The Gospel Discography

In his latest book, Sean Freyne draws on his detailed knowledge of Galilean society in the Roman period, based on both literary and archaeological sources, to give a fresh and provocative reading of the Jesus-story within its Galilean setting. Jesus, a

Jewish Galilean focuses on the religious as well as the social and political environment and examines the ways in which the Jewish religious experience had expressed itself in Galilee. It examines the ways in which the Jewish tradition in both the Pentateuch and the Prophets had constructed notions of an ideal Galilee. These provided the raw material for Jesus' own response to the issues of the day, from which he fashioned his own distinctive views of Israel's restoration and his own role in that project. Although Freyne is in touch with all recent scholarship about the historical Jesus, he brings his own distinctive take on the issues both with regard to Galilean society and Jesus' grounding in his own religious tradition. His Jesus is both Jewish and yet distinctive in his concerns and the ways in which he responds to the ecological, social and religious issues of his own time and place. Freyne seeks to retrieve the theological importance of Jesus' own message, something that has been lost sight of in the trend to present him primarily as a social reformer, while acknowledging the dangers of modernising Jesus.

The rising sun reminds us of Jesus Risen. He is the Way, the Truth, and the Life. He alone is the Way to our Father (John 14:6). Pilgrimage to Our Father's House was written to proclaim that the power of the Holy Spirit is still a powerful force in the Church. Here the Gospel is proclaimed in all of its richness and power. We also have many witnesses who have shared their testimonies in areas of personal conversion, forgiveness, healing, and subsequent ministry. This spiritual

awakening has empowered them to be credible and effective witnesses in testifying to and spreading the Good News. It has been the author's privilege for many years to have brought the light of Christ to our Father's family in the U.S., Europe, and in China. He is forever grateful to have experienced our Savior's mercy in his own life. The grace of forgiveness and healing has itself been a driving force for him to lead others on that awesome journey to Our Father's House. He prays that these pages will continue to encourage readers to a deeper personal conversion and evangelical outreach to others.

IT'S TIME Journey with Jesus from His Manger to His Mission: the Unrecorded Years
By: Charlotte Kramer Magdalene looked at Jesus and knew when she was in His presence there was something different about His character. There was a loving atmosphere that seemed to actually change the physical environment that surrounded Him. The grasses became greener, the blades became stronger, the blooms more colorful and the flowers smelled sweeter. Magdalene was caught up in an ethereal realm where she felt like she was too exquisite for the world she was in... and she was absolutely sure Jesus was too perfect for this world. She gazed at Him and she realized it was He who made her feel that way. It's Time gives the reader a greater understanding of conflicting politics on the lips of first-century Jerusalem citizens and Jewish principles in a Roman world. This book shines new

light on the Magi and their interpretation of the heavenly spheres as it pertained to the birth of Jesus and their duty to Jesus while He was a youth. It offers a broader understanding of Joseph of Arimathea and the role he played in the life of Jesus. Through this new light, the reader has a greater understanding of Jesus as a youth. The scriptures are silent on these missing years, and it is time to sift out a logical, although imaginary, life surrounding Jesus as a youth that He could have lived in the first-century world.

Evangelical Sunday School Lesson Commentary 2005-2006 HB

In *Beyond a Western Bioethics*, physicians Angeles Tan Alora and Josephine M. Lumitao join eight other contributors to provide a comprehensive exploration of bioethical issues outside of the dominant American and western European model. Using the Philippines as a case study, they address how a developing country's economy, religion, and culture affect the bioethical landscape for doctors, patients, families, and the society as a whole. American principles of medical ethics assume the primacy of individual autonomy, the importance of truth-telling, and secular standards of justice and morality. In the Philippines, these standards are often at odds with a culture in which family relationships take precedence over individualism, and ideas of community, friendship, and religion can deeply influence personal behavior. Pervasive poverty further complicates the equation. Contributors move from a general discussion of the moral vision informing health care decisions in the Philippines to an exploration of a wide range of specific cases: family planning, care of the elderly, organ transplants, death and dying, medical

research, AIDS care, doctor-patient relationships, informed consent, and the allocation of scarce health-care resources. Written for both students and professionals, the book provides a much-needed perspective on how medical ethics are practiced in a developing nation, and it successfully challenges the wisdom of global bioethical standards that do not account for local cultural and economic differences.

The Jesus Legend Traced in Egypt for Ten Thousand Years

A bibliography to help librarians identify and make effective use of biographical fiction. It cites 4,200 novels in which 1,500 historical figures appear as significant characters. The books included are English-language juvenile, young adult, and adult books published since 1940 (some pre-1940 titles are included if they have been reissued after that date). Individuals are included of both popular and scholarly interest, living and deceased, from all fields of endeavor. Annotation copyright by Book News, Inc., Portland, OR

Historical Figures in Fiction

Addressing what occurs after death has provoked discussion and debate in all societies. Now a leading researcher, teacher, and bestselling author in Bible prophecy and apologetics explores the question: Was the sense of immortality placed in our soul by God to teach humanity that our spirit was created to live in this world and the life to come?
