Drugs with side benefits Many older affordable generic drugs — proven safe for treating ulcers, high cholesterol, heart arrhythmia, parasites, erectile dysfunction and other conditions — have multiple “side benefits” that battle effects of Covid-19, said Moshe Rogosnitzky , cofounder and executive director of the MedInsight Research

Cannabis: [Uses \(Medical\), Effects & Warnings - Drugs.com](#)

When a patient has several different medicines prescribed with higher dosing frequency, the chances that they are nonadherent increase. Physicians can try to simplify a patient’s dosing schedule by adjusting medicines so they can be taken at the same time of day. Choosing long-acting drugs can also help if the dosing burden is too complex.

Don't Be Tempted to Use Expired Medicines | FDA

Version: 2.6.4 I can clearly see that this is a WIP but im probably going to use it on my server, some things id like to see added is a configurable /drugs help, considering i have removed the beet and bones drugs and they still show up on there. id like to be able to change the effect of the drugs and atm i have no idea what effects they give, i would love to be able to rename sugar to
