Do Unto Animals

When Bird gets hit on the head while playing ball, his friends have many suggestions to try to make him feel better.

Making Puppets Come Alive

The “beautiful” novel that inspired the film starring David Bowie, from a Nebula Award finalist (The New York Times). The Man Who Fell to Earth tells the story of Thomas Jerome Newton, an alien disguised as a human who comes to Earth on a mission to save his people. Devastated by nuclear war, his home planet, Anthea, is no longer habitable. Newton lands in Kentucky and starts patenting Anthean technology—amassing the fortune he needs to build a spaceship that will bring the last three hundred Anthean survivors to Earth. But instead of the help he seeks, he finds only self-destruction, sinking into alcoholism and abandoning his spaceship, in this poignant story about the human condition by the acclaimed author of Mockingbird. “Beautiful science fiction . . . The story of an extraterrestrial visitor from another planet is designed mainly to say something about life on this one.” —The New York Times “An utterly realistic novel about an alien human on Earth . . . Realistic enough to become a metaphor for something inside us all, some existential loneliness.” —Norman Spinrad, author of The Iron Dream “Those who know The Man Who Fell to Earth only from the film version are missing something. This is one of the finest science fiction novels of its period.” —J. R. Dunn, author of This Side of Judgment

Pretty Birds

Wild Animal Paper Bag Puppets

A nurturing mama bird, a fearful baby, and a nest in a tall, tall tree. Ready, set, soar? Nope! Sweetly and humorously told, here is a sparkling debut about the joys that come from embracing new experiences, written and illustrated by nationally-syndicated cartoonist Drew Sheneman.

New Pig in Town

Wishing that his ordinary raven's feathers could be colorful and more exotic, Crawford is thrilled when a magical old woman transforms his black feathers into a magnificent golden plumage until he attracts the wrong kind of attention.

How the Birds Got Their Colours

#1 New York Times bestseller and USA Today bestseller The more we know about the animals in our world and the better we care for them, the better our lives will be. Former veterinary technician and animal advocate Tracey Stewart understands this better than most—and she's on a mission to change how we interact with animals. Through hundreds of charming illustrations, a few homemade projects, and her humorous, knowledgeable voice, Stewart provides insight into the secret lives of animals and the kindest ways to live with and alongside them. At home, she shows readers how to speak “dog-ese” and “cat-ese” and how to “virtually adopt” an animal. In the backyard, we learn about building bee houses, dealing nicely with pesky moles, and creative ways to bird-watch. And on the farm, Stewart teaches us what we can do to help all farm animals lead a better life (and reveals pigs' superpowers!). Part practical guide, part memoir of her life with animals, and part testament to the power of giving back, *Do Unto Animals* is a gift for animal lovers of all stripes.

The Paper Bag Princess

According to recent research, the best way to make new connections in a child's brain is by building on something already known. A child who loves a book will listen to it repeatedly, maintaining interest. Using a selected book in a number of consecutive preschool storytimes, but presenting it differently each time, can help children learn new skill sets. This book presents a new approach to storytime, one that employs repetition with variety to create an experience which helps children connect and engage with the story on a higher level. Diamant-Cohen, recently awarded the 2013 ASCLA Leadership and Professional Achievement Award, and Hetrick offer a year's worth of activities specifically designed to address multiple intelligences through a repetition-based process. Incorporating recent theories on developmental learning, this book includes Scripts for 8 different books, with enough activities to repeat each one for six weeks, along with lists of optional alternative books Planning aids such as outlines of storytime sessions, a fill-in-the-blanks planning sheet, questions for evaluation, and tips for enhanced storytimes using props and crafts Detailed but straightforward explanations of theory and research that will help readers communicate effectively with parents, caregivers, and other stakeholders From setup to execution, here's everything you need to create and implement a successful, elevated storytime.

Mommy and Me Craft

A hilarious read-aloud favorite about some foolish farm animals who decide to trade roles—and discover just how hard it is to do someone else's job. From award-winning author Lester Laminack and celebrated illustrator Henry Cole. "Good farm fun." —Kirkus Reviews The Tuckers' farm is a peaceful place where everyone has a job and no one complains. That is, until a hapless peacock falls off the back of a passing truck and stirs things up. Soon, customers are flocking to the farm to see what all the fuss is about. But the hens don't like the newcomer getting attention

while they do all the hard work. When a wise old hound sees the problem, he helps orchestrate a job swap. What follows is the riotous tale of three hens who get in way over their feathered heads, and one very distressed peacock who just can't figure out how to lay an egg. Lester Laminack has created a comical look at envy, finding your strength, and what happens when we underestimate the value of others' work. Henry Cole's delightful illustrations heighten the story's humor and will have readers of all ages laughing out loud. Teacher's Guide available! May Monthly Idea Book

In this latest addition to the Kissing Hand book collection, Chester Raccoon must learn to deal with another common problem of childhood: a bully at school. When Mrs. Raccoon learns that there is a bully problem at school, she decides to investigate the situation. But after seeing the bully for herself, she shares a story about a forest that was full of smooth yellow stones, and how the animals living there changed a pointy stone they found into a smooth stone so that it wouldn't hurt any tender paws. Chester, Ronny, and Cassy follow the spirit of Mrs. Raccoon's story when they next encounter the Bully. Approaching him as a group, they invite him to play, proving that the best way to get rid of an enemy is to make him or her a friend. This book encourages children to understand that many child bullies are themselves unhappy and gives readers a good example of settling differences by peaceful means. Educators will embrace this story about a positive strategy for dealing with a bully.
