## Three Cups of Deceit

In this witty and exuberant collection of feminist retellings of traditional Japanese folktales, humans live side by side with spirits who provide a variety of useful services—from truth-telling to babysitting, from protecting castles to fighting crime. A busybody aunt who disapproves of hair removal; a pair of door-to-door saleswomen hawking portable lanterns; a cheerful lover who visits every night to take a luxurious bath; a silent house-caller who babysits and cleans while a single mother is out working. Where the Wild Ladies Are is populated by these and many other spirited women—who also happen to be ghosts. This is a realm in which jealousy, stubbornness, and other excessive “feminine” passions are not to be

feared or suppressed, but rather cultivated; and, chances are, a man named Mr. Tei will notice your talents and recruit you, dead or alive (preferably dead), to join his mysterious company. In this witty and exuberant collection of linked stories, Aoko Matsuda takes the rich, millenia-old tradition of Japanese folktales—shapeshifting wives and foxes, magical trees and wells—and wholly reinvents them, presenting a world in which humans are consoled, guided, challenged, and transformed by the only sometimes visible forces that surround them.

### **Into the Wild**

As prophesized, a young house cat becomes an apprentice warrior in a clan of wild cats, where he faces many dangers and treachery both within and outside of his new clan.

### **Innumeracy in the Wild**

Max is sent to bed without supper and imagines sailing away to the land of Wild Things, where he is made king. Winner, 1964 Caldecott Medal Notable Children's Books of 1940–1970 (ALA) 1981 Boston Globe–Horn Book Award for Illustration 1963, 1982 Fanfare Honor List (The Horn Book) Best Illustrated Children's Books of 1963, 1982 (NYT) A Reading Rainbow Selection 1964 Lewis Carroll Shelf Award Children's Books of 1981 (Library of Congress) 1981 Children's Books (NY Public Library) 100 Books for Reading and Sharing 1988 (NY Public Library)

### **Dog Is Love**

Rapunzel tries to live a normal life after her escape from the Wild and the fairy tale plots it imposes, but when the Wild takes over her town, it is her daughter Julie who tries to prevent everyone from being trapped in a story.

### **Into the Wild**

“We walked toward the part of the library where the air smelled as if it had been interred for years..... Finally, we got to the hallway where the wooden floor was the creakiest, and we sensed a strange whiff of excitement and fear. It smelled like a creature from a bygone time. It smelled like a dragon.” Thirteen-year-old Juan’s favorite things in the world are koalas, eating roast chicken, and the summer-time. This summer, though, is off to a terrible start. First, Juan’s parents separate and his dad goes to Paris. Then, as if that wasn’t horrible enough, Juan is sent away to his strange Uncle Tito’s house for the entire break! Uncle Tito is really odd: he has zigzag eyebrows; drinks ten cups of smoky tea a day; and lives inside a huge, mysterious library. One day, while Juan is exploring the library, he notices something inexplicable and rushes to tell Uncle Tito. “The books moved!” His uncle drinks all his tea in one gulp and, sputtering, lets his nephew in on a secret: Juan is a Princeps Reader--which means books respond magically to him--and he’s the only person capable of finding the elusive, never-before-read Wild Book. Juan teams up with his new friend Catalina and his little sister, and

together they delve through books that scuttle from one shelf to the next, topple over unexpectedly, or even disappear altogether to find The Wild Book and discover its secret. But will they find it before the wicked, story-stealing Pirate Book does?

### **Alone in the Wild**

Greg Mortenson, the bestselling author of *Three Cups of Tea*, is a man who has built a global reputation as a selfless humanitarian and children's crusader, and he's been nominated for the Nobel Peace Prize. But, as Jon Krakauer demonstrates in this extensively researched and penetrating book, he is not all that he appears to be. Based on wide-ranging interviews with former employees, board members, and others who have intimate knowledge of Mortenson and his charity, the Central Asia Institute, *Three Cups of Deceit* uncovers multiple layers of deception behind Mortenson's public image. Was his crusade really inspired by a desire to repay the kindness of villagers who nursed him back to health when he became lost on his descent down K2? Was he abducted and held for eight days by the Taliban? Has his charity built all of the schools that he has claimed? This book is a passionately argued plea for the truth, and a tragic tale of good intentions gone very wrong. 100% of Jon Krakauer's proceeds from the sale of *Three Cups of Deceit* will be donated to the "Stop Girl Trafficking" project at the American Himalayan Foundation ([www.himalayan-foundation.org/live/project/stopgirltrafficking](http://www.himalayan-foundation.org/live/project/stopgirltrafficking)).

## Wild at Heart

For the fiftieth anniversary of the film, W.K. Stratton's definitive history of the making of *The Wild Bunch*, named one of the greatest Westerns of all time by the American Film Institute. Sam Peckinpah's film *The Wild Bunch* is the story of a gang of outlaws who are one big steal from retirement. When their attempted train robbery goes awry, the gang flees to Mexico and falls in with a brutal general of the Mexican Revolution, who offers them the job of a lifetime. Conceived by a stuntman, directed by a blacklisted director, and shot in the sand and heat of the Mexican desert, the movie seemed doomed. Instead, it became an instant classic with a dark, violent take on the Western movie tradition. In *The Wild Bunch*, W.K. Stratton tells the fascinating history of the making of the movie and documents for the first time the extraordinary contribution of Mexican and Mexican-American actors and crew members to the movie's success. Shaped by infamous director Sam Peckinpah, and starring such visionary actors as William Holden, Ernest Borgnine, Edmond O'Brien, and Robert Ryan, the movie was also the product of an industry and a nation in transition. By 1968, when the movie was filmed, the studio system that had perpetuated the myth of the valiant cowboy in movies like *The Searchers* had collapsed, and America was riled by Vietnam, race riots, and assassinations. *The Wild Bunch* spoke to America in its moment, when war and senseless violence seemed to define both domestic and international life. *The Wild Bunch* is an authoritative history of the making of a movie and the

era behind it.

### **The End of the Wild**

In #1 New York Times bestseller Kelley Armstrong's latest thriller, the hidden town of Rockton is about to face a challenge none of them saw coming: a baby. Every season in Rockton seems to bring a new challenge. At least that's what Detective Casey Duncan has felt since she decided to call this place home. Between all the secretive residents, the sometimes-hostile settlers outside, and the surrounding wilderness, there's always something to worry about. While on a much needed camping vacation with her boyfriend, Sheriff Eric Dalton, Casey hears a baby crying in the woods. The sound leads them to a tragic scene: a woman buried under the snow, murdered, a baby still alive in her arms. A town that doesn't let anyone in under the age of eighteen, Rockton must take care of its youngest resident yet while solving another murder and finding out where the baby came from - and whether she's better off where she is. #1 New York Times bestselling author Kelley Armstrong again delivers an engaging, tense thriller set in perhaps the most interesting town in all of contemporary crime fiction.

### **The Wild and the Wicked**

When Jon Krakauer reached the summit of Mt. Everest in the early afternoon of May 10, 1996, he hadn't slept in fifty-seven hours and was reeling from the brain-altering effects of oxygen depletion. As he turned to

begin the perilous descent from 29,028 feet (roughly the cruising altitude of an Airbus jetliner), twenty other climbers were still pushing doggedly to the top, unaware that the sky had begun to roil with clouds. Into Thin Air is the definitive account of the deadliest season in the history of Everest by the acclaimed Outside journalist and author of the bestselling Into the Wild. Taking the reader step by step from Katmandu to the mountain's deadly pinnacle, Krakauer has his readers shaking on the edge of their seat. Beyond the terrors of this account, however, he also peers deeply into the myth of the world's tallest mountain. What is it about Everest that has compelled so many people—including himself—to throw caution to the wind, ignore the concerns of loved ones, and willingly subject themselves to such risk, hardship, and expense? Written with emotional clarity and supported by his unimpeachable reporting, Krakauer's eyewitness account of what happened on the roof of the world is a singular achievement. From the Paperback edition.

### **Into the Wild**

A pioneering canine behaviorist draws on cutting-edge research to show that a single, simple trait—the capacity to love—is what makes dogs such perfect companions for humans, and explains how we can better reciprocate their affection. “Lively and fascinating . . . The reader comes away cheered, better informed, and with a new and deeper appreciation for our amazing canine companions and their enormous capacity for love.” —Cat Warren, *New*

York Times best-selling author of *What the Dog Knows* Does your dog love you? Every dog lover knows the feeling. The nuzzle of a dog's nose, the warmth of them lying at our feet, even their whining when they want to get up on the bed. It really seems like our dogs love us, too. But for years, scientists have resisted that conclusion, warning against anthropomorphizing our pets. Enter Clive Wynne, a pioneering canine behaviorist whose research is helping to usher in a new era: one in which love, not intelligence or submissiveness, is at the heart of the human-canine relationship. Drawing on cutting-edge studies from his lab and others around the world, Wynne shows that affection is the very essence of dogs, from their faces and tails to their brains, hormones, even DNA. This scientific revolution is revealing more about dogs' unique origins, behavior, needs, and hidden depths than we ever imagined possible. A humane, illuminating book, *Dog Is Love* is essential reading for anyone who has ever loved a dog—and experienced the wonder of being loved back.

### **Into the Wild**

A New York Times Bestseller "The Wild Truth is an important book on two fronts: It sets the record straight about a story that has touched thousands of readers, and it opens up a conversation about hideous domestic violence hidden behind a mask of prosperity and propriety."—NPR.org The spellbinding story of Chris McCandless, who gave away his savings, hitchhiked to Alaska, walked into the

wilderness alone, and starved to death in 1992, fascinated not just New York Times bestselling author Jon Krakauer, but also the rest of the nation. Krakauer's book, *Into the Wild*, became an international bestseller, translated into thirty-one languages, and Sean Penn's inspirational film by the same name further skyrocketed Chris McCandless to global fame. But the real story of Chris's life and his journey has not yet been told - until now. The missing pieces are finally revealed in *The Wild Truth*, written by Carine McCandless, Chris's beloved and trusted sister. Featured in both the book and film, Carine has wrestled for more than twenty years with the legacy of her brother's journey to self-discovery, and now tells her own story while filling in the blanks of his. Carine was Chris's best friend, the person with whom he had the closest bond, and who witnessed firsthand the dysfunctional and violent family dynamic that made Chris willing to embrace the harsh wilderness of Alaska. Growing up in the same troubled household, Carine speaks candidly about the deeper reality of life in the McCandless family. In the many years since the tragedy of Chris's death, Carine has searched for some kind of redemption. In this touching and deeply personal memoir, she reveals how she has learned that real redemption can only come from speaking the truth.

### **Living the Dream**

No one writes about mountaineering and its attendant hardships and victories more brilliantly than critically acclaimed author Jon Krakauer. In this collection of his

finest work from such magazines as Outside and Smithsonian, he explores the subject from the unique and memorable perspective of one who has battled peaks like K2, Denali, Everest, and, of course, the Eiger. Always with a keen eye, an open heart, and a hunger for the ultimate experience, he gives us unerring portraits of the mountaineering experience. Yet Eiger Dreams is more about people than about rock and ice—people with that odd, sometimes maniacal obsession with mountain summits that sets them apart from other men and women. Here we meet Adrian the Romanian, determined to be the first of his countrymen to solo Denali; John Gill, climber not of great mountains but of house-sized boulders so difficult to surmount that even demanding alpine climbs seem easy; and many more compelling and colorful characters. In the most intimate piece, “The Devils Thumb,” Krakauer recounts his own near-fatal, ultimately triumphant struggle with solo-madness as he scales Alaska's Devils Thumb. Eiger Dreams is stirring, vivid writing about one of the most compelling and dangerous of all human pursuits.

### **Blood on the River**

From Dr. Evan Antin, America's most popular veterinarian, comes a wild look at our natural world. Perfect for fans of Steve Irwin, James Herriot and Bear Grylls. Star of Animal Planet's Evan Goes Wild, Dr. Evan Antin takes readers beyond his viral Instagram posts right into the wild world with him. Millions follow Dr. Evan Antin and his wildlife adventures through social media, and in his popular Animal Planet

television show *Evan Goes Wild*. Now in his first book, *World Wild Vet*, Evan takes us to the deep blue seas swimming with forty foot whale sharks with “puppy dog eyes”, to jungles filled with venomous snakes (who are more afraid of you than you are of them), and a race across the savannah and against the clock to save rhinos from the clutches of poachers, all in the name of adventure and a deep love for the wild around us. Part memoir, travelogue, and conservation wake up call, *World Wild Vet* is an unforgettable exploration of the world we all call home, and a love letter to the creatures we share it with.

### **The Wild Truth**

INTO THE WILD is based on a true story and the bestselling book by Jon Krakauer. After graduating from Emory University in 1992, top student and athlete Christopher McCandless (Hirsch) abandons his possessions, gave his entire \$24,000 savings account to charity and hitchhiked to Alaska to live in the wilderness. Along the way, Christopher encounters a series of characters that shape his life.

### **Warriors #1: Into the Wild (summer Reading)**

This timely coming of age novel takes on the controversial issues of fracking and environmental protection. Stay away from my woods. Eleven-year-old Fern doesn't have the easiest life. Her stepfather is out of work, and she's responsible for putting dinner on the table--not to mention keeping her wild younger

brothers out of trouble. The woods near their home is her only refuge, where she finds food and plays with her neighbor's dog. But when a fracking company rolls into town, her special grove could be ripped away, and no one else seems to care. Her stepfather needs the money that a job with the frackers could bring to their family, and her wealthy grandfather likes the business it brings to their town. Even her best friend doesn't understand what the land means to Fern. With no one on her side, how can she save the forest that has protected her for so long? The acclaimed author of *Wonder at the Edge of the World* weaves a poignant story about life on the poverty line, the environment, friendship and family--and, most of all, finding your place in the world.

### **Into the Wild**

The photographs and writings of Christopher McCandless

### **Where the Wild Things Are**

A brief foray into a moral thicket, exploring why should protect nature despite tsunamis, malaria, bird flu, cancer, killer asteroids, and tofu.

### **Wilder Girls**

A woodcut-illustrated collection of poems that celebrates wild animals.

### **Classic Krakauer**

Journey through dream-like forest scenes, and encounter real and fabulous creatures in this gorgeous new coloring book by Daisy Fletcher, creator of Birdtopia. Beginning in a woodland world of otters, badgers, foxes, and deer, the pages gradually transport you deeper into a flower forest, a magical environment populated with rare and mythical animals such as caracals, squirrel monkeys, muntjacs, and ibex. Color your way through exotic and wonderful plants - Candy Cane Sorrel, Passion Flowers, and giant Cacti - and you may even discover the fabled unicorn.

### **Where the Wild Ladies Are**

From girl next door to the nation's sweetheart, this is the story of Chantelle's spectacular rise to fame and celebrity. Told in her own words, Chantelle takes us on what has been a sometimes bumpy, but a truly magical journey. As a little girl growing up in Essex, Chantelle Houghton dreamed of becoming famous and living the life of a star. But never could she have imagined just how this dream would eventually come true, transforming her into one of Britain's most loved and talked about celebrities. Here, we learn how her family played a crucial role in helping to shape her dreams and aspirations from an early age. We hear of the difficult times growing up and how Chantelle was able to overcome these obstacles, eventually launching a career in modeling. But it was to be Celebrity Big Brother that would change the course of Chantelle's life forever. She tells of the moment she first discovered she'd been picked, what really went

on behind the scenes - the clashes of personalities in the house, the fallings out and, of course, her falling in love with Preston. Winning Big Brother was a defining moment, and the madness that followed in those first few days outside of the house was to be just the beginning of Chantelle's new dream life. Learning to become accustomed to her new found fame hasn't been straightforward, but Chantelle has always kept her feet firmly on the ground. But it has been her love for Preston that has been the real fairy tale in Chantelle's extraordinary journey. She tells how their love grew away from the glare of paparazzi, and how this whirlwind romance ended up becoming the wedding of the year. In this honest and open autobiography, Chantelle shares her secret hopes and dreams for the future and looks back on the past year and reflects on just what an amazing fairy tale it's been.

### **Into the Wild**

An account of how anthropological methods can be combined with cognitive theory in studies of cognition. Drawing comparisons with navigation, this study argues that cultural systems have cognitive properties of their own that differ from the cognitive properties of the individuals within them.

### **Multimodal Behavior Analysis in the Wild**

WE were in mourning for our mother, who had died the preceding autumn, and we had spent all the winter alone in the country-Macha, Sonia and I. Macha

was an old family friend, who had been our governess and had brought us all up, and my memories of her, like my love for her, went as far back as my memories of myself. Sonia was my younger sister. The winter had dragged by, sad and sombre, in our old country-house of Pokrovski. The weather had been cold, and so windy that the snow was often piled high above our windows; the panes were almost always cloudy with a coating of ice; and throughout the whole season we were shut in, rarely finding it possible to go out of the house. It was very seldom that any one came to see us, and our few visitors brought neither joy nor cheerfulness to our house. They all had mournful faces, spoke low, as if they were afraid of waking some one, were careful not to laugh, sighed and often shed tears when they looked at me, and above all at the sight of my poor Sonia in her little black frock.

### **Hatchet**

"The gripping articles collected in Classic Krakauer--originally published in magazines such as The New Yorker, Outside, and Smithsonian--show why he is considered a standard-bearer of modern journalism. Spanning an extraordinary range of subjects and locations, these pieces take us from a horrifying avalanche on Mount Everest to a volcano poised to obliterate a big chunk of Seattle; from a wilderness teen-therapy program run by apparent sadists to an otherworldly cave in New Mexico, studied by NASA to better understand Mars; from the notebook of one Fred Beckey, who catalogued the

greatest unclimbed mountaineering routes on the planet, to the last days of legendary surfer Mark Foo. Rigorously researched and vividly written, marked by an unerring instinct for storytelling and scoop, these pieces are unified by the author's ambivalent love affair with unruly landscapes and his relentless search for truth"--

### **World Wild Vet**

Celebrate the thirtieth anniversary of the Newbery Honor-winning survival novel *Hatchet* with a pocket-sized edition perfect for travelers to take along on their own adventures. This special anniversary edition includes a new introduction and commentary by author Gary Paulsen, pen-and-ink illustrations by Drew Willis, and a water resistant cover. *Hatchet* has also been nominated as one of America's best-loved novels by PBS's *The Great American Read*. Thirteen-year-old Brian Robeson, haunted by his secret knowledge of his mother's infidelity, is traveling by single-engine plane to visit his father for the first time since the divorce. When the plane crashes, killing the pilot, the sole survivor is Brian. He is alone in the Canadian wilderness with nothing but his clothing, a tattered windbreaker, and the hatchet his mother had given him as a present. At first consumed by despair and self-pity, Brian slowly learns survival skills—how to make a shelter for himself, how to hunt and fish and forage for food, how to make a fire—and even finds the courage to start over from scratch when a tornado ravages his campsite. When Brian is finally rescued after fifty-four days in the wild, he emerges

from his ordeal with new patience and maturity, and a greater understanding of himself and his parents.

### **Katia**

A breathtakingly original work of history that uncovers a massive enslaved persons' revolt that almost changed the face of the Americas. On Sunday, February 27, 1763, thousands of slaves in the Dutch colony of Berbice—in present-day Guyana—launched a massive rebellion which came amazingly close to succeeding. Surrounded by jungle and savannah, the revolutionaries (many of them African-born) and Europeans struck and parried for an entire year. In the end, the Dutch prevailed because of one unique advantage—their ability to get soldiers and supplies from neighboring colonies and from Europe. *Blood on the River* is the explosive story of this little-known revolution, one that almost changed the face of the Americas. Drawing on nine hundred interrogation transcripts collected by the Dutch when the Berbice rebellion finally collapsed, and which were subsequently buried in Dutch archives, historian Marjoleine Kars reconstructs an extraordinarily rich day-by-day account of this pivotal event. *Blood on the River* provides a rare in-depth look at the political vision of enslaved people at the dawn of the Age of Revolution and introduces us to a set of real characters, vividly drawn against the exotic tableau of a riverine world of plantations, rainforest, and Carib allies who controlled a vast South American hinterland. An astonishing original work of history, *Blood on the River* will change our understanding of

revolutions, slavery, and of the story of freedom in the New World.

### **Reading in the Wild**

Multimodal Behavioral Analysis in the Wild: Advances and Challenges presents the state-of-the-art in behavioral signal processing using different data modalities, with a special focus on identifying the strengths and limitations of current technologies. The book focuses on audio and video modalities, while also emphasizing emerging modalities, such as accelerometer or proximity data. It covers tasks at different levels of complexity, from low level (speaker detection, sensorimotor links, source separation), through middle level (conversational group detection, addresser and addressee identification), and high level (personality and emotion recognition), providing insights on how to exploit inter-level and intra-level links. This is a valuable resource on the state-of-the-art and future research challenges of multi-modal behavioral analysis in the wild. It is suitable for researchers and graduate students in the fields of computer vision, audio processing, pattern recognition, machine learning and social signal processing. Gives a comprehensive collection of information on the state-of-the-art, limitations, and challenges associated with extracting behavioral cues from real-world scenarios Presents numerous applications on how different behavioral cues have been successfully extracted from different data sources Provides a wide variety of methodologies used to extract behavioral cues from multi-modal

data

### **Into the Wild**

This edition has been updated to reflect new developments and includes new material obtained through the Freedom of Information Act. Pat Tillman walked away from a multimillion-dollar NFL contract to join the Army and became an icon of post-9/11 patriotism. When he was killed in Afghanistan two years later, a legend was born. But the real Pat Tillman was much more remarkable, and considerably more complicated than the public knew. A stunning account of a remarkable young man's heroic life and death, from the bestselling author of *Into the Wild*, *Into Thin Air*, and *Under the Banner of Heaven*. From the Trade Paperback edition.

### **Eiger Dreams**

Rules for building formal models that use fast-and-frugal heuristics, extending the psychological study of classification to the real world of uncertainty. This book focuses on classification--allocating objects into categories--"in the wild," in real-world situations and far from the certainty of the lab. In the wild, unlike in typical psychological experiments, the future is not knowable and uncertainty cannot be meaningfully reduced to probability. Connecting the science of heuristics with machine learning, the book shows how to create formal models using classification rules that are simple, fast, and transparent and that can be as accurate as mathematically sophisticated algorithms

developed for machine learning.

### **The Wild Bunch**

Examining the potential benefits and risks of using artificial intelligence to advance global sustainability. Drones with night vision are tracking elephant and rhino poachers in African wildlife parks and sanctuaries; smart submersibles are saving coral from carnivorous starfish on Australia's Great Barrier Reef; recycled cell phones alert Brazilian forest rangers to the sound of illegal logging. The tools of artificial intelligence are being increasingly deployed in the battle for global sustainability. And yet, warns Peter Dauvergne, we should be cautious in declaring AI the planet's savior. In *AI in the Wild*, Dauvergne avoids the AI industry-powered hype and offers a critical view, exploring both the potential benefits and risks of using artificial intelligence to advance global sustainability.

### **Cognition in the Wild**

A NEW YORK TIMES BESTSELLER! "Celebrates the resilience of girls and the earthshaking power of their friendships. An eerie, unforgettable triumph." --Claire Legrand, New York Times bestselling author of *Furyborn* "Wilder Girls is so sharp and packs so much emotion in such wise ways. I'm convinced we're about to witness the emergence of a major new literary star." --Jeff VanderMeer, New York Times bestselling author of *Annihilation* A feminist *Lord of the Flies* about three best friends living in quarantine at their

island boarding school, and the lengths they go to uncover the truth of their confinement when one disappears. This fresh, new debut is a mind-bending novel unlike anything you've read before. It's been eighteen months since the Raxter School for Girls was put under quarantine. Since the Tox hit and pulled Hetty's life out from under her. It started slow. First the teachers died one by one. Then it began to infect the students, turning their bodies strange and foreign. Now, cut off from the rest of the world and left to fend for themselves on their island home, the girls don't dare wander outside the school's fence, where the Tox has made the woods wild and dangerous. They wait for the cure they were promised as the Tox seeps into everything. But when Byatt goes missing, Hetty will do anything to find her, even if it means breaking quarantine and braving the horrors that lie beyond the fence. And when she does, Hetty learns that there's more to their story, to their life at Raxter, than she could have ever thought true. 4 STARRED REVIEWS! "Fresh and horrible and beautiful.readers will be consumed and altered by Wilder Girls."-NPR "This thrilling sagais sure to be one of the season's most talked-about books, in any genre."--EW "The perfect kind of story for our current era." --Hypable "Take Annihilation, add a dash of Contagion, set it at an all-girls' academy, and you'll arrive at Rory Power's occasionally shocking and always gripping Wilder Girls."--Refinery29

### **In the Wild**

When Rusty, an ordinary housecat, becomes

ThunderClan's new apprentice, he realizes that his past life has not prepared him for the hardships he now faces and so must work extra hard to prove he can be a true warrior.

### **Where Men Win Glory**

With an introduction by novelist David Vann Jon Krakauer's *Into the Wild* examines the true story of Chris McCandless, a young man, who in 1992 walked deep into the Alaskan wilderness and whose SOS note and emaciated corpse were found four months later. Internationally bestselling author and mountaineer Jon Krakauer explores the obsession which leads some people to discover the outer limits of self, leave civilization behind and seek enlightenment through solitude and contact with nature. In 2007, *Into the Wild* was adapted as a critically acclaimed film, directed by Sean Penn and Emile Hirsch and Kristen Stewart.

### **AI in the Wild**

Allow your children to experience the adventure, freedom, and wonder of childhood with this practical guide that provides all the information, inspiration, and advice you need for creating a modern, quality homeschool education. Inspired by the spirit of Henry David Thoreau—"All good things are wild and free"—mother of five Ainsley Arment founded Wild + Free. This growing online community of mothers and families want their children to receive a quality education at home by challenging their intellectual

abilities and nurturing their sense of curiosity, joy and awe—the essence of a positive childhood. The homeschool approach of past generations is gone—including the stigma of socially awkward kids, conservative clothes, and a classroom setting replicated in the home. The Wild + Free movement is focused on a love of nature, reading great books, pursuing interests and hobbies, making the entire world a classroom, and prolonging the wonder of childhood, an appealing philosophy that is unpacked in the pages of this book *The Call of the Wild and Free* offers advice, information, and positive encouragement for parents considering homeschooling, those currently in the trenches looking for inspiration, as well as parents, educators, and caregivers who want supplementary resources to enhance their kids' traditional educations.

### **The Call of the Wild and Free**

John Eldredge revises and updates his best-selling, renowned Christian classic. God designed men to be dangerous, says John Eldredge. Simply look at the dreams and desires written in the heart of every boy: To be a hero, to be a warrior, to live a life of adventure and risk. Sadly, most men abandon those dreams and desires-aided by a Christianity that feels like nothing more than pressure to be a "nice guy." It is no wonder that many men avoid church, and those who go are often passive and bored to death. In this provocative book, Eldredge gives women a look inside the true heart of a man and gives men permission to be what God designed them to be-dangerous,

passionate, alive, and free.

### **Lost in the Wild**

In *Reading in the Wild*, reading expert Donalyn Miller continues the conversation that began in her bestselling book, *The Book Whisperer*. While *The Book Whisperer* revealed the secrets of getting students to love reading, *Reading in the Wild*, written with reading teacher Susan Kelley, describes how to truly instill lifelong "wild" reading habits in our students. Based, in part, on survey responses from adult readers as well as students, *Reading in the Wild* offers solid advice and strategies on how to develop, encourage, and assess five key reading habits that cultivate a lifelong love of reading. Also included are strategies, lesson plans, management tools, and comprehensive lists of recommended books. Copublished with Editorial Projects in Education, publisher of *Education Week* and *Teacher* magazine, *Reading in the Wild* is packed with ideas for helping students build capacity for a lifetime of "wild" reading. "When the thrill of choice reading starts to fade, it's time to grab *Reading in the Wild*. This treasure trove of resources and management techniques will enhance and improve existing classroom systems and structures." —Cris Tovani, secondary teacher, Cherry Creek School District, Colorado, consultant, and author of *Do I Really Have to Teach Reading?* "With *Reading in the Wild*, Donalyn Miller gives educators another important book. She reminds us that creating lifelong readers goes far beyond the first step of putting good books into kids' hands." —Franki

Sibberson, third-grade teacher, Dublin City Schools, Dublin, Ohio, and author of Beyond Leveled Books "Reading in the Wild, along with the now legendary The Book Whisperer, constitutes the complete guide to creating a stimulating literature program that also gets students excited about pleasure reading, the kind of reading that best prepares students for understanding demanding academic texts. In other words, Donalyn Miller has solved one of the central problems in language education." —Stephen Krashen, professor emeritus, University of Southern California

### **Classification in the Wild**

NOW AN AWARD WINNING MAJOR MOTION PICTURE DIRECTED BY SEAN PENN Jon Krakauer's *Into the Wild* examines the true story of Chris McCandless, a young man, who in 1992 walked deep into the Alaskan wilderness and whose SOS note and emaciated corpse were found four months later. Internationally bestselling author and mountaineer Jon Krakauer explores the obsession which leads some people to discover the outer limits of self, leave civilization behind and seek enlightenment through solitude and contact with nature. In 2007, *Into the Wild* was adapted as a critically acclaimed film, directed by Sean Penn and Emile Hirsch and Kristen Stewart.

### **Back to the Wild**

The fluffy, fearless Chicken Squad detectives are determined to find out who the new addition is in

their yard, so, equipped with the latest surveillance gear, the chicks venture into the wild to get answers.

### **Into the Wild**

"True survival odysseys of two wilderness adventurers who entered the woods in search of tranquility-- but found something else entirely"--Page 4 of cover.

### **The Wild Book**

In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. His name was Christopher Johnson McCandless. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How McCandless came to die is the unforgettable story of Into the Wild. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer

constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. Digging deeply, he takes an inherently compelling mystery and unravels the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page. From the Trade Paperback edition.

### **Into Thin Air**

"Innumeracy in the Wild explains how numeric ability supports the quality of the decisions we make and, ultimately, the life outcomes we experience. It dissects three ways that people can be good or bad with numbers and how each of these numeric competencies matter to decision making.

Furthermore, it delves into how we can use this knowledge to improve decision making. Understanding the roles of numeric ability (often called numeracy) is particularly important today due to widespread innumeracy. In addition, policies in health and financial domains have shifted towards giving consumers and patients more information (which is often numeric). These changes are intended to empower individuals to take charge of their own welfare. The evidence is clear, however, that not everybody is prepared to use this information effectively and that those who are less numerate tend to make worse decisions unless provided adequate support. The book discusses four main points: the complex and systematic psychological mechanisms that underlie objective numeracy's effects in judgment and decision making; the importance of numeracy to experiencing positive life outcomes especially in health and finances; the decision-making support provided by two additional ways of knowing and using numbers; and the methods that exploit existing evidence and enable those who are less comfortable with numbers to use them more effectively and make better choices in our complex, often numeric world"--
