The command to love is central to the Gospel of John. Internationally respected scholar Francis Moloney offers a thorough exploration of this theme, focusing not only on Jesus's words but also on his actions. Instead of merely telling people that they must love one another, Jesus acts to make God's love known and calls all who follow him to do the same. This capstone work on John's Gospel uses a narrative approach to delve deeply into a theme at the heart of the Fourth Gospel and the life of the Christian church. Uniting rigorous exegesis with theological and pastoral insight, it makes a substantive contribution to contemporary Johannine scholarship.

### **Yearbook of the National Reading Conference**

This remarkable anthology introduces the short fiction of fourteen writers, major figures in the literary movements of three generations, who represent a range of class, ethnic, age, and political perspectives. It is filled with "unexpected gems", writes Scarlet Cheng in *Belles Lettres*, including Lin Hai-yin's story of a woman suffering under a feudal system that dominated Old China; Chiang Hsiao-yun's optimistic solutions to problems of the elderly in the rapidly changing Taiwan of the 1980; and in between,

a dozen richly diverse stories of aristocrats, comrades, wives, concubines, children, mothers, sexuality, rape, female initiation, and the tensions between traditional and modern life. "This is not western feminism with an Asian accent", says *Bloomsbury Review*, "but a description of one culture's reality. The woman protagonists survive both despite and because of their existence in a changing Taiwan." This book includes biographical headnotes, an introduction that addresses the literary movements represented, and an extensive bibliography.
