Petroleum Geology of Libya, Second Edition, systematically reviews the exploration history, plate tectonics, structural evolution, stratigraphy, geochemistry and petroleum systems of Libya, and includes valuable new chapters on oil and gas fields, production, and reserves. Since the previous edition, published in 2002, there have been numerous developments in Libya, including the lifting of sanctions, a new licensing system, with licensing rounds in 2004, 2005, 2006, and 2007, many new exploratory wells, discoveries and field developments, and a change of regime. A large amount of new data has been published on the geology of Libya in the past fourteen years, but it is widely scattered through the literature. Much of the older data has been superseded, and several of the key publications, especially those published in Libya, are difficult to access. This second edition provides an updated source of reference which incorporates much new information, particularly on petroleum systems, reserves, oil and gas fields, play fairways, and remaining potential. It presents the results of recent

research and a detailed description of Libyan offshore geology. The book includes an extensive and comprehensive bibliography. Presents over 180 full colour illustrations including maps, diagrams and charts, illustrating the key concepts in a clear and concise manner Authored by two recognized world authorities on geology in Libya, with over 40 years' experience in Libya between them Provides an expanded and updated version of the bestselling previous edition, nicknamed the Explorationist's Bible Lays the foundation for the post-revolution exploration age in Libya

Written over the course of 2 years, Sunset Lavender reinvents the language of flowers. Broken up into 3 categories: flowers for loss, flowers for survival, and flowers for love, you are taken on a journey of self-discovery outside of the relationships that define us. By the end, one thing is made blatantly clear: forgiveness starts when we finally give it to ourselves.

## **Your Money, Your Marriage**

New Tools to Overcome the Human Barriers to Change Leaders know that their job is to transform their organizations to keep pace with technology and an ever-changing business environment. They also know that they are bound to fail in doing so. But this discouraging prospect is not because they won't be able to solve a technological or strategic problem. Leaders will fail because of intractable human responses associated with change--responses such as fear, ingrained habits, politics, incrementalism, and lack of imagination. These stumbling blocks always arise when we humans are faced with change, but what if we had a way to transcend them? This book reveals a radical new method for doing just that. Written by the executive who designed and implemented it, the neuroscientist who helped make it work, and the academic who explains why it works and how to do it, *Leading Transformation* introduces an innovative yet proven process for creating breakthrough change. Divided into three steps--envisioning the possible, breaking down resistance, and prototyping the future--this process uses cutting-edge tools such as science fiction, cartoons, rap music, artifact trails, and neuroprototypes to overcome people's inability to imagine or react to what doesn't yet exist, override powerful habits and routines that prevent them from changing, and create compelling narratives about the organization's future and how to get there. Showing how these tools have been used successfully by companies such as Lowe's, Walmart, Pepsi, IKEA, Google, Microsoft, and others, the process revealed in this book gives leaders the means to transcend the

human barriers that block change and lead their organizations confidently into the future.

## **Janey the Vet**

The "virgin Bachelor" Sean Lowe reveals the challenges of finding love while championing his Christian convictions in the morally complex world of reality TV. After *The Bachelorette* broke his heart, Sean Lowe suspected his "nice guy" image hurt him. The show never emphasized it, but Sean committed to living according to biblical standards of sexuality, even as producers emphasized the risqué and

promiscuous. A Texas boy from a Baptist home, Sean tells the story of how he went from a Division I college football player to a fan favorite on reality television, taking readers behind the scenes of *The Bachelor* and *The Bachelorette* to see the challenges of living out his values and faith—and ultimately winning his true love’s heart. *For the Right Reasons* is about the journeys we all have to take in the real world, where being “good” is the right thing to do but sometimes doesn’t seem to be enough; where betrayal is commonplace; and where that thing called perfection is actually just a cruel myth. Sean learned a few things from his two seasons on the hottest romance shows on television, and he wants others to benefit from those lessons: good does eventually win, lies will be discovered, and “nice guys” do ultimately finish first.

## **Class Leaders**

In 1988, The General Conference of the United Methodist Church restored class leaders and class meetings to the Book of Discipline after an absence of fifty years. In this volume, David Lowes Watson explains what the recovery of this tradition can mean for congregations, and offers some guidelines for the revitalized office of class leader. Adapting the later Methodist class meeting as a pastoral subdivision of the congregation, Watson shows how class leaders, under the supervision of the pastor, can nurture the discipline of other church members in light of a “General Rule of Discipline” derived from the early Methodist societies: “To witness to Jesus Christ in the

world, and to follow his teachings through acts of compassion, justice, worship, and devotion, under the guidance of the Holy Spirit.Ó This volume is the second in a trilogy : Covenant Discipleship, Class Leaders, and Forming Christian Disciples.

## **Foundations and Concrete Work**

On the heels of his New York Times bestselling *Stories I Only Tell My Friends*, Rob Lowe is back with an entertaining collection that “invites readers into his world with easy charm and disarming frankness” (Kirkus Reviews). After the incredible response to his acclaimed bestseller, *Stories I Only Tell My Friends*, Rob Lowe was convinced to mine his experiences for even more stories. The result is *Love Life*, a memoir about men and women, actors and producers, art and commerce, fathers and sons, movies and TV, addiction and recovery, sex and love. Among the adventures he describes in these pages are:

- His visit, as a young man, to Hugh Hefner’s Playboy Mansion, where the naïve actor made a surprising discovery in the hot tub.
- The time, as a boy growing up in Malibu, he discovered a vibrator belonging to his best friend’s mother.
- What it’s like to be the star and producer of a flop TV show.
- How an actor prepares, for *Californication*, *Parks and Recreation*, and numerous other roles.
- His hilarious account of coaching a kid’s basketball team dominated by helicopter parents.
- How his great, great, great, great, great grandfather may have inspired everything from his love of *The West Wing* to his taste in classic American architecture.
- His first visit to

college, with his son, who is going to receive the education his father never got. · The time a major movie star stole his girlfriend. Linked by common themes and his philosophical perspective on love—and life—Lowe’s writing “is loaded with showbiz anecdotes, self-deprecating tales, and has a general sweetness” (New York Post).

The poems in *An Honest Hunger* evince this kind of hunger for God, which is why they can't resist wisecracks, even about God, even in the midst of suffering—especially in the midst of suffering. The poems, in forms ranging from free verse to sonnets, arise from diverse topics and occasions—coming of age and aging, family, mortality, faith, doubt, cosmology, wildlife, small towns, marketing, poetry, organized religion, fishing, and gardening. At times poignant, at times buoyant, the collection risks irreverence for the sake of authentic reverence. As the poem “Big Weepy” explains: “Judgment Day is a big joke in the right light./The laughter knocks you down to your knees.”

## **The Greek View of Life**

'Janey is like a whirlwind of selflessness. A beautiful spirit in a beautiful country doing a beautiful thing. I encourage my children to be more 'Janey'. With more positive spirits like Janey, the world would be a better

place.' - Ben Fogle In 2014 and in her mid-twenties, Janey Lowes had been a vet for just two years when she left her home in County Durham and went travelling. Visiting Sri Lanka, she was horrified to see the state of so many of the island's dogs, in particular the three million strays. Over 5,000 miles from home, Janey decided there and then that she was going to move to the island indefinitely and do everything within her power to help them. She raised £10,000 to get started, setting up a charity called WECare Worldwide, and began work. Frightened, determined and excited all at the same time, she found a local who was willing to work with her and began scouring the streets for dogs in need. Some she patched up as best she could at the roadside, others she brought back and treated in a make-shift surgery she had cobbled together in her new home. With very little equipment, she and her small team came up with new and ingenious ways to treat the animals. In this highly inspiring and heartfelt book full of challenges and adventure, Janey introduces us to her world and the tireless work she carries out. As she says, 'I feel as though all these dogs are my dogs and I have a responsibility to them.' In it, we meet many of the colourful characters who have come to offer help, along with innumerable street dogs who have suffered all sorts of trauma and injury, only to be scooped up by Janey and her team and saved.

It will be of interest to pre-hospital care doctors and trainees, especially those studying for the GNAAS course. Pre-Hospital Anaesthesia is one of the most demanding interventions that can be made in the field. Equally it is certain that anyone undertaking it should have clear instruction in the technique and a thorough understanding of all it entails.

## **Pre-Hospital Anesthesia Handbook**

A wryly funny and surprisingly moving account of an extraordinary life lived almost entirely in the public eye. A teen idol at fifteen, an international icon and founder of the Brat Pack at twenty, and one of Hollywood's top stars to this day, Rob Lowe chronicles his experiences as a painfully misunderstood child actor in Ohio uprooted to the wild counterculture of mid-seventies Malibu, where he embarked on his unrelenting pursuit of a career in Hollywood. The Outsiders placed Lowe at the birth of the modern youth movement in the entertainment industry. During his time on *The West Wing*, he witnessed the surreal nexus of show business and politics both on the set and in the actual White House. And in

between are deft and humorous stories of the wild excesses that marked the eighties, leading to his quest for family and sobriety. Never mean-spirited or salacious, Lowe delivers unexpected glimpses into his successes, disappointments, relationships, and one-of-a-kind encounters with people who shaped our world over the last twenty-five years. Rob Lowe's New York Times bestselling autobiography, *Stories I Only Tell My Friends*, shares tales that are as entertaining as they are unforgettable.
