Mass Contacts

The "Friendship" case is the world's longest-running case of alien contact and involves more people than any other. It continues today throughout the world. These are completely physical contacts with the people of other worlds, not mystical channelings and speculations. These facts make "Amicizia" a unique Rosetta Stone for understanding the UFO phenomenon and humanity's place in the Cosmos. This is the second book by Stefano Breccia, an Italian engineer and university professor who was intimately involved in the Amicizia contacts. In 2009, his book "Mass Contacts" first introduced the Amicizia experiences to a worldwide audience. Its contents were a revelation even to most Ufologists. Before he died

unexpectedly in early 2012 Breccia completed this book, "50 Years of Amicizia (Friendship)." Building on the first book, most of it is information never published before. A glance at some of its surprises make it clear that this is not just another UFO book: * The most detailed, complete, technical description of a saucer propulsion system ever published. * Analysis of the clear colour photograph of an 8 foot tall alien crew member. * The transcript of a crew conversation of an Akrij saucer, including a landing and emergency take-off when it came under fire. * Breccia's description and data from his own flight in a "flying saucer." * Photographs of the interior of an alien craft. With an introduction by Dr Roberto Pinotti and contributions from Teresa Barbatelli, Paolo di Girolamo, Connie Menger, Carlo Bolla and others, the book is destined to become a classic. This is Breccia's final witness to the reality that we have friends among us who are ready to help us move forward and join them in the greater community of our galaxy.

In Search of Real UFOs

If Adamski and the six companions who swore an affidavit to his Space Man encounter are not trying to pull off a gigantic hoax, then this is quite possibly the greatest story ever." That was what the Daily Sketch wrote about "Flying Saucers Have Landed." For, in the second part of this book, Adamski swears that he saw a space ship land in the desert in California and that he made contact with one of its occupants. More, he provides considerable testimony to support his claims. Desmond Leslie, who contributes the first part of the book, goes even further, asserting that flying saucers have been landing on earth for thousands of years, and gives records of their arrivals

Stroll through time and space; witness spirituality, creation, and the love of family; experience joy, sorrow, laughter, faith, and hope; question, reason, and perhaps agree with theories on cloning humans, UFOs, alien contact, and abduction experiences. In these pages, Dr. Michael Wolf addresses the topics of art, science, and religion, and encourages an understanding of the connection between time and space, the continuing creation of the universe, the impact of environmental hazards on this biosphere, and his classified work for the U.S. government. For those with open minds and hearts, this intricately woven tapestry, "The Catchers of Heaven," can be life-changing. Wolf takes us to the edge of a new realization, where we glimpse what may be happening throughout the far reaches of the universe. Dr. Wolf, Chancellor Emeritus of The New England Institute for Advanced Research, is a patron and member of The New York Academy of Sciences and The American Association for the Advancement of Science.

The UFO Evidence

In Revelations, the final volume of the Alien Contact Trilogy, Dr. Jacques Vallee presents startling evidence that well-constructed hoaxes and media manipulations have misled UFO researchers, diverting them from the UFO phenomenon itself. Vallee takes readers step by step into the tangled web of UFOlogy's dark side, in an effort to clear the ever-thickening underbrush that has obscured the real nature of the UFO phenomenon. Jacques Vallee was born in France, where he received a Bachelor of Science degree in mathematics from the Sorbonne and a Master of Science in astrophysics from the University of Lille. He began his professional life as an astronomer at the Paris Observatory in 1961. While on the staff of the French Space Committee, he witnessed the destruction of the tracking tapes of unknown objects orbiting the earth, initiating a lifelong interest in the UFO phenomenon. Vallee arrived in the U.S. in 1962, worked in astronomy at the University of Texas at Austin, and wrote two highly respected scientific examinations arguing for the Extraterrestrial Hypothesis (ETH) of UFO origins. In 1967, he received a Ph.D. in computer science from Northwestern University, where he became a close associate of J. Allen Hynek, then scientific consultant for the U.S. Air Force on Project Blue Book. Eventually

concluding that the ETH was too narrow to encompass the burgeoning UFO data, he conducted his own extensive global research, resulting in the "Alien Contact Trilogy." Dr. Vallee is presently a venture capitalist living in San Francisco. His website is www.jacquesvallee.com."

How to Hear Your Angels is a step-by-step manual on how to clearly receive messages from your angels and guides. The material was culled from Doreen Virtue's best-selling book Messages from Your Angels and from her workshops. Doreen has been assigning this reading material to her Angel Therapy Practitioner students for many years, and at their request has compiled the information in this handy book. Within these pages, you'll discover your communication "style" so that you can more easily recognize the visions, words, thoughts, and feelings you receive as Divine guidance. The book is filled with charts to help you discern the difference between true Divine guidance and the voice of the ego, and it will help you engage in clear and understandable conversations with Heaven.

Into The Fringe

Second, revised edition with seven of the photographs now in full colour. Exploring the facts behind the myths, this book reframes the debate about the reality of the space visitors in view of the unprecedented changes engulfing the world today. After the early contactees had been ruthlessly debunked by an organized disinformation campaign, a new context was carefully constructed by clandestine government agencies in collusion with the media, with only one purpose: to ridicule or instil fear of the extraterrestrial presence. And while the experiences and messages of the original contactees are now largely being ignored amid the frenzy of fear-based speculation that has resulted from decades of cover-ups and subsequent conspiracy theories, the author shows that they are in fact more relevant today than ever before by bringing together the spiritual and the practical strands of Ufology. From historical records, documentary evidence and testimonies of early and contemporary contactees against the background of the Ageless Wisdom teaching, this book uncovers the patient and sustained efforts of the space people to interact with people of Earth. In the process it reveals the true motive for their presence - to help humanity through this historical time of transition by sharing their wisdom and technology. According to the author, the message from space can be summarized as: "Life is One, so live as one or perish." About the author: Gerard Aartsen, M.Ed., has been a student of the Ageless Wisdom teaching for over 30 years. His many years of research resulted in the online reference Our Elder Brothers Return - A History in Books. A long-standing co-worker in the worldwide network of groups affiliated with British esotericist Benjamin Creme, he writes regular contributions to Share International magazine about the extraterrestrial presence on Earth. He is also a frequent guest on international radio shows about UFOs and related subjects, and gives lectures at home and abroad.

Unexplained!

A True Story of Alien Abduction - One of the most important, sincere and honest abduction stories out there. Finally back in print. Following the 2013 reissue of TAKEN, a book that has been out of print for several years and fetched excessive amounts amongst collectors and those wishing to get their hands on such a legendary piece of non-fiction, INTO THE FRINGE is where it all began for Dr Karla Turner and her family. As with the reissue of TAKEN, INTO THE FRINGE is an officially authorized republication with the sole input of Karla Turner's widower Elton. Endorsed and approved by Elton Turner with the highest respect for the importance of the story; we excitedly bring INTO THE FRINGE to the 21st century. Into the Fringe documents the account of alien abduction and how Karla Turner, along with her family, uncovered the memories and physical evidence of their encounters with beings from outside of our own planet. "This brave and defiant refusal, in the name of humanity, to countenance suffering from an alien tyrant masquerading as a benefactor, is Karla Turner's final legacy." - John Chambers, UFO Magazine

The Shape of Inner Space

The Principle of Life offers evidence and answers to the many questions that human beings have always posed during earthly existence. The book traces a path that accompanies us to open the doors of the Cosmos, an infinite container, whose horizon has no reachable borders and whose creation is expressed in incalculable models and expressions of life. Human beings need to grow inside in order to acquire the knowledge that allows going beyond the wall of ignorance, the most difficult to break down. Humanity needs to deepen the search for self and open up to its own evolution, aware of being part of a Cosmos in which life is continuously expressed and regenerated. We are the link in an endless chain that expands through the goodness and love that brings together peoples and races of this and other Galaxies.

Negli ultimi tempi l'universo ci ha regalato una serie di immagini eccezionali, alcune raffiguranti fenomeni naturali e altre che testimoniano l'attività dei rover e delle sonde progettati dall'uomo. Il telescopio spaziale Hubble ha fotografato una triplice eclissi su Giove, provocata dai satelliti Callisto, Io ed Europa. Alcuni astronomi statunitensi hanno invece osservato un buco nero che "mangia" una stella. Le sonde della Nasa New Horizons e Dawn si avvicinano alle loro destinazioni, Plutone e Cerere, che stanno fotografando. Su Marte il rover Curiosity trivella e analizza il suolo, mentre la sonda dell'Esa Rosetta atterra sulla cometa 67P Churyumov-Gerasimenko.

Not of this World

The content of this book is the letter, Top Secret interview transcripts and personal notes received from the late Matilda O'Donnell MacElroy, an Army Air Force nurse who stationed at the Roswell Army Air Field 509th Bomb Group. Her letter asserts that this material is based on a series of interviews she conducted with an extraterrestrial being as part of her official duty as a nurse in the U.S. Army Air Force. During July and August she interviewed a saucer pilot who crashed near Roswell, New Mexico on July 8th, 1947. The being identified itself as an officer, pilot and engineer of The Domain Expeditionary Force, a race of beings who are using the asteroid belt in our solar system as a intergalactic base of operations.

Connecting the Dots

Close Encounters of the Fourth Kind: cases in which personal contact between an individual or individuals is initiated by the "occupants" of the spacecraft. Such contact may involve the transportation of the individual from his or her terrestrial surroundings into the spacecraft, where the individual is communicated with and/or subjected to an examination before being returned. One might expect that a "scientific conference" devoted to people who have reported being kidnapped by "little green men" would be dismissed out of hand. But C.D.B. Bryan, the greatly admired journalist and author of Friendly Fire, did not dismiss it: the conference was to be held at the Massachusetts Institute of Technology and would have as its

chairmen a Pulitzer Prize-winning Harvard psychiatry professor and a professor of physics from M.I.T. Bryan attended the conference throughout its five days. He approached the subject with no prior stand, no agenda, and an open (if slightly skeptical) mind. As the conference progressed, he was astonished by the quality of the stories told by the hundreds of men and women who came forward hesitantly and reluctantly with their utterly amazing—and utterly convincing—accounts of having been abducted and then examined aboard extraterrestrial spacecraft by spindly limbed, telepathic gray creatures with outsized foreheads dominated by huge, compelling, tear-shaped black eyes. What most astonished Bryan were the similarities found again and again in these accounts and the consistency of their details. It is here that the heart of the mystery lies: as the Harvard professor John E. Mack asked at the conference, “If what the abductees are saying isn’t happening to them, then what is?” This question—and the possible answers—are at the center of this richly explicit, serious, and riveting book. Bryan recreates the conference. He interviews ufology’s most prominent psychiatrists, psychologists, hypnotherapists, researchers, physicists, physicians, and folklorists. He interweaves throughout the testimony of the abductees themselves, who tell us their stories in chilling detail. He presents, in depth, the Close Encounter experiences of two women whose stories he tells on the basis of both their spontaneous recollections of the events and their memories that were retrieved through sessions of hypnosis of which Bryan himself was a witness. Finally, Bryan examines the current theories—psychological, psychiatric, medical, parapsychological—that have been put forward by the unconvinced to explain the abduction phenomenon. Are the abductees suffering from some sort of false memory syndrome? . . . a multiple or dissociative personality disorder? . . . Are they fantasy-prone? *Close Encounters of the Fourth Kind* is a detailed, objective exploration—the most concrete to date—of one of the enduring and amazing mysteries of our time. It is a book that will equally fascinate believers and nonbelievers.

Goonies

The thesis, of this book, is that if our leaders had not failed us in the 1940s and 1950s, the positive vision of Star Trek could now have become our present day reality. The author shows through case after case of credible whistleblower and extraterrestrial contact testimony, that had our leaders embarked on a policy of openness and transparency, rather than secrecy and cover-up, human evolution, would have moved forward instead of backward and the earth's environment protected. The author shows that about the time the Bilderberg group was founded in 1954, the European and American oligarchy chose to play to humanity's dark side, deciding to selfishly and savagely protect its established interests and institutions, and its covert control over the masses, when confronted with alien contact. The oligarchy chose to subvert democratic principles and the rule of law, in order to secretly monopolize extraterrestrial technologies, for immense profit, making this along with fiat money, a foundation stone of its covert global power. Under the guise of National Security, leaders and ordinary citizens that opposed the UFO/ET cover-up were discredited, harassed and in some cases murdered, under a covert policy of denial and ridicule. Fantastic and shocking as it would seem to some, rather than lead mankind to

an enlightened future offered to us by ethical extraterrestrial races and civilizations, our autocratic leaders agreed to secret Faustian treaties and technological transfer agreements with less ethical extraterrestrial races, thereby creating the greatest national security threat of all time. We can only imagine our future, if overt space travel had become commonplace, with ethical ET cultural and technological exchanges bringing in a new age of enlightenment, along with exotic cheap non-polluting energy and transportation, from reverse engineered alien technologies. Ed Komarek has had over 40 years of experience in the UFO field and is one of the founders of the newly emerging field of Exopolitics evolving out of the more general UFO/ET field. He maintains a blog, exopolitics.blogspot.com/ having written over 200+ articles the past decade that have been published in the Internet press including, UFO Digest, OpEd News, and the Canadian National Newspaper. Ed can be reached on Facebook, where he posts UFO/ET news items daily to his wall, for those that friend him. Ed can also be reached by email at: edkomarek@yahoo.com

50 Years of Amicizia (Friendship)

Reveals the course of archaeological adventures and insights that resulted in The Earth Chronicles series • Explores links between the Old world and the New in search of evidence of extraterrestrial gods in the artifacts and murals of ancient civilizations • Reveals archaeological cover-ups concerning Olmec origins in Mexico and ancient UFO artifacts in Turkey In this autobiographical book, the internationally acclaimed author Zecharia Sitchin reveals the foundational research and the adventurous expeditions that resulted in his writing the bestselling The Earth Chronicles series. Ranging from Mayan temples in Mexico to hidden artifacts in Istanbul, Turkey, from biblical tunnels in Jerusalem to the mysteries of Mt. Sinai, from the abode of a Sumerian goddess to Greek islands, the Expeditions' destinations and amazing discoveries unmasked established fallacies, detected the fate of mysterious artifacts, and revealed ancient connections to modern space facilities. For the first time, Sitchin shares with the reader not only his encompassing knowledge of antiquity and his field experiences, but also the concrete evidence for his conclusions that ancient myths were recollections of factual events, that the gods of ancient peoples were visitors to Earth from another planet, and that we are not alone in our own solar system. Accompanied by photographs from his personal archive, here is Sitchin's own story and his inner feelings about the cord that binds him to his ancestral past.

Revelations

From the Best-selling Author of SETH SPEAKS In this mind-stretching journey into the very frontiers of consciousness, Seth

reveals the multidimensional nature of the human soul. In Seth Speaks, Seth introduced the concept of 'probable realities,' in which our idle daydreams and unfulfilled impulses do take place, in which all possible choices are fully experienced by other portions of the self. Now, in this first volume of The 'Unknown' Reality, Seth explains the dazzling labyrinths of unseen probabilities involved in any decision, and how our awareness of these can enrich the waking life we know. In a fascinating exploration of the cosmic web of our existence, Seth reveals; The purpose of dreams, and how they are often fulfilled unconsciously Misconceptions about death and the afterlife How different probable realities intersect and influence one another The relationship between physical health and inner reality A series of exercises to help you discover the unknown portions of your greater identity The self is multidimensional when it is physically alive. It is a triumph of spiritual and psychological identity, ever choosing from a myriad of probable realities its own clear unassailable focus. When you don't realize this, then you project upon life after death all of the old misconceptions . . . The fact is that in life you poise delicately and yet perfectly between realities, and after death you do the same. 'Seth was one of my first metaphysical teachers. He remains a constant source of knowledge and inspiration in my life.' - Marianne Williamson, author of A Return to Love

The "unknown" Reality

The book presents a serious approach to the UFO phenomenon, from a scientific standpoint, looking for a new way to solve the mystery. The book begins by presenting the main characteristics of UFO phenomena. It then discusses Orbs and Rods, provides scientific explanations to widely reported UFO cases, a deep analysis of abductions, and an extensive consideration to the Extra-Terrestrial Hypothesis. It includes a review of the famous Socorro, NM incident, followed by an interview with Dr. Jill Tarter (SETI). Dr. Massimo Teodorani, an Italian astrophysicist, contributes a report about the Hessdalen Lights as well as his his fully loaded scientific paper on "Physics from the UFO Data". The book concludes with a retrospective and prospectivelook at Ufology, and a proposal for a new approach to the study of UFOs. A must read for anyone seriously interested in UFOs.

Nighthawk

The first comprehensive biography of a true pioneer, George Hunt Williamson. A world premiere! Most of the information results from the perseverance, the passion and the painstaking investigative efforts of researcher and author, Michel Zirger. The reader will find a great many revelations, in particular about the first "Close Encounter of the Third Kind" in

modern times, at the end of which photographs and plaster casts of alien footprints were made; the unexpected connection between Williamson and the famous Italian Amicizia ("Friendship") case; and his mystical stay in the Andes. Williamson's life is totally "revisited" thanks to unpublished documents now in Michel Zirger's possession, which will end errors and gossip that has been rehashed for decades. We owe Williamson for the concept of "Ancient Aliens," developed in seminal books such as Other Tongues-Other Flesh, Secret Places of the Lion, Road in the Sky and Secret of the Andes. Maurizio Martinelli's erudition offers innovative insights on certain aspects of George Hunt Williamson's life, for instance, the affinities of his work with that of Zecharia Sitchin. Martinelli is the Italian specialist of George Hunt Williamson. An accurate researcher with a fair and balanced view, he forms the perfect tandem with Michel Zirger to decipher the life and work of this enigmatic figure, whose influence remains strong in the field of ufology and esotericism.

Alla ricerca di Nibiru. Forze occulte del papato nell'epoca del contatto

Le tematiche affrontate e commentate in questo saggio sono intriganti ma anche scivolose ed insidiose, in quanto affondano le radici nella preistoria e storia mesopotamica e degli Israeliti, e protendono i loro rami fino ai confini dell'occulto ed invisibile regno dei Servizi segreti del Vaticano. Esistono forze occulte del papato che si dedicano allo studio dell'antica Mesopotamia ed al mito dell'astro Nibiru e dei suoi misteriosi abitanti? Tra storia e profezia

A worldwide history of alien contact from one of the most respected authorities on the phenomenon: "A bible for UFO watchers" (The Wall Street Journal). This fascinating new volume tells the story of contact between aliens and humans from all across the globe, dating back to 1932, including meetings with military personnel and American presidents such as Eisenhower and Kennedy. For the first time, a former member of MI6 reveals her conversation with Neil Armstrong at a NASA conference, when she confirmed that there were "other" spacecraft on the moon when Apollo 11 landed in 1969. Armstrong also confirmed that the CIA was behind the cover-up. In a further admission in December 2012, Russian Prime Minister Dmitry Medvedev revealed "the president of Russia is given a special top secret folder [that] in its entirety contains information about aliens who have visited our planet. Along with this, the president is given a report of the Special Service that exercises control over aliens in our country. I will not tell you how many of them are among us because it may cause panic."
