A Manual of Operative Surgery

HECTR Version 1.5 User's Manual

With the iOS 6 software and the new iPhone 5, Apple has two world-class hits on its hands. This sleek, highly refined pocket computer comes with everything—cellphone, iPod, Internet, camcorder—except a printed manual. Fortunately, David Pogue is back with this expanded edition of his witty, full-color

guide: the world's most popular iPhone book. The important stuff you need to know: The iPhone 5. This book unearths all the secrets of the newest iPhone. Taller screen, faster chip, 4G LTE Internet, thinner than ever. The iOS 6 software. Older iPhones gain Do Not Disturb, the new Maps app, shared Photo Streams, camera panoramas, smarter Siri, and about 197 more new features. It's all here. The apps. That catalog of 750,000 add-on programs makes the iPhone's phone features almost secondary. Now you'll know how to find, manage, and exploit those apps. The iPhone may be the world's coolest computer, but it's still a computer, with all of a computer's complexities. iPhone: The Missing Manual is a funny, gorgeously illustrated guide to the tips, shortcuts, and workarounds that will turn you, too, into an iPhone addict.

Manual, with Rules and Orders, for the Use of the General Assembly of the State of Rhode Island

Manual of Public Libraries

Manual of the Medical Department, United States Navy

Manual with Rules and Orders for the Use of the General Assembly of the State of Rhode Island
