A new look at the first few seconds after the Big Bang—and how research into these moments continues to revolutionize our understanding of our universe Scientists in recent decades have made crucial discoveries about how our cosmos evolved over the past 13.8 billion years. But we still know little about what happened in the first seconds after the Big Bang. *At the Edge of Time* focuses on what we have learned and are striving to understand about this mysterious period at the beginning of cosmic history. Delving into the remarkable science of cosmology, Dan Hooper describes many of the extraordinary questions that scientists are asking about the origin and nature of our world. Hooper examines how the Large Hadron Collider and other experiments re-create the conditions of the Big Bang, how we may finally discover the way dark matter was formed during our universe's first moments, and how,

with new telescopes, we are lifting the veil on the era of cosmic inflation. At the Edge of Time presents an accessible investigation of our universe and its birth.

Duck, Duck, Goose!

If there is a frontier beyond organic, local, and seasonal, beyond farmers' markets and sustainably raised meat, it surely includes hunting, fishing, and foraging your own food. A lifelong angler and forager who became a hunter late in life, Hank Shaw has chronicled his passion for hunting and gathering in his widely read blog, *Hunter Angler Gardener Cook*, which has developed an avid following among outdoor people and foodies alike. Hank is dedicated to finding a place on the table for the myriad overlooked and underutilized wild foods that are there for the taking—if you know how to get them. In *Hunt, Gather, Cook*, he shares his experiences both in the field and the kitchen, as well as his extensive knowledge of North America's edible flora and fauna. With the fresh, clever prose that brings so many readers to his blog, Hank provides a user-friendly, food-oriented introduction to tracking down everything from sassafras to striped bass to snowshoe hares. He then provides innovative ways to prepare wild foods that go far beyond typical campfire cuisine: homemade root beer, cured wild boar loin, boneless tempura shad, Sardinian hare stew—even pasta made with handmade acorn flour. For anyone ready to take a more active role in determining what they feed themselves and their families, *Hunt, Gather, Cook* offers an entertaining and delicious introduction to harvesting the bounty of wild foods to be found in every part of the country.

Little siblings of Duck and Goose fans rejoice! The stars of the bestselling Duck & Goose and Duck, Duck, Goose return in this board book for preschoolers, this time, to introduce basic opposites. In this ALA-ALSC Notable Children's Book, Goose carries an oh-so-heavy log, while duck easily balances a light-as-a-feather feather. Thistle is one fast bird, but Goose is slooo-w. And when Duck is sound asleep, Goose is wide awake. With a simple text and colorful illustrations—plus the inimitable characters, of course—here's a wonderful, and humorous, introduction to an important concept. From the Board edition.

Duck Duck Goose State Champion

A simple, friendly game of Duck, Duck, Goose goes off the rails in giggle-inducing confusion when a silly goose tries to make it all about him. “Are you kidding me? I am Goose!” A literal-minded goose derails a favorite childhood game—Duck, Duck, Goose—by objecting when Pig, Fox, Dodo, and other players are tapped as “Goose.” Distraction, squabbling, and asking for snacks threaten to end the game completely. Bossy Rabbit restores calm, but Goose doesn’t understand what the problem is until he gets a taste of his own medicine as several ducks arrive and join in, each insisting, “I am Duck!” Engaging animal characters cavort through this spirited, laugh-aloud romp.

bird tells them that their egg is really a ball. Delightfully funny story with rich paintings and strong main characters, which firmly establishes the positive aspects of learning to share.

As the two tend to their egg, and make plans for the future, they come to appreciate one another's strengths.
