A Good Goodbye: Funeral Planning for Those Who Don't Plan to Die

Following the pattern of his bestselling Celtic Benediction, Philip Newell provides lyrically beautiful and profoundly theological prayers for morning and evening for each day of the week. Each begins with a Beatitude and is followed by a Prayer of Awareness, Scripture readings for meditation, a Prayer for the Life of the World and a Prayer of Blessing. It is richly illustrated throughout. Their theme could hardly be more critical. Divisions between Jews, Christians and Muslims are at the centre of much of the world's most serious places of conflict. Yet all three share the same spiritual descent from the household of Abraham. Praying With the Earth articulates the longings for peace that are closer to the heart of the world's spiritual traditions than their divisions. Morning and evening we open ourselves to the wisdom of our inherited Scriptures, to be enriched by others' understanding of the one God whom we call by different names, and especially to pray for peace.

General Instruction of the Roman Missal

Father Bill Bausch's homilies are always outstanding. He brings a deep pastoral presence and much thought and preparation to each of them. This has never been more evident than here in this book of funeral homilies. Each is crafted to reflect the person remembered as well as the message of Scripture. Each reflects the communal nature of a Catholic

funeral and is sensitive to the status of the mourners: non-Catholics, lapsed Catholics, faithful parishioners, relatives, and friends. Father Bill's words are faith-filled and compassionate, comforting and challenging, communal and personal. He regards the funeral liturgy as one of the greatest teachable moments the Church offers and here this is very evident. Highly recommended for all priests, deacons, and preachers. Book jacket.

The Star Book for Ministers

What Do All Christians Believe? For many people, words like doctrine and theology cause their eyes to glaze over, or they find them difficult to understand and struggle to see how they are relevant to daily life. But theology is far from boring—it is the study of God and should lead to awe and wonder as we better understand who God is and what he has done for us. In *Core Christianity*, author, pastor, and theologian Mike Horton tackles the essential and basic beliefs that all Christians share. What is “core” to the Christian faith? In addition to unpacking these beliefs in a way that is easy to understand, Horton shows why they matter to our lives today. This introduction to the basic doctrines of Christianity is a helpful guide by a respected theologian and a popular author, and it includes discussion questions for individual or group use. *Core Christianity* is perfect for those who are new to the faith, as well as those who have an interest in deepening in their understanding of what it means to be a follower of Jesus Christ.

Sunshine Through Shadows

"This is the first comprehensive work on Eastern Orthodoxy in the context of health and modern medicine. The book, like the others in the series, has two purposes. One purpose is to help health care professionals (who themselves come from various religious traditions, or perhaps none) to understand how the Orthodox Christian faith is related to issues of health and medicine so that they can serve their Orthodox patients with greater sensitivity. The book is also written to help Orthodox people understand more fully the relation of their tradition to the issues of health and medicine, as well as for those with a general interest in this formative tradition. Of particular note is the emphasis here on the continuously maintained tradition and practice of spiritual healing in the Orthodox church. Whether through the healings of the saints or through the liturgical tradition of concern for the sick, especially in the sacrament of healing itself, holy unction, Orthodox Christianity attends to the concrete and interrelated reality of human illness in its spiritual, psychological, and physical dimensions."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. In Charles River Editors' American Legends series, readers can get caught up to speed on the lives of America's most important men and women in the time it takes to finish a commute, while learning interesting facts long forgotten or never known. In the 21st century, Americans are intimately familiar with televangelists and preachers with a national reputation, and their shows are ubiquitous, but in the middle of the 20th century, the phenomenon was popularized by the most famous evangelist in American history: Billy Graham. As biographer Grant Wacker put it, "By the middle 1960s, he had become the 'Great Legitimater'. His presence conferred sanctity on events, authority on presidents, acceptability on wars, desirability on decency, [and] shame on indecency. By the middle 1970s, many deemed him 'America's pastor.'" By his mid-20s, Graham was a Baptist pastor in the Midwest, and throughout the 1940s, he began traveling across the country to spread his ministry and message through large gatherings that he termed "crusades." In time, these crusades would take place in nearly 200 nations and attract hundreds of millions of people, helping catapult him to international prominence and making him a household name. In the process, Graham became a figure of political importance, not only for his outspoken

stances on issues like civil rights and other social issues but because he was close to political leaders like Dwight D. Eisenhower. At the same time, he was controversial among some, including Harry Truman, who was quoted as saying "I hadn't ought to say this, but he's one of those counterfeits I was telling you about. He claims he's a friend of all the Presidents, but he was never a friend of mine when I was President. I just don't go for people like that. All he's interested in is getting his name in the paper." When President Nixon's tapes were declassified, some of Graham's anti-Semitic comments to the president about Jews controlling the media were also made public, further tarnishing his image. Nonetheless, Graham continues to be a popular figure, and it's estimated that his message has reached more than 2 billion people through radio, television, and other media. In conjunction with that, it's believed that he has converted millions of people to Christianity. *American Legends: The Life of Billy Graham* examines the life and career of America's most famous evangelist. Along with pictures of important people, places, and events, you will learn about Billy Graham like never before, in no time at all.

This transcript from the film *World of Light: A Portrait of May Sarton* illuminates the life and writing of the poet while celebrating the joys of creativity, love, and solitude. In June of 1979, May Sarton answered the questions of two filmmakers and read to them from her poetry. This four-day "jam session" ultimately became an acclaimed documentary about her life and work. For Sarton, the muse has always been female, and the writer says that her own poems "tell me where to go." In this rare and inspiring window into a singular woman's soul, Sarton speaks candidly about everything from how a single image opened the door to writing about her mother to the importance of transparency in art and life. She shares insights into her very personal art, including the unusual people and events that provide inspiration, how creativity can grow out of pain, solitude as a two-edged sword, the difficulties of being a female poet, and the ways love can open "the door into one's own secret and . . . frightening real self." Featuring sections entitled "On Inner Space," "On Nature," and "On Love," this revealing volume is also about the need to go on, even when up against overwhelming odds. *May Sarton: A Self-Portrait* pays tribute to an artist's vision and serves as a revealing window into a fascinating life.
