Roster of the Confederate Soldiers of Georgia Vol. 13

Being creative is not a luxury or a gift, it's a necessity. Creativity does not 'choose' people as vessels. It is a choice to be creative. I've never believed the crap that creativity floats around in nano-particles that then find their way into only some of us who are by birth right lucky enough to have been permitted to claim their creative juju through magical infusion and wondrous mysticism. That's just another pile of BS being pushed to dupe you into accepting creative shortcomings. I don't buy it and you shouldn't either. You are the gatekeeper to your creativity. EVERYONE IS CREATIVE. This is not complicated everyone has an imagination. Unfortunately creativity has systematically been crushed, standardized-tested and education-administrated out of us - we've actually been taught NOT to be creative. But that's just crazy talk: you, in all your glorious youness, are wired to be creative. It's already in you and it's your greatest asset! All you need to do is choose to unleash your creative warrior. And I can help with this pretty-on-the-outside, tough-as-nails-on-the-inside book. Well, it's pretty on the inside, too! No matter what your day-to-day is, your ability to think and take creative action will help you navigate through any obstacle including fear, vulnerability and lack of self-confidence. Creativity is the ability to view something through a different lens, from different perspectives. But it takes work. Asking questions, scavenging ideas like a child and taking bite-size action to open it up. Being creative is not for the lazy. Au contraire, Pierre! It's for the curious and adventuresome who need to feed their souls and brains. Make It Your Bitch: The Ultimate Guide To Owning Life - Unleashing Your Creative Warrior, is broken down into bite-size easy-to-digest chunks, which include realistic problems and solutions. Action prompts to inspire and motivate you, including how to: * Fizz with ideas* Learn to build up and tear down thoughts for growth* Commit to evolving* Use less and make more* Re-train your brain and open new creative pathways* Risk being creative and work around fear* Get out of your funk* Make your own creative magic* Make creativity your spirit animal* Relieve anxiety through creativity* How to find explosive happiness through creativity Full disclaimer: As evidenced by the title, I swear like a truck driver. So, if you're squeamish about a few BS's or F's, then GJITL.

Lucky Luke - The Complete Collection

Some strange burglaries take place at each performance of the play 'The Dashing White Cowboy'. Is it simply co-incidence? A suspicious Lucky Luke follows the crime, but unfortunately it's he who is accused of theft in each city the actors pass through. After all, he's also a stranger, but despite this series of arrests, Lucky Luke won't let the troupe leave him behind, and he's more determined than ever to clear his name and catch the culprit.

Healthy Eating

Healthy Eating: Winter Healthy Eating Guide and 60+ Recipes Inspired by Traditional Chinese Medicine to Warm Up the Body, Nourish Your Skin, and Achieve Optimal Health Did you know that your body sensitively reacts to external changes and sends you signals from time to time? For example, in winter the dry and freezing cold season, some people may suffer from cold digits, chopped skin, and rashes. The 2,000-year-old practical seasonal eating based on the teaching of Traditional Chinese Medicine is powerful because it understands the body, respects how it works in different seasons and advocates a series of principles and guidelines to help you heal the body from the inside, so that you can restore health, beauty, and natural glow inside out. Yes, natural whole foods can be served as medicine. If you have them in the right way and consume them in the right time of the year, they can improve your health conditions, slow down aging process, promote longevity, and help you restore radiant skin. As an example, in cold and dry winter days, you could consider consuming more foods with black color or dark colors such as black sesame seeds, black beans, black rice, black fungus, seaweed, and mushrooms. TCM sees that foods with dark colors are dense with nutrients and can effectively help warm up the body during cold winter time. These are just a few examples from this book to show you the powerful healing benefits in foods for autumn. By the end of the book, you will have a complete understanding of how to eat healthy in winter. Specifically, you'll learn: Basic guidelines for winter eating and best practices How winter the three-month period can be divided into six shorter periods of time (each period describing a subtle change in atmospheric characteristics and animal behaviors) How ancient Chinese used this type of categorization to plan for what to eat to promote health How to understand your own body in a more precise way and how to customize your food choices to fit only your body type More than 60 recipes for you to choose from to get started with healthy eating in winter Grab a copy to start enjoying how foods can bring you magic in this winter! Zip Line Mice Companion Coloring Book

Of the many things in this world that might cause concern for the future of mankind, the internet and the development of artificial intelligence perhaps should top the list. They may contain the seeds that will kill us all. Driven by the paranoia which took root after 9/11 the CIA begin work on the most controversial intelligence and defence project ever conceived to protect America. How did they not see the danger? Only one man got close to the answer, but by that time it was too late. As the human race paid the ultimate price, the machines finally took over, but had even they got it wrong. Why did they choose to resurrect mankind, but not on Earth?

Lucky Luke has run afoul of a desperado. Fortunately, this ain't his first rodeo! Lucky Luke arrives at Navajo City just in time to sign up for the town's big rodeo. But the prize money promised to the winner is attracting some unsavoury types, and among the participating cowboys is one Cactus Kid, an unrepentant bully and outlaw. The clash is inevitable, both in and outside the arena, and Luke will have to fight with his customary aplomb and humour before riding off to new adventures."

Lucky Go Happy

We all know Lucky Luke, the man who shoots faster than his own shadow. But even he was once a child, and back then he was already having grand adventures in the Old West! The young boy is travelling with an old, grumpy, alcoholic prospector in search of gold, when a conflict with the local Indian tribe leads to kidnapping - and he now finds himself the adopted son of a nagging native mother!

Winner, Winner, Turkey Dinner

Returned to their penitentiary by Lucky Luke for the umpteenth time, the Daltons meet a troubling character: Dunkle, a self-proclaimed prophet fond of fiery speeches. His continual preaching eventually converts the ever hapless Averell. Soon, all five escape together and find refuge in a friendly, welcoming community, where they sow chaos and discord each in their own way - unaware that Lucky Luke is already tracking them

The Ballad of the Daltons

From my childhood, I could not find anyone on the same wavelength. People in my surroundings were engaged in pursuing familial and social responsibilities. I found myself different in many ways and a personal quest had begun from an early age itself for someone to open my heart to. Yet still I felt there was something which was guiding and protecting me all the time.

Slowly, as time passed, I realised how blessed I am. I was enveloped with grace and guidance even when I had not met Him. Nature knew everything and had ushered a blessing. Then, one day my prayers were answered. I met HIM. His one glance kindles love; his smile has healed the broken hearts of many. He is the reason I live for This book is a journey of longing and patience — sometimes joyful and sometimes painful. Years of unexpressed love and gratitude has taken the form of book. It's a collection of poems and some couplets, written both in English and Hindi. The English poems give the flavour of knowledge and lightness whereas the Hindi poetry sings the glory of gratitude, love, and bhakti. I dedicate the book to Gurudev Sri Sri Ravi Shankar Ji. It's an Offering to my Master (60 years of poetry). All in His Divine Lotus Feet.

Create Your More Of Own Colorful Lace Ornaments Mirroring the very popular mandala coloring patterns, lace patterns and vintage lace designs are often both complex and beautiful. Coloring is an activity which has been associated for a long time with kids and it has been accepted that, as we reach maturity, we put away our crayons and turn our attention to more grown-up pursuits. However, in recent years we have witnessed this wisdom being rejected and coloring for grown-ups has become a widespread and growing activity. But why has coloring for grown-ups become so popular? There are many explanations for the explosion in adult coloring, but here are just a few

Coloring Reduces Stress And Anxiety Psychiatrists have known for a long time that coloring relaxes the fear center of the brain and permits your mind to get some rest. Indeed the founder of analytical psychology, Carl Jung, gave his patients mandalas to color over one hundred years ago. In the hectic world we inhabit today the stress reducing properties of coloring are perhaps more valuable than they have ever been.

Coloring Trains Your Brain To Focus Staying within the lines as you color a simple black and white line drawing requires focus and, while you are concentrating on this stress-free and relaxing activity, you can forget about your worries. Coloring is a mental exercise which lets you set aside everything for the time you spend doing it, and this is very important in our stressful world.

Coloring Helps In The Development Of Fine Motor Skills And Vision Coloring forces the two sides of the brain to interact and involves both the use of logic (used to color forms) and creativity (as we mix and match colors). In turn, this brings the areas of the brain concerned with fine motor skills and vision into play, and helps in keeping these active and in developing them further. It is this aspect of coloring which is being increasingly seen as particularly valuable for older individuals, as many people believe that it can delay, or even prevent, the onset of dementia.

Coloring Gives You The Chance To Be Social Although you may feel that coloring should be a purely solo activity, its growing popularity is quickly turning it into a social one. Friends, families, colleagues and others are getting together to enjoy something to eat and drink and the opportunity to socialize, through their shared interest in coloring. Indeed, this is a perfect excuse for getting together, as coloring needs only minimal concentration and can be done easily in a group setting.

Coloring Lets You Express Yourself There are no rules when it comes to coloring and your coloring book is just that - your coloring book. If you mistakenly make the dog's hind leg green because you thought that it was part of the grass, who cares? Should you decide to make the sky yellow, what does it matter? You can be as creative and experimental as you like because this is your

project, and yours alone. When it comes to choosing colors don't forget that the British-based, but American-born, artist James Whistler once remarked, "Mauve is just pink trying to be purple." You may of course already be a follower of adult coloring, in which case you will know and appreciate its value. This may however be a new project for you and one that you are looking at for any one of several different reasons. If this is something new for you then I urge you to give it a try. It is no accident that so many people are excited about the world of adult coloring, so join in and start to enjoy the benefits for yourself today.

Holly Holloway is locked in a dusty room, strapped to a ticking bomb. What would you do, if you only had one hour of life left to live? Atomic Number Sixty is the first part of a thrilling series, with 60 chapters each set in real time taking the reader 1 minute to read

Seven Stories

It is easy to be happy, but there is a prerequisite. We first must understand how happiness works. Like anything else in life, things become a lot easier once we understand them. Doing math, for example, is only difficult as long as we don't understand it. Happiness works on the same principle. Rather than teaching us how happiness works, society presents us with stepping-stones on the road to happiness, such as: if you study this, you will get that job, and then you will be happy. If you own this, you will impress your friends, and then you will be happy. If you eat healthy and exercise regularly, you will lose those pounds, and then you will be happy. Lucky Go Happy is not a stepping-stone and will ? demonstrate how we lose out on more than 70 percent of potential happy time by living for weekends; ? explain how contentment can yield the same amount of happiness as ecstasy; ? provide concrete proof that money can never make us happy; ? highlight why it is absolutely essential to be unhappy at times; ? illustrate how a midlife crisis happens; ? offer the simple formula to calculate the amount of happiness, or unhappiness, you experience; ? show that happiness is not around the next corner; it is here and now; and ? help you understand how happiness works. Written for teenagers and adults, this easy-to-read book will equip you with the knowledge to make you happier and happy more often. Rather than waiting for it, you can make happiness happen for yourself and for those around you. ?Money makes the world go round; however, happiness greases the axle. Without this lubricant, life will seize.?
