Christmas Activity Book

Port Talbot is a tourist trap in the "summah" located on the southern coast of Maine. The wealth and pedigree of the summer folk is legendary with their cottages on the rocky bluffs. The population quadruples from June to September. The traffic snarls around the cedar-shingled shops in the port, bringing things to a standstill. Enter the college-aged bicycle policeman. In the summer of '77, the chief of police has chosen David "Digger" Davenport, the son of one of the richest summer families who winter in Lake Placid, New York. Digger's history of solving crime starts in chapter one in a flashback to when he was eleven years old and

when he went fishing alone and hooked the partially decomposed body of the chef of the Brigantine Hotel. From this experience, as he matures, he develops a penchant for solving crime and enrolls in courses and trainings in college that prepare him for the calamity that lies ahead in his summer job as Port Talbot's bike cop. For Digger, the summer of '77 starts as it should in this quaint seaside village: tons of college kids working in the resort hotels who are looking for love in all the right places. He meets "the Virginians" on the first day of his beat in Dock Square. They cause a traffic jam in their yellow VW bug convertible. The Virginians are gorgeous coeds escaping the heat and heartbreak at home in Richmond. The townies say the winter in Port Talbot is "wicked cold" and deadly. Unfortunately, the summer now, too, turns deadly and just as plain wicked. Annie, one of the Virginians, who is a waitress at the biggest and best hotel, the Brigantine, is found dead on the beach by hotel guests. Quickly a suspect is arrested: a black bellhop from Florida. Port Talbot is thrown into turmoil on multiple levels: north versus south, white versus black, summer folk versus townies, and the lobster mobstahs versus the candidates for sheriff and district attorney. One kid . . . on a bike . . . with a badge . . . unravels the open and shut case against the bellhop. Digger reveals new evidence against great odds of a much more sinister perpetrator who is well-connected and sadistic and who will do anything to keep the evidence from being found. Introducing Port Talbot's Bike Cop in the Greater Wait of Evidence.

This book, "A Whole Year of Chemistry Quizzes" was written to provide easy to use and grade quizzes to assess the comprehension of honors students, Advance Placement students (AP), and International Baccalaureate (IB) students. This book of quizzes guides the teacher and the student through what is required in a non-watered-down chemistry course that leads students towards test and college readiness. The outline of this book has a minimum of 4 quizzes per chapter that prepares students for the formative assessment associated at the end of all chapters. The 25 chapters include topics that are covered in the honors chemistry setting as well as specialty topics like thermodynamics, kinetics, rates of reactions that are seen in the Advance Placement classes. Included within this book are quizzes for the International Baccalaureate teacher that wishes to test students on environmental chemistry as well as biological and food chemistry. This is a book that was written to fill the void of valuable resources needed for novice and experienced teachers in institutions that continually push for more summative assessments, higher DOKs, and rapid feedback, while limiting preparation time. As a teacher for over 25 years, I know that any well outlined, structured, and comprehensive resource saves time in additional planning, searching, and preparing. Use this book to help you identify and test students on topics that are important to their comprehension and success with their final test.

For one of Innisdale's residents, a priceless sonnet means poetic license to kill. . . . Grace Hollister's stay in England's picturesque Lake District has proven doubly fruitful -- the American literary scholar just sold her first book, and her romance with charming antiques dealer and ex-jewel thief Peter Fox has begun a new chapter. Sorting through a hoard of papers found in an old farmhouse, Grace and Peter discover an old letter that refers to a lost Shelley sonnet, "Sate the Sphinx." Before Grace can start tracking down this poetic treasure, though, Peter's shady past rears its head -- a particularly ugly head, belonging to a menacing Turk who's eager to see Peter dead. But there's plenty more trouble in store. Suddenly Grace and Peter are suspects in a murder investigation, and someone has tried his level best to kill her -- not once, but twice. The hieroglyphics are on the wall: unless Grace can unravel an inscrutable riddle and unearth the villain amid a cache of likely suspects, her story might be at an end. . . .

During his later career, when he worked as a clerk, Haggard was involved into the conflicts between the Boers and the natives. He was not only interested in the country's problems but also in the cultures of the Zulus which he describes in his classical novels of imaginative literature. Henry Rider Haggard wrote "Heu Heu or The Monster" two years before his death in may 1923. The novel was first published in the following year 1924. Even today his exciting novels continue to be popular and influential.
