All the Light We Cannot See

The author describes the four heroic archetypes - Sovereign, Warrior, Seer, Lover - and the antiheroic archetypes associated with each of them."--BOOK JACKET.

Archetypes at Work

Reflects on the topic of the archetype in psychotherapy, focusing on the myth of the hero's journey and how each archetype can be used by therapists to help their patients as well as themselves.

Cardinal Jean-Marie Lustiger on Christians and Jews

A brand's meaning—how it resonates in the public heart and mind—is a company's most valuable competitive advantage. Yet, few companies really know how brand meaning works, how to manage it, and how to use brand meaning strategically. Written by best-selling author Carol S. Pearson (*The Hero Within*) and branding guru Margaret Mark, this groundbreaking book provides the illusive and compelling answer. Using studies drawn from the experiences of Nike, Marlboro, Ivory and other powerhouse brands, the authors show that the most successful brands are those that most effectively correspond to fundamental patterns in the unconscious mind known as archetypes. The book provides tools and strategies to:

- Implement a proven system for identifying the most appropriate and leverageable archetypes for any company and/or brand
- Harness the power of the archetype to align corporate strategy to sustain competitive advantage

The Book of Forgiving

"The heroic quest is about saying 'yes' to yourself and in so doing, becoming more fully alive and more effective in the world. . . . The quest is replete with dangers and pitfalls, but it offers great rewards: the capacity to be successful in the world, knowledge of the mysteries of the human soul, and the opportunity to find and express your unique gifts in the world." In this bold and original work, Carol S. Pearson shows that the heroic quest isn't just for certain people under special circumstances. Exploring the many heroic paths available to each of us, at every point in our lives, her innovative program enables us to live heroically by activating and applying twelve archetypes in our lives. This companion to the bestselling *The Hero Within* outlines twelve archetypal patterns that can aid inner development and the quest for wholeness. These archetypes are inner guides that can help us prepare for the journey, by learning how to become successful members of society; embark upon the quest, by becoming initiated into the mysteries of the human soul; and return to transform our lives as a result of claiming our uniqueness and personal power. Writing for individuals seeking to realize their full potential and professionals engaged in empowering others, Pearson shows how journeys differ by the age, gender, and cultural background of the seeker, and how archetypes help awaken the capacities of our psyches. A unique diagnostic test, the Heroic Myth Index, and exercise are included to help us understand and awaken our inner guides.

How Bad Writing Destroyed the World

WINNER OF THE PULITZER PRIZE From the highly acclaimed, multiple award-winning Anthony Doerr, the beautiful, stunningly ambitious instant New York Times bestseller about a blind French girl and a German boy whose paths collide in occupied France as both try to survive the devastation of World War II. Marie-Laure lives with her father in Paris near the Museum of Natural History, where he works as the master of its thousands of locks. When she is six, Marie-Laure goes blind and her father builds a perfect miniature of their neighborhood so she can memorize it by touch and navigate her way home. When she is twelve, the Nazis occupy Paris and father and daughter flee to the walled citadel of Saint-Malo, where Marie-Laure's reclusive great-uncle lives in a tall house by the sea. With them they carry what might be the museum's most valuable and dangerous jewel. In a mining town in Germany, the orphan Werner grows up with his younger sister, enchanted by a crude radio they find. Werner becomes an expert at building and

fixing these crucial new instruments, a talent that wins him a place at a brutal academy for Hitler Youth, then a special assignment to track the resistance. More and more aware of the human cost of his intelligence, Werner travels through the heart of the war and, finally, into Saint-Malo, where his story and Marie-Laure's converge. Doerr's "stunning sense of physical detail and gorgeous metaphors" (San Francisco Chronicle) are dazzling. Deftly interweaving the lives of Marie-Laure and Werner, he illuminates the ways, against all odds, people try to be good to one another. Ten years in the writing, a National Book Award finalist, *All the Light We Cannot See* is a magnificent, deeply moving novel from a writer "whose sentences never fail to thrill" (Los Angeles Times).

The House on Mango Street

Archbishop Desmond Tutu, Nobel Peace Prize winner, Chair of The Elders, and Chair of South Africa's Truth and Reconciliation Commission, along with his daughter, the Reverend Mpho Tutu, offer a manual on the art of forgiveness—helping us to realize that we are all capable of healing and transformation. Tutu's role as the Chair of the Truth and Reconciliation Commission taught him much about forgiveness. If you asked anyone what they thought was going to happen to South Africa after apartheid, almost universally it was predicted that the country would be devastated by a comprehensive bloodbath. Yet, instead of revenge and retribution, this new nation chose to tread the difficult path of confession, forgiveness, and reconciliation. Each of us has a deep need to forgive and to be forgiven. After much reflection on the process of forgiveness, Tutu has seen that there are four important steps to healing: Admitting the wrong and acknowledging the harm; Telling one's story and witnessing the anguish; Asking for forgiveness and granting forgiveness; and renewing or releasing the relationship. Forgiveness is hard work. Sometimes it even feels like an impossible task. But it is only through walking this fourfold path that Tutu says we can free ourselves of the endless and unyielding cycle of pain and retribution. *The Book of Forgiving* is both a touchstone and a tool, offering Tutu's wise advice and showing the way to experience forgiveness. Ultimately, forgiving is the only means we have to heal ourselves and our aching world.

Invisible Forces II

One of the most influential works of this century, The Myth of Sisyphus and Other Essays is a crucial exposition of existentialist thought. Influenced by works such as Don Juan and the novels of Kafka, these essays begin with a meditation on suicide; the question of living or not living in a universe devoid of order or meaning. With lyric eloquence, Albert Camus brilliantly posits a way out of despair, reaffirming the value of personal existence, and the possibility of life lived with dignity and authenticity.

Nautilus Award Winner In this empowering work, the bestselling author of *The Hero Within* and *Awakening the Heroes Within* speaks to the heroine in every woman, offering potent strategies to forge lives of greater happiness and fulfillment—through activating the archetypes inherent in the ancient Greek myth of Demeter and Persephone. Our era of professional and familial pressures, constant connection, and a renewed debate on “having it all” presents unprecedented challenges to contemporary women. In *Persephone Rising*, celebrated scholar of depth psychology and archetypes Carol S. Pearson brings a fresh vision for meeting those challenges and rising above them, as only she can. Drawing on her profound understanding of myth's enduring power to catalyze transformations, Pearson guides readers on a journey of self-discovery, teaching us how to activate and apply the archetypes of Demeter and Persephone, as well as Zeus and Dionysus, in our own lives—empowering readers to see the unexpected choices and opportunities available to us all. Illuminating ancient wisdom for a modern audience, *Persephone Rising* offers meaningful and effective strategies to answer the call to heroism in our own lives: to locate and harness the unique potential within each of ourselves, and ultimately to develop our own innate heroic gifts. Just as Demeter and Persephone discovered, in the midst of great difficulty, their own powers, gifts, and abilities for creating a better path not only for themselves, but the world, *Persephone Rising* teaches that each one of us has more options than choosing whether to lean in or out—we have the power to change ourselves, and thus our world.

Energy and Personal Power

Discover your own hero's journey and how to encourage others on their paths to self-understanding. In *Depth Coaching*, author Pat Adson explores the skills and attitudes needed to assist people in developing their full potential. As a detailed guide for therapists, life coaches and any one interested in helping others on the journey, this book provides the tools for an intense study of personal developmental issues. Based on the work of Carol Pearson, co-developer of the "Pearson-Marr Archetype Indicator" instrument, *Depth Coaching* emphasizes the practice of positive psychology based on development rather than disease. Each section of the journey contains a workbook. Initially resisting the call to become a "life" coach, author and psychologist Pat Adson discovered the rewarding benefits of helping others explore paths to meaning and balance. She notes, however, that this is a vocation undertaken only after one has fulfilled his or her own journey. Inspired by Carol Pearson's work with self-development through archetypes, Adson set out to explore her own "hero's journey." The result of her exploration is this step-by-step guide created for all who wish to take the journey or to coach others on their paths. "Coaching as a discipline," Adson tells readers, "is a client-centered way of working with individuals to help them achieve their goals, balance their lives, and attain fulfillment. Coaching focuses on clients' lifelong development rather than the remediation of past wounds. The coach and client collaborate as partners or peers in a relationship that is symmetric rather than paternalistic. Therapists, educators, and spiritual leaders will find Adson's methods useful in developing their own strengths as well as encouraging clients toward embarking on their personal journeys. Individuals and anyone who wishes to support themselves or others through growth and development will also find this work enlightening and helpful.
