This book has been a job-training leader and valuable professional reference in rooms management for over two decades. It provides exceptionally complete coverage of the hotel's front office and all of the support positions that make it work—from the international reservation network, to legal concerns, sales and marketing techniques, management issues, room rate formulas, control and oversight, etc. In a sequence that follows the flow of most guests—reservation, arrival, billing, departure, auditing and accounting—the book treats both the how-to (e.g., completing a reg card) and the wherefore (e.g., yield management) while keeping readers abreast of the trends currently affecting the industry. For hotel/resort managers and front-office support staff.

authors in 110 countries and cost more than \$11 million. It reports on the advances and setbacks of the past fifty years and offers options for the next fifty years. The results of the project are contained in seven reports: a Global Report, five regional Sub-Global Assessments, and a Synthesis Report. The Global Report gives the key findings of the Assessment, and the five Sub-Global Assessments address regional challenges. The volumes present options for action. All of the reports have been extensively peer-reviewed by governments and experts and all have been approved by a panel of participating governments. The Sub-Global Assessments all utilize a similar and consistent framework: examining and reporting on the impacts of AKST on hunger, poverty, nutrition, human health, and environmental/social sustainability. The five Sub-Global Assessments cover the following regions: Central and West Asia and North Africa (CWANA) East and South Asia and the Pacific (ESAP) Latin America and the Caribbean (LAC) North America and Europe (NAE) Sub-Saharan Africa (SSA)
