The Summer Called Angel -a story of hope on the journey through Prematurity” is a powerful and inspiring story about the author; Sola Olu's experience with preeclampsia and prematurity. Premature birth remains the number one killer of newborns in the United States. In fact, with approximately 1 in 8 pregnancies resulting in premature birth each year, the U.S. has one of the worst records in the world, and certainly among developed nations. The statistics are not only appalling, but surprising, and many parents are shocked, frightened and confused as they attempt to navigate the world of the neonatal intensive care unit. After she and her husband endured this agonizing experience, Olu was inspired to offer her support to others in the same situation. “The Summer Called Angel” will help other parents deal with the physical and emotional challenges of prematurity and learn how they can find hope and strength in the process. The memoir, which began as Sola's journal entries, is an incredibly moving and detailed account of her thoughts and feelings at each step of her journey. In this title, Claire Nahmad explains how to still the mind and summon angels to help in every life situation, especially when you are in particular need. She reveals the special blessings angels bring to groups - family, work, or others - how angels communicate with us, guide us and interact with us and describes the multi-faceted forms of angel magic, as well as the summoning of angels by means of scents, flowers, emblems, music and chants. She discusses their symbolism in dreams, visions of angels throughout the ages, and the importance of angelic aid and mercy in healing and revitalizing the life of the individual.

### **An Angel in a Dark Place - Book 1**

Angels Do Come Just Call! is a book focusing on the concept of Angels, what Angels represent to the writer; what Angels do and the belief in the healing powers of Angels. This book has emerged out of self development tapping into the world of Angelology, a search tentatively undertaken supported by a lengthy time of contemplation. With the publication of two books of verse behind her, the author has a positive voice emanating from the sorrows and joys of life; experiences which challenge and test the fragile sense of self. Through various journeys over time she has recorded many stories freely shared in relation to the concept of Angels. as life and living demands so much of everyone, it seems fair to say that we all need something to hold onto, to believe and to encourage us as we travel the journey of life irrespective of how it unfolds. This is an invitation by the writer to draw attention to the awareness, appreciation and acknowledgement of Angels, who wish to serve!

What's the biggest problem most entrepreneurs face? Raising money: Without cash, you can't get a business off the ground or keep it running. However, many entrepreneurs have a problem. On one hand, the traditional sources of financing—family, friends, personal savings, the local bank—are often inadequate. On the other, the venture capitalists who have played such an important role in the high-tech industry are interested only in investing much higher sums than most entrepreneurs need. Enter angels: a new type of investor looking to invest between \$100,000 and \$1,000,000 in a company. There are about three million angel investors, and there's a huge market of entrepreneurs and would-be entrepreneurs who want to learn how to attract angels' interest—and their money. John May and Cal Simmons are at the forefront of this trend. Not only do they have years of experience in advising, managing, and investing in early-stage companies, they are also the originators of The Dinner Club, a Washington, D.C.-based group of successful businesspeople who hear pitches by entrepreneurs seeking funding and then decide whether to invest their own or the club's money in those entrepreneurial ideas. Every Business Needs an Angel offers a fly-on-the-wall look at how angel investors evaluate new entrepreneurial ideas, and provides a wealth of practical advice and insight for the countless entrepreneurs seeking help in their quest to find investors for their businesses. The book covers all phases of the process of finding angels and persuading them to invest, drawing on many examples of real-world companies that have pitched angels successfully—as well as unsuccessfully. These entrepreneurs are in a broad range of industries—from

high-technology companies to more traditional businesses as diverse as breweries and concierge services—some quite well-known, like Nantucket Nectars and Preview Travel, whose founders had their own guardian angels. For entrepreneurs who need money and advice on how to find it, the authors offer enormous insight into this new breed of investor. As the title says, every business needs an angel; this book tells you how to find one.

Angel and the Ivory Tower is the adventure tale of the outgoing Alice Howard (Angel) Burke who has lived life to the fullest as a pioneer aviator, a barnstormer, and even a war hero. Her life is intertwined with the greats of history, Hollywood and everyday life. People who read this work can't wait to see what Alice will do next. On the other hand, Great Nephew (The Ivory Tower) has never lived his life outside the world of his books. After losing his job with the University Great Nephew comes to Great Aunt Alice's farm to learn how to paint the farmhouse, record her history, and maybe even learn about the world beyond his shell. Great Nephew, while comical, is also the sum total of all of our fears and one can't help but cheer him on. This story is fun to read. The colorful characters are so real that you will think you know them. You will share their tragedies and triumphs, and will love them, cheer them on, and sometimes mourn their loss. To be quite old-fashioned this story has a lot of heart. You too will enjoy the lively story of Angel and the Ivory Tower.

As such this book describes conflicts of opinion and how they can be resolved during life's journey. This book therefore takes a different look at angels and spirituality from the standard tomes on angels and considers them from a neutral point of view with comment, information and humour along the way. This allows for an objective reflection which illustrates how angels (and perhaps wives) can influence the life of an individual, including those who do not believe in them (angels, not wives), perhaps whether they wish them to or not!

I am amazed and fascinated by the variety of calls that each person experiences and makes during his or her lifetime. We are all bombarded by calls, yet I realize that we cannot exist without them. This book's chronology of the variety of calls speaks to one specific call—the call to salvation. Many from different lifestyles, social status, and points of view responded to this call and experienced a rewarding and complete life in service to God. The path to this enriched life was not easy for the many that chose to accept the call. Persecution, imprisonment, beatings, and other atrocities are documented and outlined between the covers of this book. Yet irrespective of the obstacles, perseverance and victory won the day. From a biblical perspective, God began the call in the book of Genesis. Through his divine foreknowledge, he knew what man's response would be, yet he still made the call. The accounts of the many trailblazers described in this book have left their footprints in the sands of time as a testimony that decisions made have eternal consequences. The author hopes that close examination of the lives lived will be a source of encouragement to respond positively to the call.

To God be the glory for the things he has done. He has done great things. I bring you greetings in the name of our Lord and Savior Jesus Christ. This book is written under the inspiration of the Holy Spirit. It begins with memories of my struggle as a child learning to survive living in a life of poverty, where my mother did everything she could to take care of her children. It also depicts my enthusiasm to strive to be a breadwinner at an early age. The recording of the dreams started from a dream in which the Spirit spoke to me. Its sole purpose is to encourage those who have made a conscious decision to live according to the word of God that they are not alone. We are going to have trials and tribulations in this walk of life. Don't give up. God is always there with you. Even during the most difficult challenges of your life. Jesus said I will never leave you nor forsake you. I will be with you until the very end. Although we cannot see him, He has a way of revealing Himself to us. The assurance that God is with you is shown by the manifestation of how he places his angels around you to protect, encourage, and minister to your every need. In this book, you will read about the times in my life which God has revealed himself to me through angelical beings spiritually and physically. Through struggles and life challenges, they have been with me all the way. They were either by vision or physical existence. Hold on to your dreams and keep the vision alive. "Hebrews 13:5 says, Let your conversation be without covetousness; and be content with such things as ye have: for he hath said, I will never leave thee, nor forsake thee.
