The Oxford Murder that gripped the country in 1931 would grace any episode of Inspector Morse. Yet it was horrifically real. Annie Kempson was a defenceless widow bludgeoned and stabbed to death in her own home for the sake of a few pounds—a despicable crime for which the killer could expect no mercy. Following a nationwide man-hunt, career criminal Henry Seymour was arrested by Scotland Yard's 'Lucky John' Horwell. And thanks to renowned pathologist Sir Bernard Spilsbury a guilty verdict was returned. This truly was an Oxford murder from beginning to end. The crime was committed in Oxford. The trial was held in Oxford. The execution was carried out in Oxford. But did the Oxford murder result in a miscarriage of justice?

George Duffield is the senior rider in the weighing room. Born in 1946, he entered racing (earning 19/6 a week) in the early 1960s towards the end of an era dominated by the toughest of men and toughest of standards: trainers like Sam Armstrong and Jack Waugh, and jockeys like the legendary Breasley and Piggott. 1992 Oaks and St Leger winner User Friendly and Eclipse hero Giant's Causeway and the dual Champion Stakes heroine Alborada. fight his corner, a trait that has led to some intriguing confrontations with authority.

The finest jockey rider on the English turf during the nineteenth century was George Fordham lauded throughout the sport as the Demon. Such was the judgment of his contemporaries from jockeys and trainers to owners and chroniclers. Yet history has not been kind to Fordham. Fate saw his career overshadowed by that of bitter rival Fred Archer, a jockey deemed his inferior but whose suicide invoked immortality. The question remains: if Archer is fit to be mentioned in the same breath as twentieth-century icons Gordon Richards and Lester Piggott, just how good a jockey does that make the unsung George Fordham? Acclaimed turf historian Michael Tanner shines a light on the life of this remarkable jockey and places him at long last atop the pedestal he deserves.

Britons watched the opening months of 1913 unfold with a sense of foreboding. On the continent, they saw a brutal conflict in the Balkans increase the prospect of a war engulfing the whole of Europe. On their doorstep, they observed the thorny issue of Irish home rule edge the island toward civil war as Ulsters Protestant Loyalists, led by Sir Edward Carson, vow they will fight to remain part of the United Kingdom rather than be subservient to a Catholic Republic governed from Dublin. And at home, they watched militant suffragettes, such as Emily Wilding Davison, challenge the rule of law in their crusade for the vote. The fiction that follows is set against this turbulent backcloth and constructed around certain historical events and individuals. Yet who is to say the story doesnt chime with a faint ring of truth?
