Official Quick Guide to Linguaskill

Cambridge Practice Tests for PET 1 contains five complete practice tests written to comply with the 1996 syllabus for the Preliminary English Test. Written by authors with wide experience of test-writing and of the PET exam, and trialled by students in Britain and overseas, these tests can be relied upon as accurate representations of the 1996 PET syllabus. The first test in the book is presented in an 'expanded' form, with notes and annotations to help students find their way around the new format of each section of the PET. The other four tests are model PET examinations providing excellent pre-test practice.

The TKT Course Modules 1, 2 and 3

A fun course to get young children ready to learn in English. Themed units - from 'homes' to 'play time' - teach children letters, colours, numbers and more. Each book covers one term and includes three units. Every unit includes a story, from traditional tales such as Goldilocks, to stories in familiar settings like the classroom. Activities (including songs, stickers, games and matching) help children develop speaking, listening and motor skills alongside early comprehension, reading and writing skills. Each unit encourages learners to build vocabulary by relating content to their experiences - the first steps of critical thinking and active learning. Opportunities for differentiation allow learners to progress at their own pace.

Each unit focuses on a different text type such as dialogue, recounts, reports or instructions. Model texts in each chapter show learners good examples of each writing type and specific activities are included to help them practise their grammar.
