King is a woman worth celebrating."--USA Today New York Times bestselling author Jennifer Chiaverini illuminates the life of Ada Byron King, Countess of Lovelace--Lord Byron's daughter and the world's first computer programmer. The only legitimate child of Lord Byron, the most brilliant, revered, and scandalous of the Romantic poets, Ada was destined for fame long before her birth. But her mathematician mother, estranged from Ada's infamous and destructively passionate father, is determined to save her only child from her perilous Byron heritage. Banishing fairy tales and make-believe from the nursery, Ada's mother provides her daughter with a rigorous education grounded in mathematics and science. Any troubling spark of imagination--or worse yet, passion or poetry--is promptly extinguished. Or so her mother believes. When Ada is introduced into London society as a highly eligible young heiress, she at last discovers the intellectual and social circles she has craved all her life. Little does she realize how her exciting new friendship with Charles Babbage--the brilliant, charming, and occasionally curmudgeonly inventor of an extraordinary machine, the Difference Engine--will define her destiny. Enchantress of Numbers unveils the passions, dreams, and insatiable thirst for knowledge of a largely unheralded pioneer in computing--a young woman who stepped out of her father's shadow to achieve her own laurels and champion the new technology that would shape the future.

Does this sound familiar? 'If I could get in front of the prospect, the rest of the selling process becomes easier. It's just getting in front of them that's the challenge'. The fact is most cold-calling efforts are doomed from the start. Salespeople lose sales not due to a lack of effort but because they lack a prospecting system they are comfortable with, and can trust to generate greater, consistent results. If you are feeling the same way you have been for the last several years (including the 'calling to check in, touch base or follow-up' approach) or haven't been prospecting at all, you're simply making it easier for your competition to take away the new business you are working so hard to earn. So, if you love to sell but hate (or don't like) to prospect, this book is your opportunity to maximize your cold calling potential and boost your income by learning how to get in front of the right prospects in less time and create greater selling opportunities without the fear, pressure or anxiety associated with cold calling.

The Hypnosis Guide

This book uses a verse by verse approach to understand the Tabernacle. When I prayed about starting this book, the answer was, "at the beginning." After I began writing, that made sense. To understand the Tabernacle, we have to understand God's personality. That's when items in the Tabernacle began to come alive. What better way to understand the Tabernacle then to study the subject the way Moses recorded it? I can't think of a better way. I'm sure after reading this book, you'll agree. Can anyone improve on the sequence God gave Moses? The Tabernacle reflects Jesus' personality as well as His dedication, ambitions, and goals. The Tabernacle is like Jesus' application to this world to be their Messiah, Savior, God, King, High Priest, and Friend. This book shows how a series of stories in the Bible led to the Israelites leaving Egypt, covers the collection of materials for the Tabernacle, as well as instructions and directions God gave to Moses to build the Tabernacle.

Millions compete for exposure on Google, Yahoo!, and Bing, but 99% of them fail to get results. As the founder of leading digital intelligence firm, AdGooroo, search advertising authority Richard Stokes is in a unique position to reveal what's going wrong and provide solutions to fix it. Since the publication of the first edition, there have been a number of revolutionary changes in paid search. First, we are increasingly searching from our cell phones – not just desktops. Mobile search now accounts for 15% of searches in the US (up from ~0% in 2009). Second, Google is no longer the only game in town. Bing now accounts for 30% of all US searches and is growing in importance worldwide. Finally, “Search Extensions” have become a powerful new technique that search advertisers can use to gain an edge on the competition. With them, advertisers can collect phone numbers and email addresses with their ads, limit their ads to certain times of day, deliver coupons to nearby customers, and even provide handy “call me” buttons that are displayed only on cell phones. In this new edition, Stokes details all this and more, providing information exclusive to this guide and of priceless value to its more advanced search audience. With insider insight from Stokes and using proven strategies from today's search advertising elite, paid search advertisers discover how to drive significantly more traffic to their site, dramatically increase click-through rates, steal impressions from competitors, boost their conversions, and increase their sales by unbelievable amounts.

psychological states and shows how they can be used for diagnosing life's problems and providing solutions. It shows how numbers are a mirror of our very essence, explaining the relevance of time cycles and dates of birth. It also highlights the universal message of the ten Sikh gurus and shows how you can become a Ten-in-One Being. As an offering of the formula behind all formulas, it offers no quick fixes, but presents numerology as a multi-faceted jewel that you can refer to again and again in your life. Not limited to any one numerology system, it reveals the ground of them all. Describing the essence of numbers it goes beyond the usual fortune telling or application of a particular system to put the soul back into numerology. It covers dates of birth, time calendars and spiritual bodies, telling you more about yourself in a friendly way than you imagine there is to know.
