Speech is art, skill, and a field of study. Today, however, the rich tradition of speech communication studies is either reduced to a few quick mentions of Aristotle and Cicero, or at worst, lost altogether. Why have we forgotten where we come from, and more importantly, why are we not sharing those origins with our students? In this book, we bring that extensive tradition to the forefront of public speaking instruction while also maintaining the skills aspect of public speaking pedagogy. In short, we help you understand the "why" behind the "how" in effective public speaking. --Preface

The Speaker

The Parliament of the World's Religions opened on 11 September 1893 at the Art Institute of Chicago as part of the World's Columbian Exposition. On this day, Vivekananda gave a brief speech representing India and Hinduism. He was initially

nervous, bowed to Saraswati (the Hindu goddess of learning) and began his speech with "Sisters and brothers of America!". At these words, Vivekananda received a two-minute standing ovation from the crowd of seven thousand. According to Sailendra Nath Dhar, when silence was restored he began his address, greeting the youngest of the nations on behalf of "the most ancient order of monks in the world, the Vedic order of sannyasins, a religion which has taught the world both tolerance, of and universal acceptance". Vivekananda quoted two illustrative passages from the "Shiva mahimna stotram": "As the different streams having their sources in different places all mingle their water in the sea, so, O Lord, the different paths which men take, through different tendencies, various though they appear, crooked or straight, all lead to Thee!" and "Whosoever comes to Me, through whatsoever form, I reach him; all men are struggling through paths that in the end lead to Me." According to Sailendra Nath Dhar, "It was only a short speech, but it voiced the spirit of the Parliament." Parliament President John Henry Barrows said, "India, the Mother of religions was represented by Swami Vivekananda, the Orange-monk who exercised the most wonderful influence over his auditors". Vivekananda attracted widespread attention in the press, which called him the "cyclonic monk from India". The New York Critique wrote, "He is an orator by divine right, and his strong, intelligent face in its picturesque setting of yellow and orange was hardly less interesting than those earnest words, and the rich, rhythmical utterance he gave them". The New York Herald noted, "Vivekananda is undoubtedly the greatest figure in the Parliament of Religions. After hearing him we feel how foolish it is to send missionaries to this learned nation". American newspapers reported Vivekananda as "the greatest figure in the parliament of religions" and "the most popular and influential man in the parliament". The Boston Evening Transcript reported that Vivekananda was "a great favourite at the parliament if he merely crosses the platform, he is applauded". He spoke several more times "at receptions, the scientific section, and private homes" on topics related to Hinduism, Buddhism and harmony among religions until the parliament ended on 27 September 1893. Vivekananda's speeches at the Parliament had the common theme of universality, emphasising religious tolerance. He soon became known as a "handsome oriental" and made a huge impression as an orator.

The Art of Public Speaking

"In eleventh grade, John Bowe's cousin Bill asked a classmate to prom. She said no. Bill responded by moving to the family basement--and staying there for the next forty-three years. But in 1992, at the age of fifty-nine, Bill surprised everyone who knew him: he got married. Bowe learned that Bill credited his turnaround to a nonprofit club he'd joined called Toastmasters International. Fascinated by the idea that speech training seemed to foster the kind of psychological well-being more commonly sought through expensive psychiatric treatment, and intrigued by the notion that words could serve as medicine--healing the shy, connecting the disconnected, and mending our frayed social fabric--Bowe sets out to learn for himself what he'd gathered from so many others: when you learn to speak in public, you undergo a profound transformation that has very little to do with standing at a podium"--

In this new work, renowned feminist filmmaker and postcolonial theorist Trinh T. Minh-ha offers a lyrical, philosophical meditation on the global state of endless war and the violence inflicted by the imperial need to claim victory. She discusses the rise of the police state as linked, for example, to U.S. military intervention in Iraq and Afghanistan, or to China’s occupation of Tibet, examining legacies of earlier campaigns and the residual effects of the war on terror. She also takes up the shifting dynamics of peoples’ resistance to acts of militarism and surveillance as well as social media and its capacity to inform and mobilize citizens around the world. At once an engaging treatise and a creative gesture, *Lovecidal* probes the physical and psychic conditions of the world and shows us a society that is profoundly heartsick. Taking up with those who march both as and for the oppressed—who walk with the disappeared to help carry them forward—Trinh T. Minh-ha engages the spiritual and affective dimensions of a civilization organized around the rubrics of nonstop governmental subjugation, economic austerity, and highly technologized military conflict. In doing so, she clears a path for us to walk upon. Along with our every step, the world of the disappeared lives on.

This stunning companion to Kate Atkinson's #1 bestseller *Life After Life*, "one of the best novels I've read this century" (Gillian Flynn), follows Ursula's brother Teddy as he navigates an unknown future after a perilous war. "He had been reconciled to death during the war and then suddenly the war was over and there was a next day and a next day. Part of him never adjusted to having a future." Kate Atkinson's dazzling *Life After Life* explored the possibility of infinite chances and the power of choices, following Ursula Todd as she lived through the turbulent events of the last century over and over again. *A God in Ruins* tells the dramatic story of the 20th Century through Ursula's beloved younger brother Teddy -- would-be poet, heroic pilot, husband, father, and grandfather -- as he navigates the perils

and progress of a rapidly changing world. After all that Teddy endures in battle, his greatest challenge is living in a future he never expected to have. An ingenious and moving exploration of one ordinary man's path through extraordinary times, *A God in Ruins* proves once again that Kate Atkinson is one of the finest novelists of our age.

In *The Art of Rhetoric*, Aristotle demonstrates the purpose of rhetoric—the ability to convince people using your skill as a speaker rather than the validity or logic of

your arguments—and outlines its many forms and techniques. Defining important philosophical terms like ethos, pathos, and logos, Aristotle establishes the earliest foundations of modern understanding of rhetoric, while providing insight into its historic role in ancient Greek culture. Aristotle's work, which dates from the fourth century B.C., was written while the author lived in Athens, remains one of the most influential pillars of philosophy and has been studied for centuries by orators, public figures, and politicians alike.
