exposé,” from this award-winning Sierra Leonean author (Publishers Weekly). As a child, Aminatta Forna was witness to the political upheaval and social unrest of post-colonial Africa. Forced to flee her home for exile in Britain, she was subject to the consequences of her dissident father’s actions. After war had abated in Sierra Leone, Aminatta’s father, Mohamed, returned to his country to be part of the fledgling democracy. But as progress gave way to dictatorships and corruption, Mohamed soon found himself caught in a dangerous political battle, imprisoned for his beliefs and facing far worse. Years later, Aminatta returns to her home country as an adult and a journalist. Searching for the truth of her father’s fate and her country’s destiny, she uncovers a harrowing web of intrigue, conspiracy, and painful revelations. *The Devil That Danced on the Water* is an “extremely moving” memoir of family, heritage, and innocence lost (The Guardian).

How to Write Letters; a Manual of Correspondence

This book explores the social significance of letter writing. Letter writing is one of the most pervasive literate activities in human societies, crossing formal and informal contexts. Letters are a common text type, appearing in a wide variety of forms in most domains of life. More broadly, the importance of letter writing can be seen in that the phenomenon has been widespread historically, being one of earliest forms of writing, and a wide range of contemporary genres have their roots in letters. The writing of a letter is embedded in a particular social situation, and like all other types of literacy objects and events, the activity gains its meaning and significance from being situated in cultural beliefs, values, and practices. This book brings together anthropologists, historians, educators and other social scientists, providing a range of case studies that explore aspects of the socially situated nature of letter writing.
