American Accent Training

A Fun ESL guide to American culture and language English USA Every Day helps familiarize immigrants and ESL learners with American culture and language in a fun, lighthearted way. Readers will learn about everything from finding a job and locating an organic grocery store to facts about American culture and enjoying the night life. Each chapter includes new vocabulary and idioms that are common in the U.S.A., as well as fun activities such as true or false questions, crosswords, matching games, "Write It Down," "Stop and Think," "Story Time," and more that help reinforce the lessons. There are also 2--4 dialogues in each chapter that show how people speak conversationally, with new vocabulary and idioms to learn and practice. Accompanying audio for each dialogue helps listeners learn how to speak just like Americans. An answer key is included at the back of the book.

English Conversation Practice

Master the American Accent

Directed to speakers of English as a second language, a multi-media guide to pronouncing American English covers grammar, vocabulary, pronunciation, reading, writing, and listening comprehension.

Pronouncing American English

Reduce your accent when pronouncing English, with the expertise from an acclaimed specialist in the area. Developed by acclaimed speech consultant and accent specialist Susan Cameron, *Perfecting Your English Pronunciation* features her successful method, which focuses on the anatomical placement of sound and on the musculature used in articulation. Where other accent reduction/English pronunciation products rely on solely mimicking of audio sounds, this work focuses visually, audibly, and narratively on the physical ability to speak English, noting that many sounds of English may be difficult for you because some tongue positions used in English may not be used in your native language. The 45-minute DVD introduces you to mouth and jaw exercises to prepare you for English, then demonstrates mouth formations and tongue placement using other nonnative speakers like you. You will see and hear how English sounds--enabling you to become more and more comfortable conversing with native English speakers as you go through the program.

Pere Goriot and Eugenie Grandet

Exercises present tricky vowel and consonant sounds and demonstrate correct syllable stress and rhythm. Provides tools to change your accent quickly,

including lists of important rules and exceptions. For speakers whose native languages are Chinese, Farsi, Filipino, French, German, Indian, Indonesian, Japanese, Korean, Portuguese, Russian, Spanish, or Vietnamese.

Improve Your American English Accent

Mastering the Nikon D7100 by Darrell Young provides a wealth of experience-based information and insights for owners of the new D7100 camera. Darrell is determined to help the user navigate past the confusion that often comes with complex and powerful professional camera equipment. This book explores the features and capabilities of the camera in a way that far surpasses the user's manual. It guides readers through the camera features with step-by-step setting adjustments; color illustrations; and detailed how, when, and why explanations for each option. Every button, dial, switch, and menu configuration setting is explored in a user-friendly manner, with suggestions for setup according to various shooting styles. Darrell's friendly and informative writing style allows readers to easily follow directions, while feeling as if a friend dropped in to share his knowledge. The learning experience for new D7100 users goes beyond just the camera itself and

covers basic photography technique.

Singing Grammar

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times

bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control – from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed “beguiling” and “fascinating,” Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence (“Law 1: Never Outshine the Master”), others teach the value of confidence (“Law 28: Enter Action with Boldness”), and many recommend absolute self-preservation (“Law 15: Crush Your Enemy Totally”). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

Mastering the Nikon

Directed to speakers of English as a second language, a multi-media guide to pronouncing American English uses a "pure-sound" approach to speaking to help imitate the fluid ways of American speech.

The American Accent Guide

This manual accompanies the main text which focuses on the pronunciation of English in North America as it is spoken by educated native speakers. It teaches vowels, consonants, rhythm, stress and intonation using the principles of articulatory phonetics. It includes spelling patterns.

Fluent Forever

The audio CD contains all of the dialogues in the book.

American Accent Training

This instructional program is designed to diminish the accents of men and women who speak English as their second language. Specific exercises concentrate on vowel sounds, problematic consonants such as V, W, TH, the American R, and the often confusing American T sound. It teaches them to employ correct syllable stress, emphasize the correct words in a sentence for native sounding rhythm, speak with American intonation, link words for smoother speech flow, use common word contractions, and more. Additional topics that often confuse ESL students are also discussed and explained. Includes a native language guide that references problematic accent issues of 13 different language backgrounds. There is also a link to downloadable audio that uses male and female voices to coach correct

American-style pronunciation.

Fluent English

"A splendid photographic collection, this coffee-table book explores the many guises of the temperate rainforests of North America."

Speak English Like an American

Master the American Accent

American Voices

Mastering the American Accent

A comprehensive accent reduction guide for self-study, including a book, an interactive CD-ROM, and 4 audio CDs. With a hard plastic media case.

The Accent Diet

This English as a Foreign Language (EFL) textbook includes thematic chapters to create quality conversations and uses conversation starters, interview questions, classic quotations, paraphrasing exercises, and traditional proverbs to create hours of English conversation and class discussions for native Vietnamese speakers.

Ingles Para Latinos: Primer Nivel [With 2 Cassette's]

Mastering the American Accent with Downloadable Audio

The memoir of a young diplomat's wife who must reinvent her dream of living in Paris—one dish at a time When journalist Ann Mah's diplomat husband is given a three-year assignment in Paris, Ann is overjoyed. A lifelong foodie and Francophile, she immediately begins plotting gastronomic adventures à deux. Then her husband is called away to Iraq on a year-long post—alone. Suddenly, Ann's vision of a romantic sojourn in the City of Light is turned upside down. So, not unlike another diplomatic wife, Julia Child, Ann must find a life for herself in a new city. Journeying through Paris and the surrounding regions of France, Ann combats her loneliness by seeking out the perfect pain au chocolat and learning the way the

andouillette sausage is really made. She explores the history and taste of everything from boeuf Bourguignon to soupe au pistou to the crispiest of buckwheat crepes. And somewhere between Paris and the south of France, she uncovers a few of life's truths. Like Sarah Turnbull's *Almost French* and Julie Powell's *New York Times* bestseller *Julie and Julia*, *Mastering the Art of French Eating* is interwoven with the lively characters Ann meets and the traditional recipes she samples. Both funny and intelligent, this is a story about love—of food, family, and France.

The American Accent Guide

Envision the ability to present a contract or proposal to your colleagues and not worrying about how you sound, confident in knowing that you've effectively masked your accent and how everyone is listening to you. With this guide, you'll learn the easiest ways to sound more like a native speaker and dramatically improve the way you sound.

Rainforest

English U.S.A. Every Day

This is the 3rd edition of the world-acclaimed The American Accent Guide. The American Accent Guide provides comprehensive training on the standard American accent. The materials for this program consist of a book and accompanying streaming audio. The book provides a link and an access code for the audio, which can then be streamed on any digital device. The methods and principles of this program are based on the belief that an efficient way to become a clear and effective speaker in a non-native language is to gain an understanding of the phonology (sound system) of that language. The American Accent Guide addresses the entire sound system of American English and gives thorough attention to each of its elements. These elements are: Intonation Stress Rhythm Individual vowel sounds Individual consonant sounds The program found in The American Accent Guide addresses each of these elements through a variety of engaging, interactive exercises that use everyday language in situations ranging from casual to technical and from informal to professional. The American Accent Guide is divided into eight sections, each of which contains its own numbering sequence and audio. Each section addresses a complete and distinct aspect of the American accent, so the student can potentially study each part independently. Although each section is complete in and of itself, exercises do reinforce skills addressed in previous sections. This makes studying the program in the order presented the most effective way to both understand the concepts and practice and improve one's accent. By the end of the course, learners will possess a clear idea of how to process the American accent and have the basic speaking tools required to

express it. They will also be prepared to continue building their accent skills through purposeful listening to the way that native speakers of American English communicate. Who is The American Accent Guide for? Typical users of The American Accent Guide include universities, colleges, language schools, speech-language pathologists, ESL instructors, and individual learners. The program is appropriate for students representing all foreign language backgrounds, given that they possess at least a low-intermediate command of the English language. The Approach The American Accent Guide introduces the elements of American English speech in the most logical sequence, integrating each of them into natural contexts. It takes a highly complex accent system and makes it easy to understand. While practicing new speech patterns, the learner gains awareness of the underlying rules of the American English sound system. These insights facilitate continued improvement and increased fluency in standard American English. The Dialect The dialect used in The American Accent Guide is standard American English, sometimes referred to as "General American." This accent is heard widely throughout parts of the United States and Canada; it is the preferred standard in North American news media and movies. Exercises in The American Accent Guide reflect the communication style of American culture, and they incorporate common idioms and colloquialisms used frequently in everyday situations. The Audio The American Accent Guide is accompanied by clear audio featuring a mix of male and female speakers of standard American English. Audio track markers are easily located in small circles throughout the text. The entire

book is available in audio form, and the program can be followed using the audio independently should the student wish to use it that way. Changes to the New Edition This new 3rd edition of The American Accent Guide builds upon the successes of the previous editions. It includes revisions with new ideas, more exercises, and a new, expanded section on the topic of word stress."

The 48 Laws of Power

Basic Vocabulary in Use. Student's Book with answers

Mastering the Art of French Eating

The ultimate rapid language-learning guide! For those who've despaired of ever learning a foreign language, here, finally, is a book that will make the words stick. At thirty years old, Gabriel Wyner speaks six languages fluently. He didn't learn them in school -- who does? -- rather, he learned them in the past few years, working on his own and practicing on the subway, using simple techniques and free online resources. In *Fluent Forever* Wyner reveals what he's discovered. The greatest challenge to learning a foreign language is the challenge of memory;

there are just too many words and too many rules. For every new word we learn, we seem to forget two old ones, and as a result, fluency can seem out of reach. Fluent Forever tackles this challenge head-on. With empathy for the language-challenged and abundant humor, Wyner deconstructs the learning process, revealing how to build a foreign language in your mind from the ground up. Starting with pronunciation, you'll learn how to rewire your ears and turn foreign sounds into familiar sounds. You'll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you'll begin to tackle words, and connect sounds and spellings to imagery, rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you'll be able to memorize hundreds of words a month in minutes every day. Soon, you'll gain the ability to learn grammar and more difficult abstract words--without the tedious drills and exercises of language classes and grammar books. This is brain hacking at its most exciting, taking what we know about neuroscience and linguistics and using it to create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.

Speak Business English Like an American

Pronunciation Pairs Student's Book with Audio CD

CD and book designed to teach idioms and expressions used in the American business world.

Talk the Way Americans Do!

Singing Grammar is part of the Cambridge Copy Collection. It is a resource book of supplementary materials for the teaching of grammar through the medium of song. It contains eighteen songs, each with a specific grammar focus, and is suitable for students from elementary to intermediate level. For each of the songs there is a clear page of teaching notes followed by a motivating song worksheet, a grammar exercise page and a fun grammar game for classroom use. The material is especially suitable for younger learners but could also be used successfully with adults. * songs specifically written for different age groups and levels * a variety of musical styles * step-by-step instructions and tips for teachers * a range of exercise types * photocopiable worksheets and games * useful pop music glossary * alternative karaoke or slow version for each song * songbook containing lyrics and chords.

Compelling Conversations

Lose Your Accent in 28 Days is the powerful, proven system that will help the learner master American English pronunciation in weeks not months or years. This system features an interactive CD-ROM that shows you exactly how to pronounce EVERY vowel and consonant through hundreds of video clips. The Audio CD includes over 70 minutes of material on rhythm, stress, and everyday speech patterns. The book offers 80 techniques for better pronunciation. In all, the system offers 956 guided examples. Written by world-renowned accent reduction expert, Judy Ravin.

Accents & Dialects for Stage and Screen

Publisher's Note: Products purchased from Third Party sellers are not guaranteed by the publisher for quality, authenticity, or access to any online entitlements included with the product. Mastering the American Accent is an easy-to-follow approach for reducing the accent of non-native speakers of English. Well-sequenced lessons in the book correspond over eight hours of downloadable audio files covering the entire text. The audio program provides clear models (both male and female) to help coach a standard American accent. The program is designed to help users speak Standard American English with clarity, confidence, and accuracy. The many exercises in the book concentrate on topics such as vowel sounds, problematic consonants such as V, W, TH, the American R and T and others. Correct lip and tongue positions for all sounds are discussed in detail. Beyond the

production of sounds, the program provides detailed instruction in prosodic elements such as syllable stress, emphasis, intonation, linking words for smoother speech flow, common word contractions, and much more. Additional topics that often confuse ESL students are also discussed and explained. They include distinguishing between casual and formal speech, homophones (e.g., they're and there), recognizing words with silent letters (e.g., comb, receipt), and avoiding embarrassing pronunciation mistakes, such as mixing up "pull" and "pool." Students are familiarized with many irregular English spelling rules and exceptions, and are shown how such irregularities can contribute to pronunciation errors. A native language guide references problematic accent issues for 13 different language backgrounds.

Get Rid of Your Accent

Revised and updated with new phrases and vocabulary, new questions and answers, and new tables presenting basic English verbs, this favorite language-learning program is for Latinos in the United States and Canada who need to develop a practical, working use of spoken English, and who want to learn quickly and informally. Author William Harvey bypasses the dull rules of grammar and takes the practical route by presenting a series of informal conversations by speakers who converse in normal idiomatic American English. Emphasis is placed on correct pronunciation, and many helpful tips are offered, including short-cuts to

clear spoken English expression and comprehension. Amusing cartoon-style illustrations help to convey understanding of English. The two cassettes supplement material in the book and present language learners with the sound of informal American English as it is spoken in everyday situations.

Accurate English

A comprehensive accent reduction guide for self-study, including a book, an interactive CD-ROM, and 4 audio CDs. With a hard plastic media case.
