In August 1988, Zia gets into the presidential plane, Pak One, which explodes midway. Who killed him? The army generals growing old waiting for their promotions, the CIA, the ISI, RAW, or Ali Shigri, a junior officer at the military academy whose father, a whisky-swilling jihadi colonel, was murdered by the

army? A Case of Exploding Mangoes is sharp, black, inventive, and utterly gripping. It marks the debut of a brilliant new writer.

Various Census of India

A New Hindustani English Dictionary

This outstanding collection brings together eminent contributors (from Britain, the US, Brazil, India and Canada) to examine crucial interconnections between postcolonial theory and translation studies. Examining the relationships between language and power across cultural boundaries, this collection reveals the vital role of translation in redefining the meanings of culture and ethnic identity. The essay topics include: * links between centre and margins in intellectual transfer * shifts in translation practice from colonial to post-colonial societies. * translation and power relations in Indian languages * Brazilian cannibalistic theories in literary transfer.

Studies on Hindi

This book has the unique distinction of presenting, in one compendious volume, the best of Ghalib in poetry and prose. It contains 104 ghazals, seven

miscellaneous poems, and a bouquet of sixty-eight selected letters, besides a few striking couplets and qitas. The ghazals and poems are first given in the original form in calligraphic Urdu. This is followed, on the opposite page, by their English translation, couched in a language that is simple, lucid and rhythmical. The ghazals and poems have also been provided with a transliterated version in the Roman script. This should enable the non-Urdu-knowing reader to have a feel and flavour of the Urdu text. In addition, the book contains a critical-cum-biographical introduction which is comprehensive, well-documented, and insightful. It is hoped that the book will receive a welcome response from the lovers of Ghalib, who was an outstanding poet fit to rank with the greatest poets of the world, and a precious part of our cultural heritage.

Urdu Books

Some 3000 monographs and journal items in European languages are listed in this annotated bibliography on Urdu language, literature and related subjects and disciplines. All entries for monographs are briefly annotated, and entries for articles give an indication of the subject matter.

SIMIN HABIBIAN has collected 1001 of the most well known Persian proverbs and has found the equivalent or similar of each in English. She has also included a literal translation of each proverb in English, to help the reader and so that the cultural similarities and differences can be seen. In addition, 1001 Persian-English Proverbs includes 111 more proverbs illustrated. The reader can guess which proverb it refers to. An answer key in the back tells the reader which proverb the illustration represents. The book is suited for those learning Persian (Farsi) and for second generation Iranian-Americans who wish to further expand their understanding of their mother language and culture. The reader who does not read or speak Persian will find it a pleasant read.

Ancient Wisdom

This book will provide a brief overview of the influence of the Persian language on the Urdu language and description of the usages of some Persian proverbs in Urdu language. Persian is the predominant modern descendant of Old Persian and is one of the Western Iranian languages within the Indo-Iranian branch of the Indo-European language family. With a long history of literature, Persian was the first language in the Muslim world to break through Arabic's monopoly on writing, and the writing of poetry in Persian was established as a court tradition in many eastern courts including Urdu. Persian has had a considerable (mainly lexical) influence on neighboring languages, particularly the Turkic languages in Central Asia, Caucasus, and Anatolia, neighboring Iranian languages, as well as Armenian, Georgian, and Indo-Aryan languages, especially Urdu. For centuries, Persian has been a prestigious cultural language in other regions of Western Asia, Central Asia, and South Asia by the various empires based in the regions including Urdu speaking world. Following the Turko-Persian Ghaznavid conquest of South Asia, Persian was firstly introduced in the region by Turkic Central Asians.
