Red 4WD Tractors

The illustrated story of one of the world's most famous tractor brands - the International Harvester Tractors.

International Harvester Tractors

The second edition of the award-winning history of International Harvester and Case IH tractors includes data and photos of every model built from 1958 to 2013, as well as in-depth information about how these tractors were designed and constructed. With interviews of engineers and executives, the book covers how the 40 and 60 series were created, and thoroughly covers the red tractors from the 1960s through the 1980s. The book also traces the innovations and struggles of the final days of International Harvester. The authors unearthed a treasure trove of concept drawings and photos of prototype machines to shed new light on how these tractors were created. The book includes the exciting story of the creation of the Case-IH Magnum, an innovative machine that blends some of the great engineering done by IH with the Cummins engine built by Case. The modern era of Case IH is also included, with the story of the creation of the Quadtrac as well as the entire line of tractors. With a mix of new photography of some of the most exceptional collectible models in existence along with hundreds of previously unpublished photographs, this thorough book is the most authoritative guide on red tractors ever published.

The Australian Driver's Handbook

A history of the industrial and construction machines built by the International Harvester Company along with Hough and Dresser.

Toyota Corolla/Nova 1985-98 Auto Repair Manual-Sedan, Seca, Hatch, all Engines inc 16 Val TOHC

International Harvester Tractors

A pocket sized guide to identifying Australian-built International Harvester tractors with serial numbers

Farm Mechanics Notebook

Red Tractors 1958-2018

This book contains archive quality photos and features a complete history of International Harvester Australia with important dates such as the first Australian tractor built, the 10,000th tractor build date and more than 200 photos from International Harvester Australia Archives. It also contains detailed descriptions of every tractor made at Geelong Works, complete with build numbers of tractors produced and monthly serial number listing for tractors made from 1960-1982. This book also features a full list of headers (combines) built at Geelong Works - both self-propelled and PTO driven, with build numbers. It also includes a comprehensive list of implements built at Geelong Works. A must have for every International Harvester enthusiast!

Small Engines Service Manual

International Harvester Australia

The Farmall Dynasty

The story of the four-wheel-drive tractors built by Steiger, International Harvester, Case, and Case IH is told in dramatic fashion in this authoritative guide. Starting with the development of early four-wheel-drive systems at International Harvester, the book traces the evolution and design some of the most powerful and capable tractors of the twentieth century. With fresh detail on the 4300, 4100, Steiger-built IH tractors, and the 2+2 tractors including the Super 70 series, the book offers prototype drawings of several models--including the complete story of the never-before-published Magnum 2+2-- as well as inside stories and backroom drama that is a must for any enthusiast for farm history or tractors. Learn the complete story of Steiger tractors, which were originally designed and built in the barn of John, Douglass, and Maurice Steiger located near Red Lake Falls, Minnesota. Containing interviews with more than 50 of the people who built Steiger from its humble origin to a world leader, the book traces the evolution of the lime green Steigers in engrossing detail. The book also covers the J.I. Case 4WD line in great detail. In addition, the book tells the story of how each of these significant players in the industry combined under one banner and--together--created one of the current industry-leading technologies, the Quadtrac. The modern evolution of the Steigers and the introduction of the STX Series (and more) also receive in-depth coverage. The same team that created the award-winning books Red Tractors 1958-2013 and Red Combines 1915-2015 created this book, and notable new contributors include

Sherry Schaefer (editor of Heritage Iron magazine) and noted historian Jim Allen. Contributors include Sherry Schaefer, Oscar H. Will III, Jim Allen, Kenneth Updike, Todd Markle, Gregg Montgomery, Guy Fay, Martin Rickatson, Sarah Tomac, Matthias Buschmann, Jean Cointe, Michael Osweiler, and Johann Dittmer.

International Trucks

The first axial flow combine transformed the industry and was hailed as the most significant piece of farm equipment built in the 20th century. The axial flow used advanced technology to process crops faster and more efficiently than anything else on the market. The axial flow started with research done by a rogue Swedish engineer in the 1950s, was continued in secret by a group of dedicated engineers from East Moline, Illinois, who did their work in a top-secret garage that only a select few were allowed to enter. The book tells the story of how extensive research and development allowed IH to build a new machine that took the market by storm. Done with dozens of interviews of engineers, salespeople, and customers, the book captures the behind the scenes drama and the cloak and dagger encounters with rival companies personnel and machines. The dramatic text is accompanied by more than 300 archival images, concept drawings, sketches, and new photography of the machines and men at work today.

International Scout Encyclopedia

A magnificent collection of rare black & white photographs specially selected from public and private archives promote the unique characteristics of these popular tractors. Filled with informative captions providing histories of featured models. The Super A, Super C, Super H and Super M.

Farmall Cub Encyclopedia

International Harvester, Hough and Dresser

America's favorite small farm tractor is retrieved from the shed and shined up for duty in this essential guide by tractor repair expert Rachel Gingell and long-time writer Kenneth Updike. The Farmall Cub Encyclopedia is a comprehensive manual for any self-starter, at-home historian, or backyard farmer. Providing step-by-step instruction for maintenance and repair from oil changes to charging system snags, as well as user tips and a buyer's checklist, the Farmall Cub Encyclopedia will give you the confidence and know-how to buy, repair, and use your very own Farmall Cub. With instructional photographs, vintage advertisements, and contemporary images, this illustrated companion is at home on both the workshop bench and the living room coffee table. The book also includes an in-depth history of all models and a vast list of implements to adapt your tractor to any need, making it both an introduction and an authoritative resource for the novice and experienced tractor owner alike.

Producer Gas for Motor Vehicles

The developmental history of the tractors built by the dominant agricultural manufacturer of the early 20th Century, International Harvester, is dramatically told in *The Farmall Dynasty*. The book traces the evolution of the Farmall tractor from the early Titans and Moguls through to modern times. The book includes well-researched accounts of the development of the original Farmall, the Letter Series, 4100, Cub, and other legendary IHC tractors, with first-hand accounts from factory engineers describing the challenges they faced.

Red Combines 1915-2015

If you enjoyed Leffingwell's best-selling *The American Farm Tractor*, this stunning volume is an absolute must read! *International Harvester Tractors* beautifully chronicles the history of IH tractors, from the very first tractor through the IH ag division's merger with Case in 1985. In addition to hundreds of nostalgic Farmall and IH photographs Leffingwell serves up an unprecedented collection of rare and unusual machines. The machines Leffingwell found in his travels across the US will surprise and delight even the hard-core IH fan! Exceptionally well produced in classic Leffingwell style. Recommended.
