THE AMERICAN PAGEANT enjoys a reputation as one of the most popular, effective, and entertaining texts on American history. The colorful anecdotes, first-person quotations, and trademark wit bring American history to life. The 16th edition includes a major revision of Part Six (the period from 1945 to the present), reflecting recent scholarship and providing greater thematic coherence. The authors also condensed and consolidated material on the Wilson presidency and World War I (formerly Chapters 29 and 30) into a new single chapter. A new feature, "Contending Voices," offers paired quotes from original historical sources, accompanied by questions that prompt students to think about conflicting perspectives on controversial subjects. Additional pedagogical aids make THE AMERICAN PAGEANT accessible to students: part openers and chapter-ending chronologies provide a context for the major periods in American history, while other features present additional primary sources, scholarly debates, and key historical figures for analysis. Available in the following options: THE AMERICAN PAGEANT, Sixteenth Edition (Chapters 1-41); Volume 1: To 1877 (Chapters 1-22); Volume 2: Since 1865 (Chapters 22-41). Important Notice: Media content

## **Letter of Christopher Columbus to Rafael Sanchez**

Originally published by Oxford University Press in the 1890s, the famed Payne edition of SELECT WORKS OF BURKE is universally revered by students of English history and political thought. Volume 1 contains Burke's brilliant defense of the American colonists' complaints of British policy, including 'Thoughts on the Cause of the Present Discontents' (1770); 'Speech on American Taxation' (1774); and 'Speech on Conciliation' (1775). Volume 2 consists of Burke's renowned 'Reflections on the Revolution in France'. Volume 3 presents Burke's Four Letters on the Proposals for Peace with the Regicide Directory of France -- generally styled 'Letters on a Regicide Peace' (1795-1796). The 'Letters', Payne believed, deserve to "rank even before (Burke's) 'Reflections', and to be called the writer's masterpiece." Faithfully reproduced in each volume are E J Payne's notes and introductory essays. Francis Canavan, one of the great Burke scholars of the twentieth century, has added forewords and a biographical note on Payne. In the companion volume, 'Miscellaneous Writings', Canavan has collected seven of Burke's major contributions to English political thinking on representation in Parliament, on economics, on the political oppression of the peoples of India and Ireland, and on the enslavement of African blacks. The volume concludes with a select bibliography on Edmund Burke. The volumes complement the Liberty Fund editions of Burke's 'A Vindication of Natural Society', edited by Frank N Pagano, and 'Further Reflections on the Revolution in France', edited by Daniel E Ritchie.

If the thought of vacationing with your parents makes you cringe, fear no more! Help is here! *Planes, Canes, and Automobiles: Connecting with Your Aging Parents through Travel* is a gold mine of practical advice, funny anecdotes, and tales of triumphs and travails from Val Grubb, who has traveled more than 300,000 miles (and counting!) with her 84-year old mother over the past twenty years. When planning a recent trip overseas, however, Grubb realized that her mom's physical and mental capabilities had suddenly changed. Her mom now needed a wheelchair, for example, and was afraid to travel alone (even on short flights to meet her daughter for a long trip together). Grubb set out to find suggestions for handling these changes and after much research was struck by the lack of resources to help people plan vacations with an aging friend or family member. She couldn't find any comprehensive information that shed light on the nuances of globetrotting with aging parents.

A comprehensive study of the Eastern slave trade by an eminent British scholar A companion volume to The Black Diaspora, this groundbreaking work tells the fascinating and horrifying story of the Islamic slave trade. Islam's Black Slaves documents a centuries-old institution that still survives, and traces the business of slavery and its repercussions from Islam's inception in the seventh century,

through its history in China, India, Iran, Turkey, Egypt, Libya, and Spain, and on to Sudan and Mauritania, where, even today, slaves continue to be sold. Ronald Segal reveals for the first time the numbers involved in this trade--as many millions as were transported to the Americas--and explores the differences between the traffic in the East and the West. *Islam's Black Slaves* also examines the continued denial of the very existence of this sector of the black diaspora, although it survives today in significant numbers; and in an illuminating conclusion, Segal addresses the appeal of Islam to African-American communities, and the perplexing refusal of Black Muslim leaders to acknowledge black slavery and oppression in present-day Mauritania and Sudan. A fitting companion to Segal's previous work, *Islam's Black Slaves* is a fascinating account of an often unacknowledged tradition, and a riveting cross-cultural commentary.

A history of roaring prosperity—and economic cataclysm: “The one account of America in the 1920s against which all others must be measured” (The Washington Post). Beginning November 11, 1918, when President Woodrow Wilson declared the end of World War I in a letter to the American public, and continuing through his defeat, Prohibition, the Big Red Scare, the rise of women’s hemlines, and the stock market crash of 1929, *Only Yesterday*, published just two years after the crash, chronicles a decade like no other. Allen, who witnessed firsthand the events he describes, immerses you in the era of flappers, speakeasies, and early radio, making you feel like part of history as it unfolds. This bestselling, enduring account brings to life towering historical figures including J. Pierpont Morgan, Henry Ford, Sigmund Freud, Albert Einstein, Al Capone, Babe Ruth, and Jack Dempsey. Allen provides insightful, in-depth analyses of President Warren G. Harding’s oil scandal, the growth of the auto industry, the decline of the family farm, and the long bull market of the late twenties. Peppering his narrative with actual stock quotes and breaking financial news, Allen tracks the major economic trends of the decade and explores the underlying causes of the crash. From the trial of Nicola Sacco and Bartolomeo Vanzetti to the inventions, crazes, and revolutions of the day, this timeless work will continue to be savored for generations to come.
