And the Rat Laughed

Recounts the efforts of Jews who organized others and sabotaged the Nazis during the Holocaust, including Georges Loinger who smuggled children from occupied France into Switzerland and four brothers who led refugees into the forest to build a village and an army.

Jewish Resistance During the Holocaust

"Originally published in Israel as Ad khod hatnza'ar by Kinneret, Zmora-Bitan, Dvir Publishing House Ltd., Or Yehuda, in 2012"--Title page verso.

Measure of a Man

Operation Last Chance

The Polish Underground and the Jews, 1939-1945 examines one of the central problems in the history of Polish-Jewish relations: the attitude and the behavior of the Polish Underground - the resistance organization loyal to the Polish government-in-exile - toward the Jews during World War II. Using a variety of archival documents, testimonies, and memoirs, Zimmerman offers a careful, dispassionate narrative, arguing that the reaction of the Polish Underground to the

catastrophe that befell European Jewry was immensely varied, ranging from aggressive aid to acts of murder. By analyzing the military, civilian, and political wings of the Polish Underground and offering portraits of the organization's main leaders, this book is the first full-length scholarly monograph in any language to provide a thorough examination of the Polish Underground's attitude and behavior towards the Jews during the entire period of World War II.

The Polish Underground and the Jews, 1939-1945

The memoir of a man and woman who escaped into the forest, joined the Jewish partisans—and fell in love—as Hitler laid waste to their Polish hometowns. Jack and Rochelle first met at a youth dance in Poland before the war. They shared one dance, and Jack stepped on Rochelle's shoes. She was unimpressed. When the Nazis invaded eastern Poland in 1941, both Jack (in the town of Mir) and Rochelle (in the town of Stolpce) witnessed the horrors of ghettoization, forced labor, and mass killings that decimated their families. Jack and Rochelle managed, in their separate ways, to escape into the forest. They reunited, against all odds, in the winter of 1942-43 and became Jewish partisans who fought back against the Nazis. The couple's careful courtship soon blossomed into an enduring love that sustained them through the raging hatred of the Holocaust and the destruction of the lives they had known. Jack and Rochelle's story, told in their own voices through extensive interviews with their son, Lawrence, has been in print for twenty years and is celebrated as a classic of Holocaust memoir literature. This is the first electronic edition. "A story of heroism and of touching romance in a time of fear and danger." —USA Today

Pioneers and Partisans: An Oral History of Nazi Genocide in Belorussia

"He died so Jewry should suffer no more." These words on a Canadian Jewish soldier's tombstone in Normandy inspired the author to explore the role of Canadian Jews in the war effort. As PM Mackenzie King wrote in 1947, Jewish servicemen faced a "double threat" - they were not only fighting against Fascism but for Jewish survival. At the same time, they encountered widespread antisemitism and the danger of being identified as Jews if captured. Bessner conducted hundreds of interviews and extensive archival research to paint a complex picture of the 17,000 Canadian Jews - about 10 per cent of the Jewish population in wartime Canada - who chose to enlist, including future Cabinet minister Barney Danson, future game-show host Monty Hall, and comedians Wayne and Shuster. Added to this fascinating account are Jews who were among the so-called "Zombies" - Canadians who were drafted, but chose to serve at home - the various perspectives of the Jewish community, and the participation of Canadian Jewish women.

Defiance

THE NATIONAL BESTSELLER At the age of forty-eight, writer and film critic David Denby returned to Columbia University and re-enrolled in two core courses in Western civilization to confront the literary and philosophical masterpieces -- the "great books" -- that are now at the heart of the culture wars. In *Great Books*, he leads us on a glorious tour, a rediscovery and celebration of such authors as Homer and Boccaccio, Locke and Nietzsche. Conrad and Woolf. The resulting personal odyssey is an engaging blend of self-discovery, cultural commentary, reporting, criticism, and autobiography -- an inspiration for anyone in love with the written word.

In the Lion's Den

He's the worst Nazi war criminal you've never heard of Sidekick to SS Chief Heinrich Himmler and supervisor of Nazi rocket scientist Wernher von Braun, General Hans Kammler was responsible for the construction of Hitler's slave labor sites and concentration camps. He personally altered the design of Auschwitz to increase crowding, ensuring that epidemic diseases would complement the work of the gas chambers. Why has the world forgotten this monster? Kammler was declared dead after the war. But the aide who testified to Kammler's supposed "suicide" never produced the general's dog tags or any other proof of death. Dean Reuter, Colm Lowery, and Keith Chester have spent decades on the trail of the elusive Kammler, uncovering documents unseen since the 1940s and visiting the purported site of Kammler's death, now in the Czech Republic. Their astonishing discovery: US government documents prove that Hans Kammler was in American custody for months after the war—well after his officially declared suicide. And what happened to him after that? Kammler was kept out of public view, never indicted or tried, but to what end? Did he cooperate with Nuremberg prosecutors investigating Nazi war crimes? Was he protected so the United States could benefit from his intimate knowledge of the Nazi rocket program and Germany's secret weapons? *The Hidden Nazi* is true history more harrowing—and shocking—than the most thrilling fiction.

Great Books

Examines the Gestapo as an instrument of terror in Nazi Germany, arguing that the relatively small organization relied on the complicity of ordinary Germans to support their program of selective terror that targeted Jews and other specific groups

American Oligarchs: The Kushners, the Trumps, and the Marriage of Money and Power

Halina Rudowski is on the run. When the Polish ghetto where she lives is evacuated, she narrowly escapes, but her mother is not as lucky. Along with her friend Batya, Halina makes her way to a secret encampment in the woods where Jews survive by living underground. As the group struggles for food, handles infighting, and attempts to protect themselves from the

advancing Germans, Halina must face the reality of life without her mother. Based on historical events, this gripping tale sheds light on a little-known aspect of the Holocaust: the underground forest encampments that saved several thousand Jews from the Nazis. In telling the story of one girl's survival, *Escaping into the Night* marks the arrival of a remarkable new voice in fiction.

With Courage Shall We Fight

The heroic story of Jewish resistance and survival during the Second World War.

Reel Views 2

Drawing on a rich blend of archival sources and thousands of firsthand accounts—including unit journals, interviews, oral histories, memoirs, diaries, letters, and published recollections—*Hell Before Their Very Eyes* focuses on the experiences of the soldiers who liberated Ohrdruf, Buchenwald, and Dachau and their determination to bear witness to this horrific history.

Resistance

A memoir written in prison

To the Edge of Sorrow

Beyond Courage

The poignant story of how a Catholic priest uncovered the truth behind the murder of one and a half million Ukrainian Jews. Father Patrick Desbois documents the daunting task of identifying and examining all the sites where Jews were exterminated by Nazi mobile units in the Ukraine in WWII. Using innovative methodology, interviews, and ballistic evidence, he has determined the location of many mass gravesites with the goal of providing proper burials for the victims of the forgotten Ukrainian Holocaust. Compiling new archival material and many eye-witness accounts, Desbois has put together the first definitive account of one of World War II's bloodiest chapters. Published with the support of the United States Holocaust Memorial Museum. "[T]his modest Roman Catholic priest from Paris, without using much more than his calm voice and Roman collar, has shattered the silence surrounding a largely untold chapter of the Holocaust." --The Chicago Tribune

The Avengers

Thoroughly revised and updated for 2005! Includes a new chapter on the best special edition DVDs and a new chapter on finding hidden easter egg features.

The Bielski Brothers

He's been called "America's greatest living tailor" and "the most interesting man in the world." Now, for the first time, Holocaust-survivor Martin Greenfield tells his whole, incredible life story. Taken from his Czechoslovakian home at age fifteen and transported to the Nazi concentration camp at Auschwitz with his family, Greenfield came face-to-face with "Angel of Death" Dr. Joseph Mengele and was divided forever from his parents, sisters, and baby brother. In haunting, powerful prose, Greenfield remembers his desperation and fear as a teenager alone in the death camp--and how an impulsive decision to steal an SS soldier's shirt dramatically altered the course of his life. He learned how to sew; and when he began wearing the shirt under his prisoner uniform, he learned that clothes possess great power and could even help save his life. Measure of a Man is the story of a man who suffered unimaginable horror and emerged with a dream of success. From sweeping floors at a New York clothing factory to founding America's premier handmade suit company, Greenfield built a fashion empire. Now 86-years-old and working with his sons, Greenfield has dressed the famous and powerful of D.C. and Hollywood, including Presidents Dwight Eisenhower, Bill Clinton, and Barack Obama and celebrities Paul Newman, Martin Scorsese, Leonardo DiCaprio, and Jimmy Fallon. Written with soul-baring honesty and, at times, a wry sense of humor, Measure of a Man is a memoir unlike any other--one that will inspire hope and renew faith in the resilience of man.

Auschwitz

"Paula's story is a testament to the spirit of survival in inhumane times and the triumph of life over those seeking to destroy it. If we carefully read and learn from her experience, we will dedicate ourselves, each generation, to ensuring the present and future dignity of all people"--Back cover.

Collaboration in the Holocaust

This work tells the amazing true story of three brothers who built a village hidden in the middle of the Belorussian forest to save Jews from the invading Nazis.

How Was It Possible?

It is a common belief that Jews did nothing to resist their own fate in the Holocaust. However, the realities of disintegrating physical and psychological conditions, and the efforts of ghetto undergrounds to counter collaborationist judenrat policies and the despair, could not but lead to a breakdown in spiritual life.

Jack and Rochelle

Sixty years after the end of World War II, not all those who were faithful to the Third Reich are dead—some members of the Nazi party and their collaborators are still alive, and increasingly difficult to track down. Time is rapidly running out, but Efraim Zuroff won't give up. Launching Operation Last Chance in 2002, he spearheaded a vast public campaign to locate and bring to justice the worst suspected Nazi criminals before ill health or death spare them from potential punishment. Despite the passage of many years, the reluctance of many governments to cooperate, and even death threats and a price on his head, Zuroff's project yielded the names of over 520 hereto unknown suspects in 24 different countries and led to dozens of murder investigations, as well as several indictments and extradition requests currently pending. Combining the thrill of a detective story with the inherent poignancy of the history of World War II and its aftermath, Operation Last Chance delivers the important and moving story of one man's heroic efforts to honor the victims of the Holocaust.

Essie

On the last day of 1999, a survivor grandmother in Tel Aviv shares with her granddaughter her tragic life story as a child hidden in a pit, with only a rat for company. The granddaughter tells the legend of "Girl and Rat" to her teacher; in 2009 those who heard it through her classmates establish an internet website with poems. From now on this memory is spread all over the world and becomes a myth. A future anthropologist, researching its mysterious roots in 2099, discovers Father Stanislaw's personal journal documenting his rescue of that little Jewish girl, and so the chain of remembrance moves from the present to the future and back to the past.

Brothers in Arms

1 copy signed copy.

Paula's Window

The Nazi regime and local collaborators killed 800,000 Belorussian Jews, many of them parents or relatives of young Jews who survived the war. Thousands of young girls and boys were thus orphaned and struggled for survival on their own. This book is the first systematic account of young Soviet Jews' lives under conditions of Nazi occupation and genocide. These orphans' experiences and memories are rooted in the 1930s, when Soviet policies promoted and sometimes actually created interethnic solidarity and social equality. This experience of interethnic solidarity provided a powerful framework for the ways in which young Jews survived and, several decades after the war, represented their experience of violence and displacement. Through oral histories with several survivors, video testimonies, and memoirs, Anika Walke reveals the crucial roles of age and gender in the ways young Jews survived and remembered the Nazi genocide, and shows how shared experiences of trauma facilitated community building within and beyond national groups. *Pioneers and Partisans* uncovers the repeated transformations of identity that Soviet Jewish children and adolescents experienced, from Soviet citizens in the prewar years, to a target of genocidal violence during the war, to a barely accepted national minority in the postwar Soviet Union.

Justyna's Narrative

This book compares the 2008 film, *Defiance*, to the real life events of the Bielski partisans. Read about the director and cast, including Edward Zwick, Daniel Craig, Liev Schreiber, Jame Bell and more. Also, learn about the real life events and people who inspired this film, including the Belarusian resistance during World War II, Bielski partisans, Tuvia Bielski, Aron Bielski and more. Project Webster represents a new publishing paradigm, allowing disparate content sources to be curated into cohesive, relevant, and informative books. To date, this content has been curated from Wikipedia articles and images under Creative Commons licensing, although as Project Webster continues to increase in scope and dimension, more licensed and public domain content is being added. We believe books such as this represent a new and exciting lexicon in the sharing of human knowledge.

Double Threat

As the Holocaust passes out of living memory, future generations will no longer come face-to-face with Holocaust survivors. But the lessons of that terrible period in history are too important to let slip past. *How Was It Possible?*, edited and introduced by Peter Hayes, provides teachers and students with a comprehensive resource about the Nazi persecution of Jews. Deliberately resisting the reflexive urge to dismiss the topic as too horrible to be understood intellectually or emotionally, the anthology sets out to provide answers to questions that may otherwise defy comprehension. This anthology is organized around key issues of the Holocaust, from the historical context for antisemitism to the impediments to escaping Nazi Germany, and from the logistics of the death camps and the carrying out of genocide to the subsequent

struggles of the displaced survivors in the aftermath. Prepared in cooperation with the Jewish Foundation for the Righteous, this anthology includes contributions from such luminaries as Jean Ancel, Saul Friedlander, Tony Judt, Alan Kraut, Primo Levi, Robert Proctor, Richard Rhodes, Timothy Snyder, and Susan Zuccotti. Taken together, the selections make the ineffable fathomable and demystify the barbarism underlying the tragedy, inviting readers to learn precisely how the Holocaust was, in fact, possible.

Inextinguishable Symphony

Essie's life in the Bielski Partisan camp is full of danger, adventure and intrigue. Just 16 when the Nazis invaded her town, Essie escaped at night to become one of the first 25 Jews in the encampment featured in the movie Defiance that would eventually save 1,200 Jews. Essie became a teenage partisan, a guerilla fighter in the resistance. Sixty years later, she finally shares her story.

Dry Tears

In 1944, a band of Jewish guerrillas emerged from the Baltic forest to join the Russian army in its attack on Vilna, the capital of Lithuania. The band, called the Avengers, was led by Abba Kovner, a charismatic young poet. In the ghetto, Abba had built bombs, sneaking out through the city's sewer tunnels to sabotage German outposts. Abba's chief lieutenants were two teenage girls, Vitka Kempner and Ruzka Korczak. At seventeen, Vitka and Ruzka were perhaps the most daring partisans in the East, the first to blow up a Nazi train in occupied Europe. Each night, the girls shared a bed with Abba, raising gossip in the ghetto. But what they found was more than temporary solace. It was a great love affair. After the liquidation of the ghetto, the Avengers escaped through the city's sewage tunnels to the forest, where they lived for more than a year in a dugout beside a swamp, fighting alongside other partisan groups, and ultimately bombing the city they loved, destroying Vilna's waterworks and its powerplant in order to pave the way for its liberation. Leaving a devastated Poland behind them, they set off for the cities of Europe: Vitka and Abba to the West, where they would be instrumental in orchestrating the massive Jewish exodus to the biblical homeland, and Ruzka to Palestine, where she would be literally the first person to bring a first hand account of the Holocaust to Jewish leaders. It was in these last terrifying days--with travel in Europe still unsafe for Jews and the extent of the Holocaust still not widely known--that the Avengers hatched their plan for revenge. Before it was over, the group would have smuggled enough poison into Nuremberg to kill ten thousand Nazis. The Avengers is the story of what happened to these rebels in the ghetto and in the forest, and how, fighting for the State of Israel, they moved beyond the violence of the Holocaust and made new lives. From Rich Cohen, one of the preeminent journalists of his generation and author of the highly praised Tough Jews, a powerful exploration of vindication and revenge, of dignity and rebellion, painstakingly recreated through his exclusive access to the Avengers themselves. Written with insight, sensitivity,

and the moral force of one of the last great struggles of the Second World War, here is an unforgettable story for our time.

Comparing the Movie, Defiance, to the Real Life Events of the Bielski Partisans

A New York Times Bestseller A multigenerational saga of two families, who rose from immigrant roots to the pinnacle of wealth and power, that tracks the unraveling of American democracy. In *American Oligarchs*, award-winning investigative journalist Andrea Bernstein tells the story of the Trump and Kushner families like never before. Their journey to the White House is a story of survival and loss, crime and betrayal, that stretches from the Klondike Gold Rush, through Nazi-occupied Poland and across the American Century, to our new gilded age. In building and maintaining their dynastic wealth, these families came to embody the rising nationalism and inequality that has pushed the United States to the brink of oligarchy. Building on her landmark reporting for the acclaimed podcast *Trump, Inc.* and *The New Yorker*, Bernstein's painstaking detective work brings to light new information about the families' arrival as immigrants to America, their paths to success, and the business and personal lives of the president and his closest family members. Bernstein traces how the two families ruthlessly harnessed New York and New Jersey machine politics to gain valuable tax breaks and grew rich on federal programs that bolstered the middle class. She shows how the Trump Organization, denied credit by American banks, turned to shady international capital. She reveals astonishing new details about Charles Kushner's attempts to ensnare his brother-in-law with a prostitute and explores how Jared Kushner and his father used a venerable New York newspaper to bolster their business empire. Drawing on more than two hundred interviews and more than one hundred thousand pages of documents, many previously unseen or long forgotten, Bernstein shows how the Trumps and the Kushners repeatedly broke rules and then leveraged secrecy, intimidation, and prosecutorial and judicial power to avoid legal consequences. The result is a compelling narrative that details how the Trump and Kushner dynasties encouraged and profited from a system of corruption, dark money, and influence trading, and that reveals the historical turning points and decisions—on taxation, regulation, white-collar crime, and campaign finance laws—that have brought us to where we are today.

Escaping into the Night

Recreates, through more than five hundred case studies, the experience of hiding among Christians and profiles the motivations and actions of those Polish Christians who helped rescue persecuted Jews

Defiance

A riveting examination in words and photos of Auschwitz, from its roots as a violent market town to the concentration camps built during World War II, provides a compelling conclusion on the evolution of a deadly killing site.

The Hidden Nazi

In 1941, three brothers witnessed their parents and two other siblings being led away to their eventual murders. It was a grim scene that would, of course, be repeated endlessly throughout the war. Instead of running or giving in to despair, these brothers -- Tuvia, Zus, and Asael Bielski -- fought back, waging a guerrilla war of wits against the Nazis. By using their intimate knowledge of the dense forests surrounding the Belarusan towns of Novogrudek and Lida, the Bielskis evaded the Nazis and established a hidden base camp, then set about convincing other Jews to join their ranks. As more and more Jews arrived each day, a robust community began to emerge, a "Jerusalem in the woods." After two and a half years in the woods, in July 1944, the Bielskis learned that the Germans, overrun by the Red Army, were retreating back toward Berlin. More than one thousand Bielski Jews emerged -- alive -- on that final, triumphant exit from the woods.

Resilience and Courage

The prevailing image of European Jews during the Holocaust is one of helpless victims, but in fact many Jews struggled against the terrors of the Third Reich. In *Defiance*, Nechama Tec offers a riveting history of one such group, a forest community in western Belorussia that would number more than 1,200 Jews by 1944--the largest armed rescue operation of Jews by Jews in World War II. Tec reveals that this extraordinary community included both men and women, some with weapons, but mostly unarmed, ranging from infants to the elderly. She reconstructs for the first time the amazing details of how these partisans and their families--hungry, exposed to the harsh winter weather--managed not only to survive, but to offer protection to all Jewish fugitives who could find their way to them. Arguing that this success would have been unthinkable without the vision of one man, Tec offers penetrating insight into the group's commander, Tuvia Bielski. Tec brings to light the untold story of Bielski's struggle as a partisan who lost his parents, wife, and two brothers to the Nazis, yet never wavered in his conviction that it was more important to save one Jew than to kill twenty Germans. She shows how, under Bielski's guidance, the partisans smuggled Jews out of heavily guarded ghettos, scouted the roads for fugitives, and led retaliatory raids against Belorussian peasants who collaborated with the Nazis. Herself a Holocaust survivor, Nechama Tec here draws on wide-ranging research and never before published interviews with surviving partisans--including Tuvia Bielski himself--to reconstruct here the poignant and unforgettable story of those who chose to fight.

The Youngest Partisan

A story of a young Jewish girl's coming-of-age during the tragic years of the Holocaust.

Gestalt Psychology in German Culture, 1890-1967

In this careful study of Jewish and non-Jewish resistance during World War II, Holocaust scholar Tec Nechama argues that Jews were not passive or submissive in the face of German oppression, but that their efforts had different aims and expressions than those of their non-Jewish counterparts.

The Holocaust by Bullets

Few lives shed more light on the complex relationship between Jews and Christians during and after the Holocaust--or provide a more moving portrait of courage--than Oswald Rufeisen's. A Jew passing as a Christian in occupied Poland, Rufeisen worked as translator for the German police--the very people who rounded up and murdered the Jews--and repeatedly risked his life to save hundreds from the Nazis. In this gripping biography, Nechama Tec, a widely acclaimed writer on the Holocaust, recounts Rufeisen's remarkable story. A youth of seventeen when World War II began, Rufeisen joined the exodus of Poles who fled the approaching German army. Tec vividly describes how Rufeisen used his ability to speak fluent German to pass as half German and half Polish in Mir, where he came to serve as translator and personal secretary to the German in charge of the gendarmerie. As he carried out his duties--reading death sentences to prisoners, swearing in new police officers before a portrait of Hitler--he earned the trust and affection of the German commander, yet lived in constant fear of discovery. He used his position to pass secret information to Jews and Christians about impending "aktions" and to sabotage Nazi plans. Most notably, he thwarted the annihilation of the Mir ghetto by arming hundreds of doomed Jews and organizing their escape, and saved an entire Belorussian village from destruction. Denounced, Rufeisen escaped and found shelter in a convent, where he converted to Catholicism. Though a pacifist, he spent the rest of the war fighting in a Russian partisan unit. After the war, Father Daniel (as he is now known) became a priest and a Carmelite monk. Identifying himself as a Christian Jew and an ardent Zionist, he moved to Israel, where he challenged the Law of Return in a case that reached the High Court and attracted international attention. Today he continues to devote himself to bridging the gap between Christians and Jews. In *The Lion's Den* offers a stirring portrait of a Jewish rescuer during the Holocaust and its aftermath, illuminating the intricate connections between good and evil, cruelty and compassion, and Judaism and Christianity.

When Light Pierced the Darkness

What was the role played by local police volunteers in the Holocaust? Using powerful eye-witness descriptions from the towns and villages of Belorussia and Ukraine, Martin Dean's new book reveals local policemen as hands-on collaborators of the Nazis. They brutally drove Jewish neighbors from their homes and guarded them closely on the way to their deaths.

Some distinguished themselves as ruthless murders. Outnumbering German police manpower in these areas, the local police were the foot-soldiers of the Holocaust in the east.

Nazi Terror

This is a Holocaust story like very few others. It's about a youngster who turned on his persecutors and showed them that Jewish blood is not cheap. And he lived to tell his story! A. Romi Cohn -- today a well-known mohel, businessman and philanthropist -- was a precocious, active 10-year-old yeshivah student when the Nazis invaded Poland. Soon afterward, they and their puppet regime took over his native Czechoslovakia. The Nazis did not have to round up Czech Jews, the Czechs did it for them, and even paid the conqueror to take the Jews off their hands.

Hell Before Their Very Eyes

A full-length historical study of Gestalt psychology in Germany, based on exhaustive research in primary sources.

Fugitives of the Forest

The deep forests of Poland and Belorussia are the domain of the occupying Germans during World War II. The three Bielski brothers go into the forests to undertake the impossible task of foraging for food, weapons and survival, not just for themselves but for a large mass of Polish Jews fleeing from the German war machine. The brothers, living with the fear of discovery, must contend with neighboring Soviet partisans and deciding whom to trust. They take on the responsibility of guardians and motivate hundreds of women, men, children and elderly to join their fight against the Nazi regime while hiding in makeshift homes in the dark, cold, unforgiving forest. At the same time, the brothers turn a band of war defectors into powerful freedom fighters. Based on true events.
