### Colonizing Fever

National Museums is the first book to explore the national museum as a cultural institution in a range of contrasting national contexts. Composed of new studies of countries that rarely make a showing in the English-language studies of museums, this book reveals how these national museums have been used to create a sense of national self, place the nation in the arts, deal with the consequences of political

change, remake difficult pasts, and confront those issues of nationalism, ethnicity and multiculturalism which have come to the fore in national politics in recent decades. National Museums combines research from both leading and new researchers in the fields of history, museum studies, cultural studies, sociology, history of art, media studies, science and technology studies, and anthropology. It is an interrogation of the origins, purpose, organisation, politics, narratives and philosophies of national museums.

Odd couples is the first comprehensive history of registered partnership and gay marriage in Scandinavia. The concept of marriage as a union of a man and a woman was fundamentally challenged by the introduction of registered partnership in Denmark in 1989. This book presents an outstanding study of the interaction between gay activism and traditional party politics. The different experiences in all Scandinavian countries are investigated in order to present a nuanced understanding of a fascinating political process that began in the 1960s and continues to change the ways we understand family, sexuality and nation.

En mand på kant med sig selv og sine lidenskaber, på kant med Europa. Et splittet Europa, et Europa som

lukker sig om sig selv. Et Europa hvor historien fortsætter, i fred som i krig, blindt og blodigt. Hvad er det overhovedet at være europæer? Hvad betyder historie? Hvad gør man med historie, der er gået galt? Hvad er kærlighed? Kan man slå kærlighed ihjel? Og hvad sker der, når man forsøger? "En vanvittig smuk kærlighedshistorie Janne Teller skriver i internationalt format Med Kattens tramp får Janne Teller forhåbentlig det gennembrud, som hun har fortjent." Mai Misfeldt i Berlingske Tidende "Janne Teller har skrevet en usædvanligt ambitiøs roman om krig og kærlighed." Bjørn Bredal i Politiken "Der er tankegods og hovedbrud i hver sætning i Janne Tellers Kattens tramp Bider man sig fast i bogen og bevæger sig rundt i dens mange labyrinter og tankerum, så belønnes man med et væld af præcise og indsigtfulde betragtninger over krig, kærlighed og det at være menneske i en dramatisk og turbulent historie." Leon Jaurnow i Kristeligt Dagblad

### **The Crow-Girl**

The New York Times bestselling series hailed as "gripping" (People magazine) and "compelling" (USA Today) returns with Police Chief Kate Burkholder called to the scene of a horrific tragedy on a peaceful Amish farm. The Slabaugh family are model Amish farmers, prosperous and hardworking, with four children and a happy extended family. When the parents and an uncle are found dead in their barn, it appears to be a gruesome accident: methane gas asphyxiation caused by a poorly ventilated cesspit. But in the course of a routine autopsy, the coroner

discovers that one of the victims suffered a head wound before death—clearly, foul play was involved. But who would want to make orphans of the Slabaughs' children? And is this murder somehow related to a recent string of shocking hate crimes against the Amish? Having grown up Amish, Kate is determined to bring the killer to justice. Because the other series of attacks are designated hate crimes, the state sends in agent John Tomasetti, with whom Kate has a long and complex relationship. Together, they search for the link between the crimes—and uncover a dark secret at work beneath the placid surface of this idyllic Amish community. Chock full of twists and chills and set against the unusual world of the Amish, this series "will delight fans of Chelsea Cain and Thomas Harris" (USA Today).

Kierkegaard's Pastoral Dialogues takes a selection of Kierkegaard's most insightful spiritual writings and transforms them into a series of dialogues between two friends, a believer and a nonbeliever. In this way, some of Kierkegaard's complex religious thought is

made accessible to a wider readership, so as to provide a resource for individual or group study in pastoral, counseling, or spiritual direction contexts. Each dialogue is accompanied by a commentary and questions to help discussion by groups or application by individuals. Finally, there are three responses from, respectively, a philosopher, a theologian, and a hospital chaplain, looking at how the dialogues may be relevant to these different fields of practice.

### **The Shamer's Daughter**

For the vagabond pack of ex-pat Europeans, Indian Tanzanians and wealthy Africans at Moshi's International School, it's all about getting high, getting drunk and getting laid. Their parents - drug dealers, mercenaries and farmers gone to seed - are too dead inside to give a damn. Outwardly free but empty at heart, privileged but out of place, these kids are lost, trapped in a land without hope. They can try to get out, but something will always drag them back - where can you go when you believe in nothing and belong to nowhere? Exile is the first of three powerful novels about growing up as an ex-pat in Tanzania. Ejersbo's first novel, Nordkraft, the Danish Trainspotting, was a phenomenal bestseller. Ejersbo's trilogy, only published after his death in 2008, has proved to be another cult and critical sensation.

The first step into the thrilling middlegrade fantasy world of *The Shamer Chronicles* Dina has unwillingly inherited her mother's gift: the ability to elicit shamed confessions simply by looking into someone's eyes. To Dina, however, these powers are not a gift but a curse. Surrounded by fear and hostility, she longs for simple friendship. But when her mother is called to Dunark Castle to uncover the truth about a bloody triple murder, Dina must come to terms with her power - or let her mother fall prey to the vicious and revolting dragons of Dunark.

Endorsed by Amnesty International. Imagine if war broke out - not in Iraq or Afghanistan, somewhere far far away, but here, in our country. In *War*, Janne Teller embarks on a thought-provoking experiment: by simply turning the current crisis on its head, she reveals what it is like to flee your home country, to be exiled, and to fight for survival in a foreign country. In this illustrated short story, Europe has fallen apart and the only place at peace within reach is the Middle East. You follow a normal British family as they flee to the Middle East and see what they go through as refugees, through the eyes of their fourteen-year-old son. Originally published in Denmark in 2001, *War* has become more and more relevant and thought-provoking in the intervening years. In addition to the striking format and illustrations, what makes this book so special is that Janne Teller adapts the story for each country in which it is published.

## **I'm Afraid Debbie From Marketing Has Left for the Day**

A timeless novel about the kindness of strangers Near a little cove where a brook runs out to the sea live a girl and her grandmother. All alone with no neighbors at all, the two lead a peaceful existence. They have a house, dine on sea kale and mussels and sand snails, and build fires from driftwood. But the grandmother is very old. When the time comes that the girl must bury the woman, she makes up a funeral song about the birds she is watching: Two crows never fly alone, and death is never, ever past. The next day the same crows seem to beckon her, and so the Crow-Girl begins her journey, one in which she will meet people both warm and cold, hurt and hurtful. And the Crow-Girl, before she knows it, has the makings before her of a new family . . . This lyrical story, with its characters' moments of darkness always overcome through incredible humanity, introduces a strong new voice for American readers.

### **Western Esotericism in Scandinavia**

Selvom det ikke er din skyld, kan det godt gå ud over dig! Ni forfattere og en tegneserietegner har på Høst og Søns opfordring givet ti forskellige bud på, hvordan det er at være født som fremmed. I Pære-perker-dansk møder vi bl.a. den unge fyr, som er træt af at være mønsterelev og ikke længere bare gider affeje alle uretfærdighederne som 'småting'; et par adoptivbørn, som på hver deres måde forsøger at udnytte forventningerne om fremmedhed til egen vinding; pigen, som udfordrer sin fars snak om frihed ved at vælge tørklædet; og flygtningedrengen, som sidder fast i et asylcenter og blot kan se til, mens livet går forbi. Kort sagt møder vi en broget skare af almindelige unge mennesker, der alle har det tilfælles, at de egentlig bare synes, de hører til her, men som til tider kan have ret vanskeligt ved at få lov til også at føle, at de gør det. Novellerne er skrevet af Nassrin el Halawani, David Meinke, Jesper Wung-Sung, Fatima AlZahra'a Alatraktchi, Gunvor Reynberg, Kristina Stoltz, Janne Teller, Dorthé Nors, Angel T. Kirkegaard. Focus on Grammar and Meaning explores how to teach grammar effectively to second or foreign language learners aged 5–18. It provides teachers with research insights that will help them to reflect on their classroom practice and enable them to experiment with different ways of teaching grammar. Taking a 'systemic-functional' approach, the authors

emphasize the importance of linking language and meaning in teaching. Key research studies on grammar instruction are featured, examples from real classroom practice are examined, and activities are provided to help teachers relate the content to their own teaching context. ### **Bogmarkedet**

With more than 50,000 copies sold in Denmark, this book has been on the bestseller list since its publication in 2017. Barack Obama used a secret competitive advantage to win two elections. Companies such as Google, Amazon and Novo Nordisk use the same insight to stir up innovation, increase compliance, improve the work environment and sell more products. And successful management groups in the C20 index have started using it as their preferred strategy. But what kind of insight are we talking about here? The answer is – behavioural design. Because people in the real world don't actually behave like the people we build all our usual strategies for. We are opposing human biology and psychology when we insist that good arguments, burning platforms, classic change management, pamphlets, campaigns, and joint meetings are the way to go. Obama, Google and all the rest have instead opted to use an evidence-based approach to

change behaviour, and when you've read I'm Afraid Debbie From Marketing Has Left for the Day, you can adopt this approach as well. In his book, Morten Münster has converted 40 years of research in human behaviour into an easily accessible method composed of four steps – a helping hand to all managers and employees who are thirsting for alternatives to conventional means.

The 18th century was a wealth of knowledge, exploration and rapidly growing technology and expanding record-keeping made possible by advances in the printing press. In its determination to preserve the century of revolution, Gale initiated a revolution of its own: digitization of epic proportions to preserve these invaluable works in the largest archive of its kind. Now for the first time these high-quality digital copies of original 18th century manuscripts are available in print, making them highly accessible to libraries, undergraduate students, and independent scholars. This collection reveals the history of English common law and Empire law in a vastly changing

world of British expansion. Dominating the legal field is the Commentaries of the Law of England by Sir William Blackstone, which first appeared in 1765. Reference works such as almanacs and catalogues continue to educate us by revealing the day-to-day workings of society. ++++ The below data was compiled from various identification fields in the bibliographic record of this title. KOM handler om en forlæggers overvejelser i forbindelse med et manuskript, han er blevet gjort opmærksom på er gået for tæt på en anden forfatters personlige historie. Forlæggeren sner inde på sit kontor en vinteraften, mens han skriver på en tale om etik indenfor kunstens og litteraturens verden. En kvindelig forfatter har samme eftermiddag gjort ham opmærksom på, at den roman af en bestsellerforfatter, som forlaget er ved at sende til tryk, er skrevet på en grusom og virkelig oplevelse fra hendes liv. Beslutningen om hvorvidt forlæggeren vil udgive romanen eller ej, kædes i nattens løb sammen med de svar han søger i sin tale, og samtidigt også med de eksistentielle valg han tidligere i sit liv har truffet og nu sidder bundet af. Der er jo unægtelig eksempler på, at mange, også meget store forfattere, har ladet sig inspirere af andre menneskers liv og skæbne. Men hvad kan en forfatter tillade sig i kunstens navn? Hvor går grænsen mellem kunst og etik? Hvor tæt kan en kunstner tillade sig at gå på andre mennesker og deres liv i sine bøger? Og i hvilket omfang kan han tillade sig at tage af andres idéer og tanker? Kom beskriver de timer, da forlæggeren diskuterer med sig selv, om hvordan han skal stille sig til disse spørgsmål: Skal han udgive det

problematiske værk, eller skal han vælge at sige, at sagen ikke har noget med ham at gøre, at det ikke er hans ansvar? KOM handler om forfattere og forlæggere; men den problemstilling, den beskriver, rækker selvfølgelig langt videre: Hvor begynder, og hvor slutter vores ansvar for hinanden? KOM er til dels skrevet som en slags videretænkning af den tese om, at vi alle er moralsk faldne, som Albert Camus udvikler i sin roman FALDET. Ja, vi er alle faldne, skriver Janne Tellers alter ego, Bernhard L. Mont. Men hvor vidt har vi mulighed for selv at vælge, hvor faldne vi ønsker at være? KOM er en roman, der nok er lille af omfang, men som kommer til at fylde meget i hovedet på sin læser.
