Allergy and Autoimmunity Diagnostics Driven to Advance Laboratory Science Our mission is to enable our customers to make the world healthier, cleaner, and safer.

As a global leader in allergy and autoimmune disease diagnostics , we are committed to providing accurate, clinically relevant testing solutions to aid in the proper disease diagnosis

### **Utilizing Companion Diagnostics to Drive Clinical Decisions**

numares AG, based in Regensburg, Germany, is a fast-growing innovative diagnostics company that applies machine learning to metabolomics data to develop advanced analytical tests for high

### **Schedule at a Glance - [goeshow.com](https://goeshow.com)**

Medical diagnostics are a category of medical tests designed to detect infections, conditions and diseases. These medical diagnostics fall under the category of in vitro medical diagnostics (IVD) which be purchased by consumers or used in laboratory settings. Biological samples are isolated from the human body such as blood or tissue to provide results.
