States, twentieth-century accountants played a vital role in shaping the transparency of U.S. capital markets, counseling the Allies on financial matters in both world wars, advising Congress on the creation of the federal income tax, and inventing the concept of the gross national product. Yet by 2003, the reputation of the public accountant was in tatters. How did the accounting profession in America squander its legacy of public service? What happened to the accountants that presidents, senators, and captains of industry turned to for advice? Why did auditors stop looking for fraud? How did this once revered profession find itself in this unlikely and humiliating state?

The Current

Hornngren's Accounting presents the core content of the accounting course in a fresh format designed to help today's learner succeed. The often difficult and intimidating topics in introductory accounting courses are reinforced with a wide variety of exercises and problems allowing students to practice similar questions many times until the concepts are clear. Instructors are able to deliver their course with ease using any delivery method--traditional, self-paced, or online--and students will learn and practice accounting in a variety of ways that meet their learning needs and study preferences. Note: You are purchasing a standalone product; MyManagementLab does not come packaged with this content. Students, if interested in purchasing this title with MyManagementLab, ask your instructor for the correct package ISBN and Course ID. Instructors, contact your Pearson representative for more information. If you would like to purchase both the physical text and MyManagementLab, search for: 0134213106 / 9780134213101 Hornngren's Accounting, Volume 1, Tenth Canadian Edition Plus MyAccountingLab with Pearson eText -- Access Card Package, 10/e Package consists of: 0134180305 / 9780133855371 Hornngren's Accounting, Volume 1, Tenth Canadian Edition 0134308344 / 9780134180304 MyAccountingLab with Pearson eText -- Valuepack Access Card -- for Hornngren's Accounting, Volume 1, Tenth Canadian Edition
