John Williams's Film Music

Here are all the wonderful melodies and themes wrapped up in one dynamic medley for your young band. River Flows in You Sheet Music

In this luminous book, Tricia Tunstall explores the enduring fascination of the piano lesson. Even as everything else about the world of music changes, the piano lesson retains its appeal. Drawing on her own lifelong experience as a student and teacher, Tunstall writes about the mysteries and delights of piano teaching and learning. What is it that happens in a piano lesson to make it such a durable ritual? In a world where music is heard more often on the telephone and in the elevator

than in the concert hall, why does the piano lesson still have meaning in the lives of children? What does it matter whether one more child learns to play Bach's Minuet in G? Note by Note is in part a memoir in which Tunstall recalls her own childhood piano teachers and their influence. As she observes, the piano lesson is unlike the experience of being coached on an athletic team or taught in a classroom, in that it is a one-on-one, personal communication. Physically proximate, mutually concentrating on the transfer of a skill that is often arduous, complicated and frustrating, teacher and student occasionally experience breakthroughs-moments of joy when the student has learned something, mastered a musical passage or expressed a feeling through music. The relationship is not only one-way: teaching the piano is a lifelong endeavor of particular intensity and power. Anyone who has ever studied the piano-or wanted to-will cherish this gem of a book.

Music in Science Fiction Television

This marvelous, comprehensive medley of the endearing themes from the movie Harry Potter and the Sorcerer's Stone has now been arranged by Robert W. Smith. The vivid imagery of the film is woven into the varied textures of this symphonic band medley. Wonderful symphonic literature you should not miss. (8: 00)

Shape of You Sheet Music

Introduced in the very first Harry Potter movie, "Hedwig's Theme" has been featured in each installment of the cinematic franchise. The magical and wizard-like melody is a favorite of all Harry Potter fans, young and old. This arrangement is set in traditional five-finger style, with the melody split between the hands, and without a key signature in the student part. Dotted quarter notes, triplets and sixteenth notes have been avoided. An optional duet accompaniment is provided for a fuller, richer musical experience.

Old Town Road [Remix] Sheet Music

John Williams is one of the most renowned film composers in history. He has penned unforgettable scores for Star Wars, the Indiana Jones series, E.T. the Extra-Terrestrial, Jaws, Superman, and countless other films. Fans flock to his many concerts, and with forty-nine Academy Award nominations as of 2014, he is the second-most Oscar-nominated person after Walt Disney. Yet despite such critical acclaim and prestige, this is the first book in English on Williams's work and career. Combining accessible writing with thorough scholarship, and rigorous historical accounts with insightful readings, John Williams's Film Music explores why Williams is so important to the history of film music. Beginning with an overview of music from Hollywood's Golden Age (1933-58), Emilio Audissino traces the turning points of Williams's career and articulates how he revived the classical Hollywood musical style. This book charts each landmark of this musical restoration, with special attention to the scores for Jaws and Star Wars, Williams's work as conductor of the Boston Pops Orchestra, and a full film/music analysis of Raiders of the Lost Ark. The result is a precise, enlightening definition of Williams's "neoclassicism" and a grounded demonstration of his lasting importance, for both his compositions and his historical role in restoring part of the Hollywood tradition.
