### **The Thriving Child**

It took months of doctors visits and several illnesses for Erica Reid to uncover that her young son had multiple allergies and serious asthma. Her daughter, who had suffered from skin irritation since birth, was diagnosed with food allergies as well. Thus began a cautious, thoughtful journey to more doctors and led the author to totally re-vamp her family's diet, "de-tox" her home, and, as her children grew older, coordinate healthy routines for school and travel. Along the way, Reid developed complementary child-rearing strategies promoting respect, responsibility, creativity, spiritual balance, and love. From health and nutrition to discipline and spirituality, Reid schooled herself in every area that is part of creating a totally healthy environment in which a family can flourish. THE THRIVING CHILD also includes in-depth prescriptive advice from top experts, including doctors, and celebrity mothers.

"The perfect housekeeping guide for somebody who is overwhelmed with their mess and can't figure out how to start." -Lifehacker "An accessible guide on how to clean for normal people." -Livestrong "It actually changed my life and my home; I'm serious." -Book Riot Finally, a housekeeping and organizational system developed for those of us who'd describe our current living situation as a "f\*cking mess" that we're desperate to fix. Unf\*ck Your Habitat is for anyone who has been left behind by traditional aspirational systems. The ones that ignore single people with full-time jobs; people without kids but living with roommates; and people with mental illnesses or physical limitations. Most organizational books are aimed at traditional homemakers, DIYers, and people who seem to have unimaginable amounts of free time. They assume we all iron our sheets, have linen napkins to match our table runners, and can keep plants alive for longer than a week. Basically, they ignore most of us living here in the real world! Interspersed with lists and challenges, this practical, no-nonsense advice relies on a 20/10 system (20 minutes of cleaning followed by a 10-minute break; no marathon cleaning allowed) to help you develop lifelong habits. It motivates you to embrace a new lifestyle in manageable sections so you can actually start applying the tactics as you progress. For everyone stuck between *The Life-Changing Magic of Tidying Up* and *Adulthood*, this philosophy is more realistic than aspirational, but the goal is the same: not everyone will have a showcase of a home, but whatever your habitat, you deserve for it to bring you happiness, not stress.

Ever wonder what it's like to attend a feast at Winterfell? Wish you could split a lemon cake with Sansa Stark, scarf down a pork pie with the Night's Watch, or indulge in honeyfingers with Daenerys Targaryen? George R. R. Martin's bestselling saga *A Song of Ice and Fire* and the runaway hit HBO series *Game of Thrones* are renowned for bringing Westeros's sights and sounds to vivid life. But one important ingredient has always been missing: the mouthwatering dishes that form the backdrop of this extraordinary world. Now, fresh out of the series that

redefined fantasy, comes the cookbook that may just redefine dinner . . . and lunch, and breakfast. A passion project from superfans and amateur chefs Chelsea Monroe-Cassel and Sariann Lehrer—and endorsed by George R. R. Martin himself—*A Feast of Ice and Fire* lovingly replicates a stunning range of cuisines from across the Seven Kingdoms and beyond. From the sumptuous delicacies enjoyed in the halls of power at King’s Landing, to the warm and smoky comfort foods of the frozen North, to the rich, exotic fare of the mysterious lands east of Westeros, there’s a flavor for every palate, and a treat for every chef. These easy-to-follow recipes have been refined for modern cooking techniques, but adventurous eaters can also attempt the authentic medieval meals that inspired them. The authors have also suggested substitutions for some of the more fantastical ingredients, so you won’t have to stock your kitchen with camel, live doves, or dragon eggs to create meals fit for a king (or a khaleesi). In all, *A Feast of Ice and Fire* contains more than 100 recipes, divided by region:

- The Wall: Rack of Lamb and Herbs; Pork Pie; Mutton in Onion-Ale Broth; Mulled Wine; Pease Porridge
- The North: Beef and Bacon Pie; Honeyed Chicken; Aurochs with Roasted Leeks; Baked Apples
- The South: Cream Swans; Trout Wrapped in Bacon; Stewed Rabbit; Sister’s Stew; Blueberry Tarts
- King’s Landing: Lemon Cakes; Quails Drowned in Butter; Almond Crusted Trout; Bowls of Brown; Iced Milk with Honey
- Dorne: Stuffed Grape Leaves; Duck with Lemons; Chickpea Paste
- Across the Narrow Sea: Biscuits and Bacon; Tyroshi Honeyfingers; Wintercakes; Honey-Spiced Locusts

boom and be financially free? Are you inclined to dive in into investing but is not sure whether you should or not? Do you want to learn more about it? Then hop on and learn about the Stock Market and Forex Trading because this will completely change your perspective. Join me and I will teach you the ins and outs of Stock Market and Forex Market Trading! Let us know peer into what the stock market is. At its basest form, owning a stock is not much more than owning a piece of company where the stock originated from. You become a holder of equity when you buy into a stock. This generically means that you will do well if the prospects of the company do well. Similarly, if the company takes a downturn, then your stock value will then probably depreciate. Forex is one of the biggest trading markets. One reason is that every country has a currency. The other reason is that most people understand foreign exchange and how it works. Furthermore, everyone participates in forex in some way, whether this is at an individual or business level. The market is open 24 hours a day from Monday morning to Friday evening. This book includes:

- Information on stock market and forex market trading and all its secrets
- Insights on what stocks, bonds, and dividends are
- Insights on the basics and what do we trade in the forex market
- The psychology and mindset when it comes to stock market and forex market trading
- The risks involved in forex trading
- Long-term investing
- Reversal trading
- Information on bull and bear markets
- Understand mutual funds
- Forex trading vs. Stocks
- How to be successful in the trade market

more! Many folks find this easy to grasp, while others still think that the stock market is just a screen or a website which shows ticking jumping numbers. Behind those ticking jumping numbers are actual companies present in everyday life. This gives us an insight into one of the ways of investing in the stock market. You will realize or discover many things if you just stop and ponder a little deeper for a bit. Everyone loves to have the example of Apple stock, but maybe a lesser-known name like Keurig Dr. Pepper may draw a bit of your attention. This stock is what most investment folks' term as a consumer staple stock. When you break down that \$50-dollar word, consumer means folks like you and I, while staple means you really can't do without it for any extended period of time. Things like foodstuff, drinks, as well cleaning items will come into mind when we talk about this. Key to this is also the fact that staples tend to get purchased consistently. If you love doughnuts, and Krispy Kreme is one of your top choices, you just might have known about Keurig if you thought about it and dug a little deeper. What I am getting at is this. There are many stocks out there, as there are many investment opportunities. Not all of these money-making stocks are known only to the top analysts and hot shot investors. Many have household brands in their stables and we just have to dig a little deeper into the things we use, the things we like, and we just might be able to find a potential winner. Anyways I can go on and on talking about Stock Market and Forex Trading. Learn with us so that we can help you with your plans for the future. So, why don't we get started?
