Crazy Love

In the blisteringly fierce 'Mad Love', a young woman honeymoones in Africa with her new husband. Unflappable, dully affable, immune to the horrors of the world lurking beyond the tour bus, he becomes ever more loathsome to her. 'Mad Love' is a short story taken from Maria Takolander's powerful debut collection, *The Double*. Maria Takolander is a senior lecturer in literature at Deakin University in Geelong. She is the author of a work of literary criticism and two poetry collections. Her poems have featured in annual best-of anthologies for the past seven years. *The Double* is her first book of fiction. textpublishing.com.au 'Maria Takolander's stories are written in a bewitching minor key. Haunting and mysterious, this is a collection that you will want to savour, then read all over again.' Danielle Wood 'Extraordinary. I was entranced. Takolander's stories have a remarkable concentration of vision; their images are haunting and powerful, and will remain with me for a long time.' Jeremy Chambers

Surrealism: Key Concepts

Emerging from the disruption of the First World War, surrealism confronted the resulting 'crisis of consciousness' in a way that was arguably more profound than any other cultural movement of the time. The past few decades have seen an expansion of interest in surrealist writers, whose contribution to the history of ideas in the twentieth-century is only now being recognised. *Surrealism: Key Concepts* is the first book in English to present an overview of surrealism through the central ideas motivating the popular movement. An international team of contributors provide an accessible examination of the key concepts, emphasising their relevance to current debates in social and cultural theory. This book will be an invaluable guide for students studying a range of disciplines, including Philosophy, Anthropology, Sociology and Cultural Studies, and anyone who wishes to engage critically with surrealism for the first time. Contributors: Dawn Ades, Joyce

Cheng, Jonathan P. Eburne, Krzysztof Fijalkowski, Guy Girard, Raihan Kadri, Michael Löwy, Jean-Michel Rabaté, Michael Richardson, Donna Roberts, Bertrand Schmitt, Georges Sebbag, Raymond Spiteri, and Michael Stone-Richards.

Mad Love

One can imagine the sensation that a bright, beautiful eagle would produce in a dove's nest; the presence of that beautiful, imperious child at the farm was very much the same. People looked at her in wonder; her beauty dazzled them; her defiance amused them. They asked each other where all her pride came from. Uncle Robert often said in his slow fashion that he retired from business when Leone was seven. At that early age he gave the management of everything into her baby hands. From the chickens in the yard to the blue and white pigeons on the roof. She could manage him, big as he was, with one stamp of her little foot, one flash of her bright eyes; he was powerless at once, like a great big giant bound hand and foot. She was a strange child, full of some wonderful power that she hardly understood herself—a child quite out of the common groove of life, quite above the people who surrounded her. They understood her beauty, her defiance, her pride, but not the dramatic instinct and power that, innate in her, made every word and action seem strange. Honest, stolid Robert Noel was bewildered by her; he did his best in every way, but he had an uneasy consciousness that his best was but a poor attempt. He sent her to school, the best in Rashleigh, but she learned anything and everything except obedience. She looked out of place even there, this dark-eyed Spanish girl, among the pretty pink and white children with fair hair and blue eyes. She bewildered even the children; they obeyed her, and she had the greatest influence over them. She taught them recitations and plays, she fired their imaginations by wonderful stories; she was a new, brilliant, wonderful element in their lives. Even the school mistress, meek through the long suffering of years, even she worshiped and feared her—the brilliant, tiresome girl, who was like a flash of light among the others. She had a face so grand and a voice so thrilling it was no unusual thing when she was reading aloud in the school-room for the others to suspend all work, thrilled to the heart by the sound of her voice. She soon learned all that the Rashleigh governess could teach her—she taught herself even more. She had little taste for drawing, much for music, but her whole heart and soul were in books. Young as she was, it was grand to hear her trilling out the pretty love speeches of Juliet, declaring the wrongs of Constance or Katherine, moaning

out the woes of Desdemona. She had Shakespeare almost by heart, and she loved the grand old dramatist. When she was sixteen her uncle took her from school, and then the perplexities of his honest life began. He wanted her to take her place as mistress of the house, to superintend the farm and the dairy, to take affectionate interest in the poultry and birds, to see that the butter was of a deep, rich yellow, and the new laid eggs sent to market. From the moment he intrusted those matters in her hands, his life became a burden to him, for they were entirely neglected.

Lovely young Lydia Languish resists all attempts by her guardians to select a suitable husband for her. Although she comes from a wealthy family, she considers it more romantic to choose a man from among the lower class. She pursues a relationship of passion and romance rather than seeking a fellow from her own social class who would inherit wealth and position. Her arrogant aunt, Mrs. Malaprop (famous for her use of misapplied terms known as "malapropisms"), strives by various means to force Lydia into submission. She is assisted by an old friend, Anthony Absolute, whose handsome young son, Captain Jack Absolute, serves in the military. Jack has taken a fancy to Lydia, and has adopted an alias, Lieutenant Bonny, because he wishes to pursue her. He knows she will not see him if she knows him to be a member of the upper class, so he pretends to be a lowly lieutenant. Bonny and Lydia carry on a secret romance, but a quarrel created intentionally by Lydia keeps them apart. Lydia's cousin Julia sympathizes with Lydia for the many troubles she must endure. Julia is engaged to be married to Fred, who is obsessed with her and is overcome with insecurity and jealousy. Mrs. Malaprop has suitors of her own which she attempts to conceal from Lydia. A clever servant, Lucy, carries letters between the lovers while she manipulates circumstances for financial benefit. She mixes things up mischievously and delightfully. Several men nearly come to violence in pursuit of their women. Romance and wit abound in this humorous play adapted in a modern version by Rolf McEwen from *The Rivals* by Richard Brinsley Sheridan. This version is set in England in 1910.

Six Feet Under

On 25 February 1956, twenty-three-year-old Sylvia Plath walked into a party and immediately spotted Ted Hughes. This encounter - now one of the most famous in all literary history - was recorded by Plath in her journal, where she described Hughes as a 'big, dark, hunky boy'. Sylvia viewed Ted as something of a colossus, and to this day his enormous shadow has obscured Plath's life and work. The sensational aspects of the Plath-Hughes relationship have dominated the cultural landscape to such an extent that their story has taken on the resonance of a modern myth. After Plath's suicide in February 1963, Hughes became Plath's literary executor, the guardian of her writings, and, in effect responsible for how she was perceived. But Hughes did not think much of Plath's prose writing, viewing it as a 'waste product' of her 'false self', and his determination to market her later poetry - poetry written after she had begun her relationship with him - as the crowning glory of her career, has meant that her other earlier work has been marginalised. Before she met Ted, Plath had lived a complex, creative and disturbing life. Her father had died when she was only eight, she had gone out with literally hundreds of men, had been unofficially engaged, had tried to commit suicide and had written over 200 poems. Mad Girl's Love Song will trace through these early years the sources of her mental instabilities and will examine how a range of personal, economic and societal factors - the real disquieting muses - conspired against her. Drawing on exclusive interviews with friends and lovers who have never spoken openly about Plath before and using previously unavailable archives and papers, this is the first book to focus on the early life of the twentieth century's most popular and enduring female poet. Mad Girl's Love Song reclaims Sylvia Plath from the tangle of emotions associated with her relationship with Ted Hughes and reveals the origins of her unsettled and unsettling voice, a voice that, fifty years after her death, still has the power to haunt and disturb.

In a lively exploration of Jacques Offenbach's final masterpiece, Heather Hadlock shows how Les Contes d'Hoffmann summed up not only the composer's career but also a century of Romantic culture. A strange fusion of irony and profundity, frivolity and nightmare, the opera unfolds as a series of dreamlike episodes, peopled by such archetypes as the Poet, the Beautiful Dying Girl, the Automaton, the Courtesan, and the Mesmerist. Hadlock shows how these episodes comprise a

collective unconscious. Her analyses touch on topics ranging from the self-reflexive style of the protagonist and the music, to parallels between nineteenth-century discourses of theater and medical science, to fascination with the hysterical female subject. *Les Contes d'Hoffmann* is also examined as both a continuation and a retraction of tendencies in Offenbach's earlier operettas and opéra-comiques. Hadlock investigates the political climate of the 1870s that influenced the composer's vision and the reception of his last work. Drawing upon insights from feminist, literary, and cultural theory, she considers how the opera's music and libretto took shape within a complex literary and theatrical tradition. Finally, Hadlock ponders the enigmas posed by the score of this unfinished opera, which has been completed many times and by many different hands since its composer's death shortly before the premiere in 1881. In this book, the "mad loves" that drive *Les Contes d'Hoffmann*--a poet's love, a daughter's love, erotic love, and fatal attraction to music--become figures for the fascination exercised by opera itself.

The definitive story of Harley Quinn by her co-creator, Paul Dini, and Pat Cadigan, revealing the secrets of her history even as she seeks to kill Batman. Dr. Harleen Quinzel grew up in an abusive household with a criminal and became a psychologist to deal with her own broken family. At Arkham Asylum, she attempted to treat the Joker and instead fell hopelessly in love with him, helping him escape and becoming a member of his organization. Quinzel became Harley Quinn, a bizarre contradiction of violence and mercy. She blames Batman for her inability to maintain a stable relationship with the arch-villain, and that causes her to have an abiding hatred for the hero, who she seeks to kill. Upon capture she becomes a violent inmate at Belle Reve Penitentiary, and is assigned to the group of government-maintained super villains known as the Suicide Squad. Copyright © 2017 DC Comics.
