A New York Times Notable Book ***A Kirkus Reviews Best Book of the Year*** From the bestselling National Book Award finalist and author of *The Big House* comes “a well-blended narrative packed with top-notch reporting and relevance for our own time” (The Boston Globe) about the young athletes who battled in the legendary Harvard-Yale football game of 1968 amidst the sweeping currents of one of the most transformative years in American history. On November 23, 1968, there was a turbulent and memorable football game: the season-ending clash between Harvard and Yale. The final score was 29-29. To some of the players, it was a triumph; to others a tragedy. And to many, the reasons had as much to do with one side’s miraculous comeback in the game’s final forty-two seconds as it did with the months that preceded it, months that witnessed the assassinations of Martin Luther King and Robert F. Kennedy, police brutality at the Democratic National Convention, inner-city riots, campus takeovers, and, looming over everything, the war in Vietnam. George Howe Colt’s *The Game* is the story of that iconic American year, as seen through the young men who lived it and were changed by it. One player had recently returned from Vietnam. Two were members of the radical antiwar group SDS. There was one NFL prospect who quit to devote his time to black altruism; another who went on to be Pro-Bowler Calvin Hill. There was a guard named Tommy Lee Jones, and fullback who dated a young Meryl Streep. They played side by side and together forged a moment of startling grace in the midst of the storm. “Vibrant, energetic, and beautifully structured” (NPR), this magnificent and intimate work of history is the story of ordinary people in an extraordinary time, and of a country facing issues that we continue to wrestle with to this day. “The Game is the rare sports book that lives up to the claim of so many entrants in this genre: It is the portrait of an era” (The Wall Street Journal).

I have been trying to get published for fifteen years. Many years ago Dorrance sent me a contract which was very enticing but very expensive. Everything including vanity press has become affordable, so I decided to go with IUniverse. But Triond and Glimmer Train took place in the evolution before IUniverse. The painting is my daughter’s; she is an aspiring artist. This is my first attempt at having a book. It was hard for me to concentrate. Call it attention deficit for having a wife and two kids. I thank Glimmer Train for not publishing my work. Between them and Taco Bell I almost gave up. But after browsing online publishing for about eight hours one Saturday I found Triond. They may have taken the place of the old school, black and white marble composition books from the nineteen seventies. With their permission I present twenty three articles published by them and presented by IUniverse hopefully in some coherent fashion. I look forward to providing my readers something a bit more risqué in the future, something I call anti PORN. Keep your eyes peeled.

blood, a gift to left-handed people from the Left-Hand Gods. People like Beth have been hated, feared, and burned at the stake in Cadarnfel for over three hundred years, ever since magic broke the old Empire. But the new Queen is left-handed, and things are finally changing. Beth leaves the safety of her home and travels to Cadarnfel's plague-ravaged capital with her unwanted fiance, her scheming mother, and Solas Brightwind, a handsome mage sent to fetch her. Soon after Beth arrives, Dumarion, the only left-handed dragon, arrives with a warning. An army of demons is preparing to attack the city on the night of the next new moon. The demons won't stop after destroying the city--the fate of the entire world rests on the defenders' shoulders, and they have less than a month to prepare."
