Religion in Sociological Perspective is an introduction to the sociology of religion core text, designed to present and illustrate the basic theories sociologists use to understand the social dimensions of religion. First and foremost, the authors seek to help students understand the perspective from which sociologists view religion. By the time students have finished this book, they should understand the central theories and methods of research in the sociology of religion, and they should have an idea of how to apply these analytical tools to new groups they encounter. The goal of this text is to be illustrative rather than all-encompassing. The Fifth Edition continues to draw on a wide range of perspectives. The text aims to help students recognize the contributions of various theoretical perspectives and the blind spots of each theory. Conflict, functional, social constructionist, and rational choice paradigms are used throughout the text. Various middle-range theories are also utilized to explore specific processes. Despite the effort to introduce many

perspectives, however, we have made an effort to enhance integration of the text by using one framework throughout the book: the open systems model.

Unfortunately, in recent times, the Baccalaureate service has fallen out of practice in many circles, foregoing the opportunity to "influence the lives of young people on the threshold of impacting our world," as Pam Williams states in her introduction. Baccalaureate: Guidelines for Inspirational Worship Services to Honor Graduates seeks to reverse this trend, reviving the practice of planting graduates on solid spiritual footing as they chart a new path for their lives.

"American Methodist Worship is the most comprehensive history of worship among John Wesley's various American spiritual descendents that has ever been written. It will be a foundational book for anyone who wishes to understand how American Methodists have worshipped."-Sacramental Life "This groundbreaking study will help to reshape the way that we think about early American Methodist worship and how it connects to more recent trends."-- The Journal of Religion "Karen Westerfield Tucker's exhaustive examination of the history of American Methodist worship may indeed launch a new genre in liturgical historiography: denominational liturgical histories. The genius of this contribution is its comprehensiveness in examining for the first time the worship life of an American ecclesiological tradition."--Doxology

“God is spirit, and his worshippers must worship in spirit and in truth” (John 4:24). The Bible tells us that we are to worship the Lord, that we were created for this purpose. But what is true worship? What does the Bible teach about the right—and the wrong—ways to worship God? In this book, pastors Brian Croft and Jason Adkins unpack a biblical theology of worship, discuss the practical matters of planning a worship service, and offer suggestions and insights on the best way to

lead a worship service that honors the Lord. The Practical Shepherding series of guides provides pastors and ministry leaders with practical help to do the work of pastoral ministry in a local church. In Gather God's People, you will learn how to apply biblical doctrine and spirituality to the practice of Christian worship.

## **The Book of Common Prayer, and Administration of the Sacraments, Together with the Psalter**

There is today a dramatic reexamination of structure, authority, dogma -- indeed, every aspect of the life of the Church is held up to scrutiny. Welcoming this as a sign of vitality, Avery Dulles has carefully studied the writings of contemporary Protestant and Catholic ecclesiologists and sifted out six major approaches, or "models," through which the Church's character can be understood: as Institution, Mystical Communion, Sacrament, Herald, Servant, and, in a recent addition to the book, as Community of Disciples. A balanced theology, he concludes, must incorporate the major affirmations of each. "The method of models or types," observes Cardinal Dulles, "can have great value in helping people to get beyond the limitations of their own particular outlook and to enter into fruitful conversation with others. Such conversation is obviously essential if ecumenism is to get beyond its present impasses." This new edition includes a new Appendix and Preface by the author. From the Trade Paperback edition.

Churches are aging. Even among megachurches with their modern technology and huge number of members, whole generations are now missing. In order to reach the 18-35 year olds, churches need to incorporate alternative worship services into their ministries that meet the unique needs of the emerging generations. In a conversational, narrative style, author Dan Kimball guides church leaders on how to create alternative services from start to finish. Using anecdotes from his own experience at Graceland, Kimball presents six creative models, providing real-life examples of each type. Emerging Worship covers key topics including • Developing

a prayer team• Evaluating the local mission field and context• Determining leaders and a vision-based team• Understanding why youth pastors are usually the ideal staff to start a new service• Recognizing the difference in values between emerging worship and the rest of the church• Asking critical questions beforehand

### **Gather God's People**

From USCCB Publishing, this revision of the General Instruction of the Roman Missal (GIRM) seeks to promote more conscious, active, and full participation of the faithful in the mystery of the Eucharist. While the Missale Romanum contains the rite and prayers for Mass, the GIRM provides specific detail about each element of the Order of Mass as well as other information related to the Mass.
