Life as Kim and Krickitt Carpenter knew it was shattered beyond recognition on November 24, 1993. Two months after their marriage, a devastating car wreck left Krickitt with a massive head injury and in a coma for weeks. When she finally

awoke, she had no idea who Kim was. With no recollection of their relationship and while Krickitt experienced personality changes common to those who suffer head injuries, Kim realized the woman he had married essentially died in the accident. And yet, against all odds, but through the common faith in Christ that sustained them, Kim and Krickitt fell in love all over again. Even though Kim stood by Krickitt through the darkest times a husband can ever imagine, he insists, "I'm no hero. I made a vow." Now available in trade paper with a new chapter and photo insert, *The Vow* is the true story that inspired the major motion picture of the same name starring Rachel McAdams (*The Notebook*), Channing Tatum (*Dear John*), Sam Neill (*Jurassic Park*), and Academy Award winner Jessica Lange.

Rabindranath Tagore, also written Rabindranatha Thakura, (7 May 1861 - 7 August 1941), sobriquet Gurudev, was a Bengali polymath who reshaped Bengali literature and music, as well as Indian art with Contextual Modernism in the late 19th and early 20th centuries. Author of *Gitanjali* and its "profoundly sensitive, fresh and beautiful verse", he became the first non-European to win the Nobel Prize in Literature in 1913. In translation his poetry was viewed as spiritual and mercurial;

however, his "elegant prose and magical poetry remain largely unknown outside Bengal. Tagore introduced new prose and verse forms and the use of colloquial language into Bengali literature, thereby freeing it from traditional models based on classical Sanskrit. He was highly influential in introducing the best of Indian culture to the West and vice versa, and he is generally regarded as the outstanding creative artist of the modern Indian subcontinent, being highly commemorated in India and Bangladesh, as well as in Sri Lanka, Nepal and Pakistan.

Winner of the 2011 Man Booker Prize By an acclaimed writer at the height of his powers, The Sense of an Ending extends a streak of extraordinary books that began with the best-selling Arthur & George and continued with Nothing to Be Frightened Of and, most recently, Pulse. This intense new novel follows a middle-aged man as he contends with a past he has never much thought about—until his

closest childhood friends return with a vengeance, one of them from the grave, another maddeningly present. Tony Webster thought he'd left all this behind as he built a life for himself, and by now his marriage and family and career have fallen into an amicable divorce and retirement. But he is then presented with a mysterious legacy that obliges him to reconsider a variety of things he thought he'd understood all along, and to revise his estimation of his own nature and place in the world. A novel so compelling that it begs to be read in a single sitting, with stunning psychological and emotional depth and sophistication, *The Sense of an Ending* is a brilliant new chapter in Julian Barnes's oeuvre.

In May 1941 Lena Mukhina was an ordinary teenage girl, living in Leningrad, worrying about her homework and whether Vova - the boy she liked - liked her. Like a good Soviet schoolgirl, she was also diligently learning German, the language of Russia's Nazi ally. And she was keeping a diary, in which she recorded her hopes and dreams. Then, on 22 June 1941, Hitler broke his pact with Stalin and declared war on the Soviet Union. All too soon, Leningrad was besieged and life became a living hell. Lena and her family fought to stay alive; their city was starving and its citizens were dying in their hundreds of thousands. From day to dreadful day, Lena records her experiences: the desperate hunt for food, the bitter cold of the Russian winter and the cruel deaths of those she loved. A truly remarkable account of this most terrible era in modern history, The Diary of Lena Mukhina is the vivid first-hand testimony of a courageous young woman struggling simply to survive.

An enchanting collection of stories from the heartland of India Ruskin Bond's simple characters, living amidst the lush forests of the Himalayan foothills, are remarkable for their quiet heroism, courage and grace, and age-old values of honesty and fidelity. Residents of nondescript villages and towns, they lead lives that are touched by natural beauty as well as suffering—the loss of a loved parent, unfulfilled dreams, natural calamities, ghostly visitations, a respected teacher turned crooked, strangers who make a nuisance of themselves—which only reinforces their abiding faith in God, family and neighbour. Told in Bond's distinctive style, these stories are a magnificent evocation of an India that may be fast disappearing.

From the bestselling author of Happiness and co-editor of the annual World Happiness Report Most people now realise that economic growth, however desirable, will not solve all our problems. Instead, we need a philosophy and a science which encompasses a much fuller range of human need and experience. This book argues that the goal for a society must be the greatest possible all round happiness, and shows how each of us can become more effective creators of happiness, both as citizens and in our own organisations. Written with Richard Layard's characteristic clarity, it provides hard evidence that increasing happiness is the right aim, and that it can be achieved. Its language is simple, its evidence

impressive, its effect inspiring.

“There can be no vaulting over time,” thinks Urmila, the narrator of Shashi Deshpande’s profound and soul-stirring novel. “We have to walk every step of the way, however difficult or painful it is; we can avoid nothing.” After the death of her baby, Urmila finds her own path difficult to endure. But through her grief, she is drawn into the lives of two very different women—one her long-dead mother-in-law, a thwarted writer, the other a young woman who lies unconscious in a hospital bed. And it is through these quiet, unexpected connections that Urmi begins her journey toward healing. The miracle of *The Binding Vine*, and of Shashi Deshpande's deeply compassionate vision, is that out of this web of loss and despair emerge strand of life and hope—a binding vine of love, concern, and connection that spreads across chasms of time, social class, and even death. In

moving and exquisitely understated prose, Deshpande renders visible the extraordinary endurance and grace concealed in women's everyday lives.

Slavery in the South has been documented in volumes ranging from exhaustive histories to bestselling novels. But the North's profit from—indeed, dependence on—slavery has mostly been a shameful and well-kept secret . . . until now. In this startling and superbly researched new book, three veteran New England journalists demythologize the region of America known for tolerance and liberation, revealing a place where thousands of people were held in bondage and slavery was both an economic dynamo and a necessary way of life. Complicity reveals the cruel truth about the Triangle Trade of molasses, rum, and slaves that lucratively linked the North to the West Indies and Africa; discloses the reality of Northern empires built on profits from rum, cotton, and ivory—and run, in some cases, by abolitionists; and exposes the thousand-acre plantations that existed in towns such as Salem, Connecticut. Here, too, are eye-opening accounts of the individuals who profited directly from slavery far from the Mason-Dixon line—including Nathaniel Gordon of Maine, the only slave trader sentenced to die in the United States, who even as an inmate of New York's infamous Tombs prison was supported by a shockingly large percentage of the city; Patty Cannon, whose brutal gang kidnapped free blacks from Northern states and sold them into slavery; and the Philadelphia doctor Samuel Morton, eminent in the nineteenth-century field of "race science," which purported to prove the inferiority of African-born black people. Culled from long-ignored documents and reports—and bolstered by rarely seen photos, publications,

maps, and period drawings—Complicity is a fascinating and sobering work that actually does what so many books pretend to do: shed light on America's past. Expanded from the celebrated Hartford Courant special report that the Connecticut Department of Education sent to every middle school and high school in the state (the original work is required readings in many college classrooms,) this new book is sure to become a must-read reference everywhere.

## Inside the Hotel Rwanda

A survivor of the 1994 Rwandan genocide reveals what really went on at the famed Hotel des Mille Collines. In 2004, the Academy Award-nominated movie Hotel Rwanda lionized hotel manager Paul Rusesabagina for single-handedly saving the lives of all who sought refuge in the Hôtel des Mille Collines during the genocide against the Tutsi in 1994. Because of the film, the real-life Rusesabagina has been compared to Oskar Schindler. In this first-person account, survivor Edouard Kayihura tells his own personal story of what life was really like during those harrowing days within the walls of that infamous hotel, and offers the testimonies of others who survived there, from Hutu and Tutsi to UN peacekeepers. In the wake of Hotel Rwanda's international success, the author reveals, Rusesabagina is one of today's most well-known Rwandans—but has become the face of the very Hutu Power groups who drove the genocide. He is accused by the Rwandan prosecutor general of being a genocide negationist and funding the terrorist group Democratic Forces for the Liberation of Rwanda (FDLR). This book exposes the Hollywood hero as a profiteering and politically ambitious Hutu Power sympathizer who extorted money from those who sought refuge, threatening to send those who did not pay to the génocidaires, despite pleas from the hotel's corporate ownership to stop. Inside the Hotel Rwanda is at once a harrowing memoir, a critical deconstruction of

young Polish woman's life during the Holocaust, translated for the first time into English Renia Spiegel was born in 1924 to an upper-middle class Jewish family living in southeastern Poland, near what was at that time the border with Romania. At the start of 1939 Renia began a diary. "I just want a friend. I want somebody to talk to about my everyday worries and joys. Somebody who would feel what I feel, who would believe me, who would never reveal my secrets. A human being can never be such a friend and that's why I have decided to look for a confidant in the form of a diary." And so begins an extraordinary document of an adolescent girl's hopes and dreams. By the fall of 1939, Renia and her younger sister Elizabeth (née Ariana) were staying with their grandparents in Przemysl, a city in the south, just as the German and Soviet armies invaded Poland. Cut off from their mother, who was in Warsaw, Renia and her family were plunged into war. Like Anne Frank, Renia's diary became a record of her daily life as the Nazis spread throughout Europe. Renia writes of her mundane school life, her daily drama with best friends, falling in love with her boyfriend Zygmund, as well as the agony of missing her mother, separated by bombs and invading armies. Renia had aspirations to be a writer, and the diary is filled with her poignant and thoughtful poetry. When she was forced into the city's ghetto with the other Jews, Zygmund is able to smuggle her out to hide with his parents, taking Renia out of the ghetto, but not, ultimately to safety. The diary ends in July 1942, completed by Zygmund, after Renia is murdered by the Gestapo. Renia's Diary has been translated from the original Polish, and includes a preface, afterword, and notes by her surviving sister,

Elizabeth Bellak. An extraordinary historical document, Renia Spiegel survives through the beauty of her words and the efforts of those who loved her and preserved her legacy.

Harold Bloom, the doyen of American literary critics and author of *The Western Canon*, has spent a professional lifetime reading, writing about and teaching Shakespeare. In this magisterial interpretation, Bloom explains Shakespeare's genius in a radical and provocative re-reading of the plays. How to understand Shakespeare, whose ability so far exceeds his predecessors and successors, whose genius has defied generations of critics' explanations, whose work is of greater influence in the modern age even than the Bible? This book is a visionary summation of Harold Bloom's reading of Shakespeare and in it he expounds a brilliant and far-reaching critical theory: that Shakespeare was, through his

dramatic characters, the inventor of human personality as we have come to understand it. In short, Shakespeare invented our understanding of ourselves. He knows us better than we do: 'The plays remain the outward limit of human achievement: aesthetically, cognitively, in certain ways morally, even spiritually. They abide beyond the end of the mind's reach; we cannot catch up to them. Shakespeare will go on explaining us in part because he invented us ' In a chronological survey of each of the plays, Bloom explores the supra-human personalities of Shakespeare's great protagonists: Hamlet, Lear, Falstaff, Rosalind, Juliet. They represent the apogee of Shakespeare's art, that art which is Britain's most powerful and dominant cultural contribution to the world, here vividly recovered by an inspired and wise scholar at the height of his powers.

In *Going Solo*, the world's favourite storyteller, Roald Dahl, tells of life as a fighter pilot in Africa. 'They did not think for one moment that they would find anything but a burnt-out fuselage and a charred skeleton, and they were astounded when they came upon my still-breathing body lying in the sand nearby.' In 1938 Roald Dahl was fresh out of school and bound for his first job in Africa, hoping to find adventure far from home. However, he got far more excitement than he bargained for when the outbreak of the Second World War led him to join the RAF. His account of his experiences in Africa, crashing a plane in the Western Desert,

rescue and recovery from his horrific injuries in Alexandria, flying a Hurricane as Greece fell to the Germans, and many other daring deeds, recreates a world as bizarre and unnerving as any he wrote about in his fiction. 'Very nearly as grotesque as his fiction. The same compulsive blend of wide-eyed innocence and fascination with danger and horror' Evening Standard 'A non-stop demonstration of expert raconteurship' The New York Times Book Review Roald Dahl, the brilliant and worldwide acclaimed author of Charlie and the Chocolate Factory, James and the Giant Peach, Matilda, and many more classics for children, also wrote scores of short stories for adults. These delightfully disturbing tales have often been filmed and were most recently the inspiration for the West End play, Roald Dahl's Twisted Tales by Jeremy Dyson. Roald Dahl's stories continue to make readers shiver today.
