From Obscurity To Bright Dawn

The star of the Animal Planet's *River Monsters* and author of the bestselling companion book shares a meditation on fishing--and life. In his previous book, Jeremy Wade memorably recounted his adventures in pursuit of fish of staggering proportions and terrifying demeanor: goliath tigerfish from the Congo, arapaima from the Amazon, "giant devil catfish" from the Himalayan foothills, and more. Now, the greatest angling explorer of his generation returns to delight readers with a book of a different sort, the book he was always destined to write -- the distillation of a life spent fishing. As Jeremy's catches attract increasing attention,

many people ask him how they can improve their own fishing results. This book is his reply: part science, part art, and part elusive something else -- which is within every angler's ability to develop. Along the way you will learn when to let instinct override logic, which details are vital and which may be irrelevant, and how a "non result" can be a result. Thoughtful and funny, brimming with wisdom and, above all, adventure, these are pitch-perfect reflections that anyone who has ever fished will identify with, for ultimately they touch on the simple, fundamental principles that apply to all angling -- and to life.

Greek myths and legends have inspired men and women around the world for hundreds of years. The stories of Apollo, Perseus, Achilles, and others have sustained the imaginations of old and young alike, even into the present. In fact, characters of Greek myth and legend have found their way into mainstream culture in the form of popular television and film characters. Greek mythology was so influential that even formed the basis of Roman myth. In Greek Mythology: Fascinating Myths and Legends of Greek Gods, Heroes, and Monsters, you will be exposed to the exciting tales of gods and heroes that formed the canon of the Ancient Greek religion. Greek myth has become a part of us in ways that we do not fully appreciate. In fact, heroes like Achilles, Heracles, and Perseus have helped to form the image that we have today of the hero. The basis for much of the philosophy and dramatic arts that characterize Western society today has its root

in Ancient Greek culture, which was closely tied to and spurred on by Greek myth and legend. The Ancient Greeks used the tales of their gods and heroes to help understand their world and their own place in it. In *Greek Mythology: Fascinating Myths and Legends of Greek Gods, Heroes, and Monsters*, you will learn about all the gods and heroes by reading the formative myths of the Greeks. *Greek Mythology: Fascinating Myths and Legends of Greek Gods, Heroes, and Monsters* explore the Greek gods and the Ancient Greek legends by delving into the tales told by Greek and Roman poets and historians, including Homer. They told tales about the creation of the universe, how the Titans were the first gods before the Olympians, and how the Titans and Olympians went to war with one another. Because the Ancient Greek religion was demonstrated in these tales about their gods and heroes, learning about these figures in the form of stories allows the reader to understand who the Ancient Greeks were and why they were. The world of Ancient Greek legend was very different from our own. The people at the heart of Ancient Greek civilization - living in modern-day Greece, Italy, Turkey, and other places - these people were part of a culture so far removed from the way that we think and perceive today as to be almost unrecognizable to us. *Greek Mythology: Fascinating Myths and Legends of Greek Gods, Heroes and Monsters* give you the lens you need to understand, even beginning with a description of the world they lived in and a summary of their history through the major historical periods. In *Greek Mythology: Fascinating Myths and Legends of Greek Gods, Heroes, and Monsters*, you will learn everything there is to learn about Greek myth and legend.

You will learn about the Titans and Olympians, the monsters, who the major gods and goddesses were, who some of the important heroes were, and how Ancient Greek legend has a legacy that continues among us today. Poets and dramatists like Homer, Hesiod, Euripides, Sophocles, and Aeschylus recorded Greek stories in a form that has allowed them to be read and appreciated today. In Greek Mythology: Fascinating Myths and Legends of Greek Gods, Heroes, and Monsters, you will learn some of these tales including: Pandora's Box Jason and the Argonauts The Courtship of Leda The Tale of Arachne The Sacrifice of Iphigenia at Aulis Heracles and His Twelve Labors The Judgment of Paris The Trojan War

"A great book to read on a hot night." -Kelly Akemann, This Wacky Momma Reads! Zoe Cain knows that Grant Evertide is way out of her league. So naturally, she kisses him. Out of spite. Not only is Grant her brother's number-one nemesis, but he has zero interest in being tied down to one girl. She's shocked—and secretly thrilled—when they start spending more time together. Zoe's brother claims Grant is trying to make her his "Ringer," an oh-so-charming tradition where a popular guy dates a non-popular girl until he hooks up with her, then dumps her. Zoe threatens to neuter Grant with hedge clippers if he's lying but Grant swears he isn't trying to trick her. Still, that doesn't mean Grant is the commitment type—even if winning a bet is on the line. Disclaimer: This Entangled Teen Crush

Perched on an island off the shores of Cornwall, England, the soaring castle of St. Michael's Mount has been home to the St. Aubyn family since 1647. For nearly thirty years, Stanley Ager, one of the most esteemed butlers of the twentieth century, ensured that St. Michael's Mount was an impeccable place to live and a gracious and welcoming one for guests to visit. Revered by everyone from royalty to the estate staff, Stanley Ager considered it his calling to run a home gracefully and efficiently. Several of the men whom he trained at St. Michael's Mount went on to serve in the Royal Household at Buckingham Palace and at British embassies throughout the world. But you don't need a manor to benefit from Ager's wisdom on homekeeping. This carefully detailed, charmingly illustrated, eminently useful volume offers important insights and techniques, including how to: Wipe a glass—or a chandelier—until it sparkles *** Fold napkins precisely—in six different ways *** Polish furniture—or silver—to a mirror finish *** Lay a beautiful table and serve a meal impeccably *** Brush, buff, and maintain any manner of clothes and footwear *** Fold and pack for a trip—for business or pleasure *** Select and pour

Communication Matters: Because great communicators are made, not born. Through Communication Matters’s highly interactive program, students learn that our instincts aren’t as good as we think they are and develop the skills needed to become effective communicators. The program prompts students to question their assumptions, helps them to move beyond their personal daily communication experiences, and challenges them to think critically about why and how they communicate in the ways they do. Connect for Communication Matters, Second Edition, reflects our increasingly diverse, interactive, and digital world by using hands-on features. Through an interactive eBook, a suite of student videos for public speaking, and dynamic online activities, students are urged to consider which choices are likely to be effective and which less so. LearnSmart, McGraw-Hill’s adaptive learning system, assesses students’ knowledge of course content and maps out personalized study plans for success. The result: Students are able to internalize core communication principles, adapt their communication behavior more effectively, and actively apply those strategies to all aspects of their lives.

We live in a world where smart fridges are more articulate than most politicians, where the leaders of two nuclear powers engage in a battle of elementary school wits, and where every fact can be dismissed as fake news. Sometimes it seems like the only humor left is tinged with bitterness and despair. Robert Isenberg doesn't believe that's true. He knows it's possible to find humor-true humor-everywhere. Why is it that a politician's choice of food makes or breaks his or her career, and why should we care? How important is it to attend a funeral if it means canceling your regular Sunday tennis game? What drives a man's suspicions of yoga, and perhaps more importantly, why are wives so determined to overcome such reservations? Robert, aka "robear," has two wives. Esther is his real-life wife.

Esther doesn't want to have anything to do with his imaginary wife, Dana, who is featured in his essays. Robert created Dana to do and say what he wants, but Dana says and does whatever pleases Dana. Isenberg is an affable guy-the kind of man who tries to get along with automated help systems. From his obsession with "As seen on TV!" products to his exploration of the differences between the sexes, he's instantly recognizable to readers. We all have a Robert Isenberg in our life, and that's a good thing-because we need to laugh. Judge this book by its cover! We all have a Robert Isenberg in our lives. He's the one who sees things a little differently than the rest of us. He's the one who makes you laugh when he tells you what he's thinking. Robert actually asserts that elections are won and lost once the public discovers what the candidates are eating. He insists that had Hillary Clinton had said, "Hold the kale and bring on the iceberg," she would definitely have won by a landslide! Robert is also sure that thousand island as opposed to French vinaigrette would have won more votes. Although Isenberg tries to get along with Robots on the phone, he's embarrassed to admit that they inevitably get the better of him. And speaking of being embarrassed Isenberg's wife Dana had instructed him to pick up two packages of toilet paper at Costco each consisting of thirty-six rolls, he can only guess what people would think if he placed seventy-two rolls of loose toilet paper in his cart. Another essay begins with Robert being perplexed about the word 'perplexed', especially when his cardiologist is "perplexed" about what is physically wrong with Robert. While he is watching a football game, he often wonders why he learns more about mattresses

and why he needs a new one, than what's happening with the football game. He has similar issues with the ads in his face while watching the Red Sox. On top of which he asks himself, "Why should I give one damn that a bunch of strangers win or lose?" He even goes on and asks himself, "Has one of them ever come to my office to see how I'm doing?" If they lose he goes to bed sad that they lost, but even sadder that he feels sad. All in all, JUDGE THIS BOOK BY ITS COVER! You will be rewarded with true belly laughs, many smiles and the wonderful feeling of "I know where Isenberg is, cause I've been there too." Isenberg also wants you to read about his lovely and amazing sister who was a teacher for fifteen- years, but had to be taught the art of cussing by her friend the school's librarian. There is also story in this collection called Brother's. I was born the youngest of seven. I don't think that any of my siblings were celebrating my birth. Least of all was brother David, who up till my birth had been dotted upon by the older ones. He don't exactly welcome me. There is also an essay re David's friend Butchy AKA Sonny who on his death bed snared at me as he handed me a note that said, "I did and you didn't!" Robert hasn't mentioned the piece called, "Harvey's Mother's Funeral and the Sunday Morning Tennis Game," I'll leave up to you readers to supp

From Obscurity to Bright Dawn is a fascinating eyewitness description of a remarkable period of African history. Henry Phillips provides an insider's account, having served as a top British official and as an appointed member of an otherwise elected African cabinet. The book is based partly on the author's own diaries but also on public records and the recollections of colleagues, family and friends. It describes how Hastings Banda, an astute African politician, outwitted two Prime Ministers and became a Prime Minister himself in just six years. This is a very readable story, in which the business of government is interspersed with descriptions of the environment and social life of a British civil servant overseas. The narrative does not end with the independence of Malawi--the author maintained his close relations with the country and its formidable president. The latter, Hastings Banda, is shown, in this balanced account, in a far more favorable

light than is customary.

The Burn Journals

The battle of Gettysburg was the largest engagement of the Civil War, and--with more than 51,000 casualties--also the deadliest. The highest regimental casualty rate at Gettysburg, an estimated 85 percent, was incurred by the 26th North Carolina Infantry. Who were these North Carolinians? Why were they at Gettysburg? How did they come to suffer such a grievous distinction? In *Covered with Glory*, award-winning historian Rod Gragg reveals the extraordinary story of the 26th North Carolina in fascinating detail. Praised for its "exhaustive scholarship" and its "highly readable style," *Covered with Glory* chronicles the 26th's remarkable odyssey from muster near Raleigh to surrender at Appomattox.

The central focus of the book, however, is the regiment's critical, tragic role at Gettysburg, where its standoff with the heralded 24th Michigan Infantry on the first day of fighting became one of the battle's most unforgettable stories. Two days later, the 26th's bloodied remnant assaulted the Federal line at Cemetery Ridge and gained additional fame for advancing "farthest to the front" in the Pickett-Pettigrew Charge.

In the pages of this book, Alan Hirsch takes us on a really deep dive into the fivefold (APEST) typology of ministry as articulated in Ephesians 4:1-16, but he takes us to a depth and scope that few (if any) have ventured before. By laying out the most comprehensive model of APEST to date--one that incorporates deep theology as well as innovative practice--Hirsch once again demonstrates his almost uncanny capacity to change not only the conversation itself, but also the scorecard on how we understand calling, church, leadership, and organization.

Silencing the Accuser: Restoration of Your Birthright

In the tradition of *Running with Scissors* and *Girl, Interrupted*, *The Burn Journals* is a truly remarkable book about teenage despair and recovery. "Describes a particular kind of youthful male desolation better than it has ever been described before, by anyone." --Andrew Solomon, author of *The Noonday Demon* I don't want to get out of bed. I'm so stupid. I did so many things wrong. I don't know what to do. I'm going to be in so much trouble. What am I going to do? I'm completely screwed. In 1991, fourteen-year-old Brent Runyon came home from school, doused his bathrobe in gasoline, put it on, and lit a match. He suffered third-degree burns over 85% of his body and spent the next year recovering in hospitals and rehab facilities. During that year of physical recovery, Runyon began to question what he'd done, undertaking the complicated journey from near-death back to high school, and from suicide back to the emotional mainstream of life.

The Fantastic Flatulent Fart Brothers' Big Book of Farty Facts

The amazing true story of the only white man to rise to the top of the Chinese mafia. In August 2013, “Bac Guai” John Willis, also known as the “White Devil” because of his notorious ferocity, was sentenced to 20 years for drug trafficking and money laundering. Willis, according to prosecutors, was “the kingpin, organizer and leader of a vast conspiracy,” all within the legendarily insular and vicious Chinese mafia. It started when John Willis was 16 years old . . . his life seemed hopeless. His father had abandoned his family years earlier, his older brother had just died of a heart attack, and his mother was dying. John was alone, sleeping on the floor of his deceased brother’s home. Desperate, John reached out to Woping, a young Chinese man Willis had rescued from a bar fight weeks before. Woping literally picks him up off the street, taking him home to live among his own brothers and sisters. Soon, Willis is accompanying Woping to meet his Chinese mobster friends, and starts working for them. Journalist Bob Halloran tells the tale of John Willis, aka White Devil, the only white man to ever rise through the ranks in the Chinese mafia. Willis began as an enforcer, riding around with other gang members to “encourage” people to pay their debts. He soon graduated to even more dangerous work as a full-fledged gang member, barely escaping with his life on several occasions. As a white man navigating an otherwise exclusively Asian world, Willis was at first an interesting anomaly, but his ruthless devotion to his adopted culture eventually led to him emerging as a leader. He organized his own

gang of co-conspirators and began an extremely lucrative criminal venture selling tens of thousands of oxycodone pills. A year-long FBI investigation brought him down, and John pleaded guilty to save the love of his life from prosecution. He has no regrets. White Devil explores the workings of the Chinese mafia, and he speaks frankly about his relationships with other gang members, the crimes he committed, and why he'll never rat out any of his brothers to the cops. Told to Halloran from Willis's prison cell, White Devil is a shocking portrait of a man who was allowed access into a secret world, and who is paying the price for his hardened life.

Ecologies of Affect offers a synthetic introduction to the felt dynamics of cities and the character of places. The contributors capture the significance of affects including desire, nostalgia, memory, and hope in forming the identity and tone of places. The critical intervention this collection of essays makes is an active, consistent engagement with the virtualities that produce and refract our idealized attachments to place. Contributors show how place images, and attempts to build communities, are, rather than abstractions, fundamentally tied to and revolve around such intangibles. We understand nostalgia, desire, and hope as virtual; that is, even though they are not material, they are nevertheless real and must be accounted for. In this book, the authors take up affect, emotion, and emplacement and consider them in relation to one another and how they work to produce and

are produced by certain temporal and spatial dimensions. The aim of the book is to inspire readers to consider space and place beyond their material properties and attend to the imaginary places and ideals that underpin and produce material places and social spaces. This collection will be useful to practitioners and students seeking to understand the power of affect and the importance of virtualities within contemporary societies, where intangible goods have taken on an increasing value.

Blade of the Sea

HORSES & PONIES. For lovers of horses and trivia alike, this colorful book is packed with fascinating facts, from physical characteristics and folklore to safety tips and horse-care musts. Over 400 nuggets of information are taken from all areas of the equine world, -from the pages of science journals to the ringside of a rodeo. Find the answer to questions such as: Do horses have hair or fur? Can a horse cross with a zebra? Has a horse ever been cloned? Why do horses stand in the rain? What snacks do horses prefer? How fast is a horse compared to a cheetah? The book also includes practical advice on riding and showing horses and encourages appreciation of and respect for these most magnificent beasts.
