Edmund Burke's Theory of the Sublime and It's Reflection in Gothic Fiction: Mary Shelley's "Frankenstein"

Rooted in real-life math experiences, this highly readable book explores innovative ways you can teach math principles using the best children's books. This simple book shows teachers how to select, organize, and use children's literature to connect children with real-world math. Committed to creating long-lasting positive math memories, it goes beyond reading about math and encourages linking text with relevant manipulatives in a hands-on, minds-on, problem-solving environment.

Voice and the Fictional Narrative

For students and scholars of historiography, the theory of history, and literary studies, Robert Doran (French and comparative literature, U. of Rochester) gathers together 23 previously uncollected essays written by theorist and historian Hayden White (comparative literature, Stanford U.) from 1957 to 2007, on his theories of historical writing and narrative. Essays are organized chronologically and reveal the evolution of White's thought and its relationship to theories of the time, as well as the impact on the way scholars think about historical representation, the discipline of history, and how historiography intersects with other areas, especially

literary studies. They specifically address theory of tropes, theory of narrative, and figuralism.

The Awakening

Part One of this strongly worded, informed, and wide-ranging collection examines key issues for the future of Canadian criticism. Part Two offers new readings of important works by Grove, Wilson, MacLennan, Davies, Laurence, Hood, Wiebe, Hodgins, and Atwood. As W.J. Keith argues, 'We still have a mission: to have our literature recognized as an essential reflection of our national life. This is what I mean by retrenchment and consolidation. Literature can survive without literary criticism but it cannot survive if it is unknown and unread. It is criticism's prime function at the present time to see that it is both known and read with that mature enjoyment which is a combination of emotional sensitivity and humane intelligence. As critics, scholars, editors, we shall not be fulfilling our responsibilities or justifying our existence if we attempt anything less.' Or as Keith modestly observes in his introduction to this collection, 'If this book is of any

interest, it will be because Canadian literature is an important subject. Literary commentators like myself are middle-men, and should be prepared to admit the fact. If this book succeeds in helping readers to appreciate the works of Canadian writers that I discuss, and to derive increased pleasure and insight from them, it will have served its purpose. I can see no other justification for it -- or for any other work of criticism.'

Research Guide to Biography and Criticism

Mrs. Chopin's most ambitious work, and that by many regarded as her greatest achievement, is 'The Awakening'. It was written in the belief that in this larger form she could best develop the qualities of her talent. The book shows breadth of view, sincerity, art of the finest kind, a deep knowledge of the woman soul, and accurate individualized character delineation. Edna, the wife of Leonce Pontellier, and mother of two children, is aroused by the simple love of a young Creole to the knowledge of demands in her rich passionate nature that cannot be satisfied by her wifely and maternal duties. Without a fitting education she tries to realize her self at the expense of her functions. Meeting with insurmountable obstacles in society and in her own soul, she surrenders life rather than her new independence.

The Harper anthology of fiction

The Short Fiction of Edgar Allan Poe brings together, in one convenient edition, all of the information a reader needs to understand Poe's stories. Readable, attractive, and accessible to a general reader or student, it also provides a useful resource for the scholar and specialist. Stuart Levine and Susan Levine tracked down information that is often highly specialized and hard to come by through an extensive program of literary sleuthing--an investigation that took him through the hundreds of places where scholars make their contributions to knowledge.

An Introduction to Fiction

Bachelor Thesis from the year 2013 in the subject English Language and Literature Studies - Literature, grade: 1,0, , course: English Philology, language: English, abstract: Who really was the man who wrote the "bible of fantasy" and what about his beautifully designed world of Middle-Earth? Aim of this work is to present the problem of good and evil in Tolkien's output. His work contributed to a number of fantastic novels, films and computer games in which we can find the motif of darkness and light. The first part of my work I will dedicate as a whole to the genre of fantasy. I will present a bibliography of the outstanding English philologist and writer. I will explain the importance of the fantasy genre and discuss the origins of

his works, and how these books impact on other writers. This chapter will also contain the impact of fantasy on our dreams and what we really obtain while reading fantasy literature. In the second chapter I will start with Tolkien's biography. Then I am going to characterize the world which Tolkien presented in his works. Every character has to complete a specified mission and some of them are heroes. I will discuss major characters based on hero's journey, the term coined by Joseph Campbell. Relations between them mirror relations in the real world although distant. Tolkien created in his novels everything from geography, flora and fauna, human and superhuman races to complete histories, beliefs and traditions. In the third chapter I will analyze two concepts of the world of Middle-Earth that Tolkien has created in his novels, good and evil. They fit in literature's mainstream with universal messages, except that, all of considerations are a part of the fantasy genre convention. Each of these elements has many meanings in the works of Tolkien and acts as a symbol like the One Ring which will be fully described in my work.

Good and Evil in Middle-Earth. The Fantasy World of J. R. R. Tolkien

The colorful story of the famous chief Tecumseh (1768-1813) is presented through this generous selection of the earliest records. These letters, descriptions, and narratives by statesmen and men close to the Shawnee warrior must be the basis for any assessment of his role in the struggle of the Indian nation to maintain itself against the settlers. Since the Indians wrote nothing and white men gave conflicting reports about Tecumseh's life and death, the legends and historical accounts leave much scope for fresh inquiry.

Seminar paper from the year 2011 in the subject English Language and Literature Studies - Literature, RWTH Aachen University, language: English, abstract: Many authors would agree that Frankenstein is one of the most famous Gothic tales of all time. It was first published in 1818 and is famous for its descriptions of landscape and nature, as well as its prophetic dimension. More than 60 years before the novel was published, Edmund Burke set out to analyze the sublime. By doing so, he actually took an important step towards founding the genre Shelley engaged in, in writing Frankenstein. His *A Philosophical Inquiry into the Origins of our Ideas of the Beautiful and the Sublime* published in 1757 became a great success. This term paper sets out to shed light on a number of problem areas concerning the connection between Shelley's novel and Burke's theory of the sublime. The paper arose out of the Proseminar 'Gothic Literatur' by XY, M.A. in the Summer Semester 2011 at RWTH University Aachen. During the course, different topics concerning the Gothic novel were discussed in combination with four of the most famous novels belonging to the genre. Among them was Frankenstein as a novel and 'Burke's Theory of the Sublime and Its Reflection in the Gothic Fiction' as a topic. The central question to be examined in this paper is how Burke's theory of the sublime is reflected in Shelley's Gothic novel. Further questions to be dealt with in this term paper are: what is the Burkean sublime? What was new and different about Burke's concept of the Sublime - as the Sublime itself is by no means a groundbreaking, new concept. Does Shelley intentionally incorporate sublime features in her novel or comment on the use of Burke's theory? Is there a social

dimension to Burke's theory? In what way does the novel reflect the sublime? Is a sense of the sublime only conveyed through descriptions of nature? The first part of the term paper presents Burke's theory of the sublime, an analysis of the connection between Shelley and the sublime and an analysis of the social dimension of the sublime. The next part is going to shed light on how Frankenstein as a Gothic novel reflects elements of Burke's theory of the sublime. A fuller discussion including an analysis of all scenes displaying sublime elements would go beyond the range of the paper. In this matter only five scenes were chosen. Those scenes are significant for the plot development, as well as they help to support the line of argumentation. Eventually, a conclusion will be drawn.
