There is much discussion today about how we are to understand the life of Jesus in the Gospels. What was Jesus doing between his birth and death and how does this relate to salvation? This book corrects the Christian tendency to minimize the life of Jesus, explaining why the Gospels include much more than the Passion narratives. Brandon Crowe argues that Jesus is identified in the Gospels as the last Adam whose obedience recapitulates and overcomes the sin of the first Adam. Crowe shows that all four Gospels present Jesus's obedient life as having saving significance.

Reinterpreting Mark through sermons preached out of very different socio-cultural contexts, Blount draws parallels between Mark's message and the African American church's heritage of slavery and oppression while Charles wrestles with making the Gospel relevant to well-educated white suburbanites. Each chapter begins with an exegetical study and sermon by one author. Then, the other preacher responds from his own context, offering a different view of the text.

Chosen by God by Dr. R. C. Sproul is a contemporary classic on predestination, a doctrine that isn't just for Calvinists, says Sproul. It is a doctrine for all biblical Christians. In this updated and expanded edition of Chosen by God, Sproul shows that the doctrine of predestination doesn't create a whimsical or spiteful picture of God, but paints a portrait of a loving God who provides redemption for radically corrupt humans. We choose God because he has opened our eyes to see his beauty; we love him because he first loved us. There is mystery in God's ways, but not contradiction.

Russia under Vladimir Putin has proved a prickly partner for the West, a far cry from the democratically many hoped for when the Soviet Union collapsed. Abroad, he has used Russia's energy might as a foreign policy weapon, while at home he has cracked down on opponents, adamant that only he has the right vision for his country's future. Former BBC Moscow correspondent Angus Roxburgh charts the dramatic fight for Russia's future under Vladimir Putin - how the former KGB man changed from reformer to autocrat, how he sought the West's respect but earned its fear, how he cracked down on his rivals at home and burnished a flamboyant personality cult, one day saving snow leopards or horse-back riding bare-chested, the next tongue-lashing Western audiences. Drawing on dozens of exclusive interviews in Russia, where he worked for a time as a Kremlin insider advising Putin on press relations, as well as in the US and Europe, Roxburgh also argues that the West threw away chances to bring Russia in from the cold, by failing to understand its fears and aspirations following the collapse of communism.

## **Binding the Strongman Over Americ**

This collection introduces and explores "watershed discipleship" as a critical, contextual, and constructive approach to ecological theology and practice, and features emerging voices from a generation that has grown up under the shadow of climate catastrophe. Watershed Discipleship is a "triple entendre" that recognizes we are in a watershed historical moment of crisis, focuses on our intrinsically bioregional locus as followers of Jesus, and urges us to become disciples of our watersheds. Bibliographic framing essays by Myers trace his journey into a bioregionalist Christian faith and practice and offer reflections on incarnational theology, hermeneutics, and ecclesiology. The essays feature more than a dozen activists, educators, and practitioners under the age of forty, whose work and witness attest to a growing movement of resistance and reimagination across North America. This anthology overviews the bioregional paradigm and its theological and political significance for local sustainability, restorative justice, and spiritual renewal. Contributors reread both biblical texts and churchly practices (such as mission, baptism, and liturgy) through the lens of "re-placement." Herein is a comprehensive and engaged call for a "Transition church" that can help turn our history around toward environmental resiliency and social justice, by passionate advocates on the front lines of watershed discipleship. words and commands of Jesus as recorded in the New Testament, many mainstream Christian ethicists would say that Jesus is too concrete or narrowly particular to have any direct import for ethics. In this book, Williams Spohn takes a middle way, showing how Jesus is the "concrete universal" of Christian ethics. By forming a bridge from the lives of contemporary Christians to the words and deeds of Jesus, Jesus' story as a whole exemplifies moral perception, motivation and Christian identity. In addition, Spohn shows how the practices of Christian spirituality--specifically prayer, service, and community--train the imagination and reorient emotions to produce a character and a way of life consonant with Christian New Testament moral teaching.

In poised and elegant prose, Kathryn Harrison weaves in *The Binding Chair*; or, *A Visit from the Foot Emancipation Society* a stunning story of women, travel, and flight; of love, revenge, and fear; of the search for home and the need to escape it. Set in alluring Shanghai at the turn of the century, *The Binding Chair* intertwines the destinies of a Chinese woman determined to forget her past and a Western girl focused on the promises of the future. Beautiful, charismatic, destructive, May escapes an arranged marriage in rural nineteenth-century China for life in a Shanghai brothel, where she meets Arthur, an Australian whose philanthropic pursuits lead him into one scrape after another. As a member of the Foot Emancipation Society, Arthur calls on May not for his pleasure but for her rehabilitation, only to find himself immediately and helplessly seduced by the sight of her bound feet. Reforming May is out of the question, so love-struck Arthur marries her instead and brings her home to live with him, his sister and brother-in-law, and their two girls, Alice and Cecily. In Alice, May sees the possibility of redemption: a surrogate for a child she has lost. And it is to May that Alice turns for the love her own mother withholds. But when the

By turns shocking, exquisite, and hilarious, The Binding Chair is another spellbinding literary triumph by the writer whose work Michiko Kakutani of The New York Times has called "powerful and hypnotic."
