Barbara Kingsolver's acclaimed international bestseller tells the story of an American missionary family in the Congo during a poignant chapter in African history. It spins the tale of the fierce evangelical Baptist, Nathan Price, who takes his wife and four daughters on a missionary journey into the heart of darkness of the Belgian Congo in 1959. They carry with them to Africa all they believe they will need from home, but soon find that all of it - from garden seeds to the King James Bible - is calamitously transformed on African soil. Told from the perspective of the five women, this is a compelling exploration of African history, religion, family, and the many paths to redemption. The Poisonwood Bible was nominated for the Pulitzer Prize in 1999 and was chosen as the best reading group novel ever at the Penguin/Orange Awards. It continues to be read and adored by millions worldwide.

George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While *1984* and *Animal Farm* are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a

wider selection of his writing on politics and literature to a new readership. In *Why I Write*, the first in the *Orwell's Essays* series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the 'four great motives for writing' – 'sheer egoism', 'aesthetic enthusiasm', 'historical impulse' and 'political purpose' – and considers the importance of keeping these in balance. *Why I Write* is a unique opportunity to look into Orwell's mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer's oeuvre. 'A writer who can – and must – be rediscovered with every age.' — *Irish Times*

Equality 7-2521 finds himself out of step with the collectivist society of the future, and discovers a means to freedom in Ayn Rand's fable of the individual in conflict with society. First published in 1938, *Anthem* takes place in a dystopian future world in which humanity is enduring a new dark age, human life is regimented in every respect and personal identity has been all but snuffed out by a totalitarian government. The narrator, writing his story in secret, realizes he is a criminal simply for having thoughts of his own. Exploring the ruins of a previous civilization he discovers relics, conducts forbidden experiments and learns enough to question the very structure of his society. Can he share this knowledge with his fellow

citizens? The author strips the relationship of humanity to civilization down to its bare essence in this modern parable that starkly illuminates the challenge an oppressive government presents to individuality. With an eye-catching new cover, and professionally typeset manuscript, this edition of Anthem is both modern and readable.

Summer isn't looking good for Alana Alcott, an urban teacher of gifted students. She's been court ordered to teach summer school with Outward Bound instructor Mike Reynolds. Their students? Five unruly foster kids whose stories of abandonment mirror Alana's own childhood more than she wants to admit. Mike, in particular, initially chafes on Alana's nerves. She sees him as an overgrown Boy Scout, promoting a nature-to-nurture philosophy that may or may not help their troubled students. And troubled they certainly are, with problems ranging from behavioral issues to a looming gang recruitment. As Mike and Alana struggle to help their young charges connect with nature in the bleak concrete landscape of the projects, the two teachers find themselves increasingly attracted to each other. The demands of their students, however, interrupt their blossoming romance at every turn. Alana, meanwhile, finds herself forced to confront her own past-and the mother who abandoned her. Over the course of one short summer, seven lives will change, for good or ill. If Mike and Alana can help it, their students will find hope

and direction. Doing so, however, may mean putting their own happiness on hold or sacrificing it forever.

With a supernatural undercurrent, *The Fourth Marker* is the story of an elderly man, Gabriel Townsend, whose spirit is being crushed between the metaphoric anvil of his pragmatic views and the falling hammer of his wife's pending death. The story revolves around a family, the Townsends, whose heritage is partly Native American. The United States' Indian Removal Act of 1830, which resulted in the Trail of Tears episode in American history, required all indigenous people, with few

exceptions, to leave their tribal lands in the southeast and east, along the eastern seaboard. Some Lenape (Delaware) tribal members on the Delmarva Peninsula as well as other areas in the east, defied the government and remained on their ancestral lands, hiding from authorities in the Great Pocomoke Forest, outlying islands, and swamps on the southern peninsula. A conscious decision to "hide in plain sight" or not, they eventually intermarried and bred with local whites, African-Americans, and mulattoes. Many families whose ties to Delmarva date back a hundred years or more share a heritage with those aboriginal people; however, the prejudice and racial bias of a bygone era caused many to ignore - even deny - their lineage. In the story, while a child on the family farm during the Great Depression, Gabe Townsend rejected legends of his Native American ancestors and ignored miraculous cures of family members. Gabe's half-breed grandfather, Noopah, tried to teach him tribal legends and the old ways, explaining that, after most Indians had been killed or driven from their lands by the Army and settlers, tribal elders returned to their lands in spirit form after their deaths. They dwelled at a sacred hill on the family's land and protected their descendants from early death and white man's diseases. During those years, three family members were cured of life-threatening diseases, but Gabe's mother blindly credited their recoveries to the nascent field of modern medicine. After each recovery, a person of evil character and not of tribal blood disappeared, followed by the mysterious appearance of a wood marker on the sacred tribal hill. Yet, despite those events and Noopah's words, Gabe adhered to his mother's intractable views. Now facing the loss of his

wife, he relives his childhood memories, guided by the spirit of his grandfather from beyond – well beyond – the grave. Finally understanding the truth of long ago, he decides to beg the tribal spirits to take his life in exchange for his wife's, aware that a fourth marker would signify his own life – and death. As Gabe's father noted, "some understand only what they see; others see only what they understand." The Fourth Marker highlights this most human of vices against the backdrop of Native American legends with ample helpings of farm life during the Great Depression.

The world is so busy making money and being entertained that few have noticed the evil that is prevalent in our society. The strife, wickedness and terrible influences that comes along with the money has generated a hunger for power that has disrupted our spiritual fabric. The godlessness of the American family is

the cause of the drug abuse epidemic, moral bankruptcy and wickedness in high places. However, all is not bleak. There is One who can deliver from the snare of the enemy. We know that God's love for humanity prompted Him to become human in order to accomplish what only He could do, in order to rescue mankind. Our sinful, spiritually wretched condition put us in jeopardy of eternal death and nothing short of the eternal creator could qualify us for redemption. This study on the identity of Jesus and His works will open your eyes to how He sees the need of man and will faithfully cleanse us of all unrighteousness if we will accept Him. Our past lives are forgiven, present lives saved from destructive behavior and our future is brighter. Simply say yes and join in this study program designed for individual or guided work group participation. In addition to questions and answer keys, the work book encourages personal reflection and offers the student the opportunity to accept Jesus Christ as Savior.

A Modest Proposal is a satirical essay written and published by Jonathan Swift. Swift suggests that the impoverished Irish might ease their economic troubles by selling their children as food for rich gentlemen and ladies. This satirical hyperbole mocks heartless attitudes towards the poor, as well as Irish policy in general. In English writing, the phrase "a modest proposal" is now conventionally an allusion to this style of straight-faced satire. Swift goes to great lengths to support his

argument, including a list of possible preparation styles for the children, and calculations showing the financial benefits of his suggestion. He uses methods of argument throughout his essay which lampoon the then-influential William Petty and the social engineering popular among followers of Francis Bacon. These lampoons include appealing to the authority of "a very knowing American of my acquaintance in London" and "the famous Psalmanazar, a native of the island Formosa." This essay is widely held to be one of the greatest examples of sustained irony in the history of the English language. Much of its shock value derives from the fact that the first portion of the essay describes the plight of starving beggars in Ireland, so that the reader is unprepared for the surprise of Swift's solution when he states, "A young healthy child well nursed, is, at a year old, a most delicious nourishing and wholesome food, whether stewed, roasted, baked, or boiled; and I make no doubt that it will equally serve in a fricassee, or a ragout." Readers unacquainted with its reputation as a satirical work often do not immediately realize that Swift was not seriously proposing cannibalism and infanticide. The satirical element of the pamphlet is often only understood after the reader notes the allusions made by Swift to the attitudes of landlords, such as the following: "I grant this food may be somewhat dear, and therefore very proper for Landlords, who as they have already devoured most of the Parents, seem to have the best Title to the Children." Swift extends the conceit to get in a few jibes at England's mistreatment of Ireland, noting that "For this kind of commodity will not bear exportation, and flesh being of too tender a consistence, to admit a long

continuance in salt, although perhaps I could name a country, which would be glad to eat up our whole nation without it."

"You can live on a shilling a day in Paris if you know how. But it is a complicated business." As a struggling writer in his twenties, Orwell lived as a down-and-out among the poorest members of society. In this, his early memoir, Orwell recalls with vivid clarity his time working as a penniless dishwasher in Paris, pawning clothes to buy a day's worth of bread and wine, sleeping in bug-infested bunks, trading survival skills and cigarette butts with fellow tramps, and trudging between London's workhouse spikes for a few hours' sleep and tea. With all of the sensitivity and compassion that Orwell is known and loved for, he exposed the hardships of

poverty and gave readers an unprecedented look at life lived on the fringes of society. This vivid account is an enduring call to support the world's most vulnerable people and exemplifies his belief that 'The greatest of evils and the worst of crimes is poverty.'

Late at night, I woke up to find my husband out of bed. Exploring the farmhouse, I found no lights; and the kids were still sounding asleep. Past the fields, I saw a ray of light shining coming out of the barn. I walked out there and opened the door. He wasn't abusive when we fell in love, I guess we all change in relationships; don't we? I never would have thought that ten years later, I'd be arrested for murder but here I was being fingerprinted and questioned under harsh lights! The truth is there is a fine line between love, passion and murder!

Anthem is a dystopian fiction novella by Ayn Rand, written in 1937, and first

published in 1938 in England. The story unfolds within a society in which all traces of individualism have been eliminated from every aspect of life—use of the word 'I' is a capital offense. The hero, a rebel who discovers that man's greatest moral duty is the pursuit of his own happiness, embodies the values the author embraced in her personal philosophy of objectivism—reason, ethics, volition, and individualism. Hailed by The New York Times as "a compelling dystopian look at paranoia from one of the most unique and perceptive writers of our time," this brief, captivating novel offers a cautionary tale.

Sixteen-year-old Max and 10-year-old Tessa were fully prepared for another horrible summer vacation. While they always hoped to go somewhere fun like Disney World or Universal Studios, they usually went somewhere weird and cheap that their father, former boy bander Don Masters, found in an ad in a truck stop coupon magazine. But this year was different. Where they went couldn't be found on any map or in any truck stop coupon book. They passed through a portal to a place called Turtle Island, an alternate version of America that diverged from our history before the pilgrims landed at Plymouth Rock. It was there where they met world famous action movie star Jordie Paine -- star of such films as *I Plan to Kill You Now* and the sequel, *I Plan to Kill You Now, Too*, the ninja film, *Chuck Butcher: Sword Wielding Jackal*, as well as the light-hearted romp, *Harry Hinklehoffer and the Giant Dancing Toad of East Nebraska* -- who would be their guide in this strange new world. Jordie, they later learned, brought the Masters family to Turtle Island for a very specific reason. Because they look just like the ruthless first family of Turtle Island, the Masters are pawns in a coup to overthrow the dictator. But things don't go as planned and the Masters wind up in the Survival Games, Turtle Island's national pastime/system of justice where criminals competitors, or crimpetitors, compete for their freedom. In this scifi comedy, the stakes are very simple -- if they win, they rule, if they lose, they must suffer the consequences.

### **Maiwa's Revenge**

George Orwell's triumphant first novel. Informed by his experiences as a police officer in Burma, the novel paints a vivid portrait of the waning days of British imperial rule, and the racism and corruption that ran rampant. It centres on John Flory, a European businessman in colonial Burma, disenfranchised by the bigotry he sees around him and his persistent feeling of being out of place. When he

meets Elizabeth Lackersteen, a beautiful, sensitive young woman, he thinks he has found a kindred spirit, but the picture of her in his mind may not prove to match the real person.
