### **Statehood for Delhi?**

Food is the basic necessity of one's life and whatever we do, we do so to eat well, live in comfort and have a comfortable dwelling place. But our food must be balanced, cheap, nutritious and easily available. Keeping such factors in mind and pocket constraints of general masses, some lines have been devoted to this particular aspect. Before we conclude, it is better to advise the readers that if, per chance, some complication occurs, consult dietician or Naturopath who can advise for proper modification and substitutes for juice therapy, keeping in view an individual's requirement. But never get panicky, nervous or impatient. This book has been written to stress upon the utility, efficacy, usage, curability of various physical disorders, their blending with other products as and when necessitated, alternate substitution with other less costly substitutes, so that one can derive equal benefits, even with limited and sparse resources.

Usha, a student of Law from Haryana, and Surya, a student of English Literature from Bihar, meet on the campus in Delhi and fall in love with each other. Two years later, Surya becomes an officer in Bihar and they are separated over the demand of a hefty dowry by Surya's father. Fourteen years later, when they are reunited, they set out to meet their campus buddies – Maya, Cobra and Hooda, who exemplify money, God and sex respectively. Will they learn that more than God, money and sex, it is love that is needed to nourish and breathe life into human relationships?

The founding fathers of the Constitution were unambiguous, categorical and crystal clear that the concept of Statehood for Delhi is impractical and cannot be given effect to as long as Delhi remains India's Federal capital and the seat of Central Government. However, notwithstanding unanimity of views expressed by them, some political parties at the local level, driven unabashedly by narrow vested interests and in contradiction to the vision and wisdom of our national icons, continued to demand full Statehood for Delhi from time to time. Thanks to the maturity and sophistication of Delhi voters, they

have now bottled up the issue by puncturing the plank of Statehood in the recently concluded Parliamentary elections, 2019 by not giving even a single seat in Lok Sabha to the protagonists of this concept. An unmissable book on the subject which unravels many mysteries.

Dear Reader, Genetics study says, life expectancy is decreasing day by day, previous generation was becoming baldy, getting dead white hairs or getting diseases like coronary arteries, diabetes, in the age of 45-50 but now today's generation is becoming baldy or getting all these diseases and aberrations in genes in the age of 23-28. And they transfer that weakness, these genetically modified traits to their coming generations. They are getting younger and older in the age of 13-20 years. Our previous generations have got the wrong knowledge pertaining to lifestyle, religions etc and they have transferred them to us and we are transferring them to our coming generations. This is genetics. This unwanted energy makes us to collect assets, to lie, to pretend, to make corruption and it always has adversely bad effect for generations. Why mostly rich people suffer all the time? By reading this book, you can stop the ageing factor (becoming older in very early age) which is growing haphazardly. Save yourself from agony, frustration & depression. Know the genuine truth; know the answers of your questions & future. You will always be ruled, if you don't try to know the truth. Nobody can stop this chaos until they know it. This

may be the last opportunity to reveal it; will we never know the truth? Today whatever bad happen with you is because, the effect of whatever wrong karma your ancestors did and the same characters you also bear. Why this kind of punishment you suffer through you should know. Your behavior your treatment shows how your religion is. Mercy is there but only in speaking not in practical life. Why women suffer the most, characteristics of women (what they actually are and why these are like this, why these are being seen with the same vision by males), Why these are exposing to various types of cancer like non-curable diseases. Why these expose to violence and how the violence can be stopped with their help. The real characteristics of man, who can said to be the royal, real scholar, to reveal the mystery behind appearance of ghost, soul, miracles, wrong concepts and theories, to know everything truth about corruption, capitalism etc. Analyze, examine and experience on your own. The karma and its consequences, why these few people, few communities all time try to create their dominance & influence? Why we are being made to accept our situation whatever we are and why are not we capable to think critically, how you are being prohibited? Why there are several challenging diseases arising day by day and why maximum approx. 90% people would suffer through these non-curable diseases like cancers of various types' diabetes, heart attack and genetic disorder etc. and why our relatives our lovable people suffer through them although there is an advanced technology and we are obedient devotee as well as sincere followers of our religion? Today's world is full of those who enjoy hurting others or when they see others in

trouble, problems. Commercial, selfish mind which is without proper teaching just exploits other. Vile & sadistic, whimsical, annoyed mind enjoy life in hurting others. This is the empire of envy, hypocrisy and ego. Today there is no any doctor to cure your diseases; you could save yourself from getting things worsts. It's a perfect and precise calculation, none can interfere in it. There are several questions and several mysteries yet to be revealed. To reveal the mystery behind appearance of god, miracles, and different religious scriptures, who were the Prophets, Angels, Buddha and various scholars? Who created these religions with benevolent and good purpose and who use them for their persistent economic benefits? Know the genuine, fundamental and noble truth. Illuminate yourself. This book is the comprehensive aspect of all subjects, the core and the base of entire knowledge present in the universe. Thank you!

The Significance Of Political Thought Cannot Be Overemphasized. The Task Of Understanding The Deeper Implications Of The Present Situation And The Future Planning Can Be Assisted By A Careful Study Of Political Thought Of The Ages. The Study Of Political Thought In The Historical Perspective Leads To Mature Thinking And Enables The Political Leaders To Solve Contemporary Problems In A Better Way. The Political Thought Of Modern World Is Based On

Western Political Thought. It Is Always Preferred To Begin The Study Of Political Thought With The Western Thinkers, Better Say Greeks, Because Unlike Their Eastern Counterpart, Their Speculations Are Exclusively Contained In Independent Treatises And Do Not Form Part Of Literature Which Was Predominantly Religious And Ethical. Accordingly, The Present Volume Begins With Homer And Includes In Its Study The Prominent Thinkers Of The West Of All Ages Plato, Aristotle, Aquinas, Machiavelli, Hobbes, Locke, Rousseau, Hume, Burke To Name But A Few. Analytic In Presentation, The Present Book Is Concise And Easily Comprehensible. Since Its Matter Has Been Drawn From Authentic Originals And The Books Of Eminent Western Authors Have Been Referred To, The Book Aptly Caters With The Academic Needs Of Students Of Political Science. It Provides A Bibliography And Also A List Of Questions Set At Various University Examinations, Aiming At Facilitating The Preparation For Examination. While The Teachers Will Find This Book An Ideal Reference Book, The General Readers Will Find It Highly Informative.

For a lot of people, the biggest question about God is not, surprisingly enough, whether He exists. Instead, it is about whether God is truly good. Dinesh D'Souza, in his debates with leading atheists, quickly realized that many of those debates revolved around the question of evil in this world—how God could create a

world that allowed such suffering and evil. In *What's So Great about God*, Dinesh D'Souza takes these questions head-on: Does God act like a tyrant? Is God really responsible for the evil in this world? Why is there suffering in the world? For the first time ever, Dinesh D'Souza approaches this apologetic topic with historical and scientific proof and presents to the reader why God is truly worthy of our worship and love.

It is tough to be a famous junior, and more so when the senior happens to be Akbar, the Mughal-e-Azam. This was the tragedy of Jahangir. It was a personal tragedy in which neither Anarkali nor Noor Jahan had any role, though popular stories associate these two women, more than anyone else with Jahangir. Jahangir's love for his father was deep and his admiration vast. The events described in this book are

based on the memoirs of Akbar and Jahangir and other historical records.

Toad is an enormously popular interactive environment tool for Oracle development and administration. It allows developers to build, test, debug, and format their code via an easy-to-use graphical user interface, available in both freeware and commercial versions. Toad makes developers far more productive; using Toad, you'll find that program changes that once took hours can now be completed in minutes. Toad allows developers to browse their database tables, procedures, and object types; use code templates; and show errors. It also simplifies database administration by providing a way for DBAs to graphically browse and change database characteristics. Updated for Toad Versions 8.0 and 8.5, this pocket book is packed with quick-reference material: Toad feature and menu summaries, shortcut keys, suggested changes to Toad defaults, productivity tips and tricks, and more. The book includes concise discussions of all the basic Toad components: the SQL Editor, Procedure Editor, SQL Modeler, Schema Browser, Project Manager, and Debugger. The second edition includes coverage of

new SQL Editor features, improvements in usability, and new tools such as CodeXpert (a robust code analyzer and advisor) and Script Debugger (the only tool available that provides real-time debugging of SQL\*Plus scripts). It also provides helpful hints on using Toad to perform database administration and SQL tuning and optimization. Whether you're a new or experienced Toad user, you'll find this quick reference an indispensable companion to the product and its online help files.
