existential threat to America's future. Raised by well-meaning but overprotective parents and coddled by well-meaning but misbegotten government programs, America's youth are ill-equipped to survive in our highly-competitive global economy. Many of the coming-of-age rituals that have defined the American experience since the Founding: learning the value of working with your hands, leaving home to start a family, becoming economically self-reliant—are being delayed or skipped altogether. The statistics are daunting: 30% of college students drop out after the first year, and only 4 in 10 graduate. One in three 18-to-34 year-olds live with their parents. From these disparate phenomena: Nebraska Senator Ben Sasse who as president of a Midwestern college observed the trials of this generation up close, sees an existential threat to the American way of life. In *The Vanishing American Adult*, Sasse diagnoses the causes of a generation that can't grow up and offers a path for raising children to become active and engaged citizens. He identifies core formative experiences that all young people should pursue: hard work to appreciate the benefits of labor, travel to understand deprivation and want, the power of reading, the importance of nurturing your body—and explains how parents can encourage them. Our democracy depends on responsible, contributing adults to function properly—without them America falls prey to populist demagogues. A call to arms, *The Vanishing American Adult* will ignite a much-needed debate about the link between the way we're raising our children and the future of our country.

Rethinking Real Estate

A New York Times bestseller! For the first time in his own words, President-elect Donald J. Trump explains his plan to make America great again! He wants to “put America’s interests first—and that means doing what’s right for our economy, our national security, and our public safety.” Throughout the 2016 campaign, Trump conjured images of American strength and culture when small towns boomed with industry, mom and pop shops bustled, and people said, “Merry Christmas!” The media scoffed at Trump’s vision and the people who supported him; they were blinded by the Clinton machine. But their eyes were opened after Trump won 62 million votes and the Oval Office. Even Republican House Speaker Paul Ryan said, “Donald Trump heard a voice in this country that no one else heard.” As Trump says in *Time to Get Tough*, “I’ve built businesses across the globe. I’ve dealt with foreign leaders. I’ve created tens of thousands of American jobs. My whole life has been about executing deals and making real money—massive money. That’s what I do for a living: make big things happen...” Trump is about to make the biggest deals of his life, and he’s going to make them for America! From reversing lax immigration policies to eliminating regulations that restrict small businesses, Donald Trump understands that America “doesn’t need cowardice, it needs courage.” President

Make America Great Again: Myths, Lies, and Facts

President Donald J. Trump lays out his professional and personal worldview in this classic work—a firsthand account of the rise of America’s foremost deal-maker. “I like thinking big. I always have. To me it’s very simple: If you’re going to be thinking anyway, you might as well think big.”—Donald J. Trump Here is Trump in action—how he runs his organization and how he runs his life—as he meets the people he needs to meet, chats with family and friends, clashes with enemies, and challenges conventional thinking. But even a maverick plays by rules, and Trump has formulated time-tested guidelines for success. He isolates the common elements in his greatest accomplishments; he shatters myths; he names names, spells out the zeros, and fully reveals the deal-maker’s art. And throughout, Trump talks—really talks—about how he does it. Trump: The Art of the Deal is an unguarded look at the mind of a brilliant entrepreneur—the ultimate read for anyone interested in the man behind the spotlight. Praise for Trump: The Art of the Deal “Trump makes one believe for a moment in the American dream again.”—The New York Times “Donald Trump is a deal maker. He is a deal maker the way lions are carnivores and water is wet.”—Chicago Tribune “Fascinating . . . wholly absorbing . . . conveys Trump’s larger-than-life demeanor so vibrantly that the reader’s attention is

Making Sport Great Again

Blending critical theory, conjunctural cultural studies, and assemblage theory, *Making Sport Great Again* introduces and develops the concept of uber-sport: the sporting expression of late capitalism’s conjoined corporatizing, commercializing, spectacularizing, and celebritizing forces. On different scales and in varying spaces, the uber-sport assemblage is revealed both to surreptitiously reinscribe the neoliberal preoccupation with consumption and to nurture the individualized consumer subject. Andrews further probes how uber-sport normalizes the ideological orientations and associate affective investments of the Trump assemblage’s authoritarian populism. Even as it articulates the regressive politicization of sport, *Making Sport Great Again* serves also as a call to action: how might progressives rearticulate uber-sport in emancipatory and actualizing political formations?

The Real Book of Real Estate

Technology is revolutionizing the way real estate is designed, operated, and valued. It is democratizing access to capital and information, changing the way tenants use space, and eroding the power of regulation. Billions of dollars are funding these new real estate technologies and operating models. Value is shifting away from the assets themselves toward those who understand the needs of specific end-users and can use technology to deliver comprehensive, on-demand solutions. With all of these developments, there is an urgent need for a resource that helps industry practitioners think differently about their investment, customers, and competition. *Rethinking Real Estate* answers that call. It explores the impact of technology on all asset types — from retail projects, through lodging and residential properties, to office buildings and industrial facilities. Based on the author's two decades of experience working across four continents alongside the world's leading real estate investors, as well as hundreds of conversations with start-up founders and venture

capitalists, this book provides practitioners with key insights, methodologies, and practical strategies to identify risks, take advantage of emerging opportunities, evaluate new competitors, and transform their organization, project, venture, or career. What Suze Orman did for the stock market, Lisa Vander is doing for real estate This single parent and self-made success introduces real estate investing to the general public. In *The Real Guide to Making Millions Through Real Estate*, Lisa Vander provides a step-by-step plan, lacking in most real estate books, that lets anyone earn long-term profits, starting with as little as \$3,000. Her book is a practical how-to guide that educates, motivates, and transforms the way people purchase, sell, hold, and manage real estate. Unlike most real estate investing books, this is no “get rich quick” scheme; it’s a long-term plan to make and grow sustainable wealth--in other words, “get richer and stay richer.” Charts, graphs, and worksheets make its contents easily accessible, and the success stories sprinkled throughout prove that anyone can benefit from the advice within.

The Real Guide to Making Millions Through Real Estate: Start Your Portfolio With as Little as \$3000

The award-winning and bestselling author of *Thank You for Smoking* delivers a hilarious and whip-smart fake memoir by Herb Nutterman—Donald Trump’s seventh chief of staff—who has written the ultimate tell-all about Trump and Russia. Herb Nutterman never intended to become Donald Trump’s White House chief of staff. Herb served the Trump Organization for twenty-seven years, holding jobs in everything from a food and beverage manager at the Trump Magnifica to being the first general manager of the Trump Bloody Run Golf Course. And when his old boss asks “his favorite Jew” to take on the daunting role of chief of staff, Herb, spurred on by loyalty, agrees. But being the chief of staff is a lot different from being a former hospitality expert. Soon, Herb finds himself deeply involved in Russian intrigue, deflecting rumors about Mike Pence’s high school involvement in a Satanic cult, and leading President Trump’s reelection campaign. What Nutterman experiences is outrageous, outlandish, and otherwise unbelievable—therefore making it a deadly accurate account of being the chief of staff during the Trump administration. With hilarious jabs at the biggest world leaders and Washington politics overall, *Make Russia Great Again* is a timely political satire from “one of the funniest writers in the English language” (Tom Wolfe).
