The glossy bezel, buttons and buckle mark this as the HR (high resistance) version of the Action, which is also available with stainless highlights in a standard version. The high contrast 1.3-inch-diameter display was rated very good for readability, with its largest characters (.28 inch tall) displaying depth and NDL, and all data clearly

The Professional Association of Diving Instructors (PADI) is a recreational diving membership and diver training organization founded in 1966 by John Cronin and Ralph Erickson. Cronin was originally a NAUI instructor who decided to form his own organization with Erickson, and to break diver training down into several modular courses instead of the single universal course then prevalent.

Professional Association of Diving Instructors - Wikipedia

LogTRAK is lean in detail, but its simplicity helps it operate smoothly and intuitively with Scubapro's Galileo and Aladin Bluetooth-enabled computers. Dive profiles are clearly displayed, with distinguishing colors and axes for depth, time and temperature, and the landscape mode extends the data across the screen for a full view.
