for a writer than being able to produce a quality screenplay quickly. We created this course to give you all the tools you need to accomplish exactly that. This system is laid out in a way that we hope writers of all experience levels will find easy to use. Our promise is simple: follow this system and in 10 days, you'll have a powerful script finished!" - Travis Donnelly, writer & producer of Medium, co-author of The 10-Day Screenplay Some of the most famous movies in history were written in 10 days or less. Sylvester Stallone wrote Rocky in just three days. The movie became one of the most successful of all time and made Stallone an international superstar. Kevin Williamson wrote *Scream* in four days. The script created a hot bidding war and made Williamson one of the highest-paid screenwriters in Hollywood. John Hughes, one of the most successful screenwriters ever, loved to write fast. He wrote *National Lampoon's Vacation* in seven days, *Ferris Bueller's Day Off* in four days, *Planes, Trains, and Automobiles* in three days, and *The Breakfast Club* in just two days. Joe Eszterhas wrote *Basic Instinct* in 10 days. When he was finished, he shipped the script to his agent and sold it three days later for \$3 million. Not only is it possible to write a great screenplay in 10 days or less, but spending too much time on a script is actually one of the worst mistakes a screenwriter can make! It can lead to boring, dull, and unoriginal scripts. Stop wasting so much time and energy trying to write your next screenplay. Simply follow this program and in as little as 10 days, you'll finish the screenplay that could just launch your screenwriting career! The 10-Day Screenplay system works like this: STEP 1: The 10-Day Screenplay shows you how to evaluate your initial

idea using the five requirements of every great movie idea. Is your idea unique? Is it big enough? Will it make for a compelling two-hour movie? What can be done to make your idea bigger and better? STEP 2: The 10-Day Screenplay system forces you to flesh out your characters. Contrary to anything you may have heard, great characters make great movies. You need to really know your characters and let THEM dictate your plot, NOT the other way around. Amateur screenwriters come up with a plot and then plug in forced characters to play it out. This is a huge mistake and you'll never succeed this way! STEP 3: Once you have your idea and your characters, it's time to write your script following The 10-Day Screenplay course. Each day of the course includes an important lesson on what your story objective should be for that day along with a manageable writing assignment. If you simply follow this course, at the end of the 10 days, you will have a finished script! To make this process easy to understand, The 10-Day Screenplay breaks down 10 blockbuster movies along the way - Rocky, Braveheart, Home Alone, My Big Fat Greek Wedding, There's Something About Mary, Bridesmaids, Toy Story, Back to the Future, Die Hard, and Scream. You'll see how our plot and character techniques worked in each movie and how they can be applied to your screenplay. It's time to stop dreaming and start writing! This book will show you the way.

Writing Screenplays That Sell

George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In *Why I Write*, the first in the *Orwell's Essays* series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the 'four great motives for writing' – 'sheer egoism', 'aesthetic enthusiasm', 'historical impulse' and 'political purpose' – and considers the importance of keeping these in balance. *Why I Write* is a unique opportunity to look into Orwell's mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer's oeuvre. How To Write a Screenplay

Amid the hundreds of "how-to" books that have appeared in recent years, there have been very few which attempted to analyze the mysteries of play-construction. This book does that -- and its principles are so valid that they apply equally well to the short story, novel and screenplay. Lajos Egri examines a play from the inside out, starting with the heart of any drama: its characters. For it is people -- their private natures and their inter-relationships -- that move a story and give it life. All good dramatic writing depends upon an understanding of human motives. Why do people act as they do? What forces transform a coward into a hero, a hero into a coward? What is it that Romeo does early in Shakespeare's play that makes his later suicide seem inevitable? Why must Nora leave her husband at the end of *A Doll's House*? These are a few of the fascinating problems which Egri analyzes. He shows how it is essential for the author to have a basic premise -- a thesis, demonstrated in terms of human behavior -- and to develop his dramatic conflict on the basis of that behavior. Premise, character, conflict: this is Egri's ABC. His book is a direct, jargon-free approach to the problem of achieving truth in a literary creation.
