Microsoft Word 2013 Plain & Simple

Creating Letters, E-mails, and Mailing Labels Will Be Easy With The Mail Merge Wizard & This Illustrated Guide Imagine you have letters or e-mails that you need to send to many, many people. Most of the content is the same, but you need to show recipient specific information in each letter. You don't want to type multiple documents and personalize each one. That would take hours. You know there is a faster way than copying and pasting. That is where Mail Merge comes in! No longer cringe when creating correspondences. Let Microsoft Office Word take care of most of the work for you and use the Mail Merge Wizard. You provide: • the content • the recipient list and let the Wizard do the rest. Mailing labels and envelopes are no problem for the Mail Merge Wizard. Use the Rules feature to further automate the mail merge. What will you learn? After reading this manual, you will be able to customize form letters using merged fields, and connect Word to Excel lists, and Outlook to define those fields. You will also learn to create your own lists. You will create mass e-mails, and mailing labels. You will also be able to customize your merged documents with Fill-in fields, and text that only appears on documents if that document meets certain conditions. Keyboard shortcuts and a cheat sheet at the end of this manual will help you create mail merges even faster. Who should purchase this manual? This manual is for people whose job responsibilities include working with labels, envelopes, form letters, and mass e-mails, and who want to save time, and customize documents. What will you need to know before starting this manual? To ensure your success, knowledge of basic features of Word, Outlook, and Excel is recommended. ˃˃˃ Examples & Exercises Use the hands-on activities in this guide as a learning tool. Keep it close by when using Word as a reference tool. Exercises and examples apply to Microsoft Office Word 2007, 2010 and 2013. Understand how mail merge works so you can get the results you want. Scroll up and grab a copy today.

Microsoft Office 2013: Illustrated, Second Course

A USA Today bestseller! Companies like Netflix, Spotify, and Salesforce are just the tip of the iceberg for the subscription model. The real transformation--and the real opportunity--is just beginning. Subscription companies are growing nine times

faster than the S&P 500. Why? Because unlike product companies, subscription companies know their customers. A happy subscriber base is the ultimate economic moat. Today's consumers prefer the advantages of access over the hassles of maintenance, from transportation (Uber, Surf Air), to clothing (Stitch Fix, Eleven James), to razor blades and makeup (Dollar Shave Club, Birchbox). Companies are similarly demanding easier, long-term solutions, trading their server rooms for cloud storage solutions like Box. Simply put, the world is shifting from products to services. But how do you turn customers into subscribers? As the CEO of the world's largest subscription management platform, Tien Tzuo has helped hundreds of companies transition from relying on individual sales to building customer-centric, recurring-revenue businesses. His core message in Subscribed is simple: Ready or not, excited or terrified, you need to adapt to the Subscription Economy -- or risk being left behind. Tzuo shows how to use subscriptions to build lucrative, ongoing one-on-one relationships with your customers. This may require reinventing substantial parts of your company, from your accounting practices to your entire IT architecture, but the payoff can be enormous. Just look at the case studies: * Adobe transitions from selling enterprise software licenses to offering cloud-based solutions for a flat monthly fee, and quadruples its valuation. * Fender evolves from selling guitars one at a time to creating lifelong musicians by teaching beginners to play, and keeping them inspired for life. * Caterpillar uses subscriptions to help solve problems -- it's not about how many tractors you can rent, but how much dirt you need to move. In Subscribed, you'll learn how these companies made the shift, and how you can transform your own product into a valuable service with a practical, step-by-step framework. Find out how how you can prepare and prosper now, rather than trying to catch up later.

The Lawyer's Guide to Microsoft Word 2010

Office 2010 In Depth is the beyond-the-basics, beneath-the-surface guide for everyone who wants to streamline their work with Office 2010, and get more done in less time.
