Yarmuk Ad 636

The contents of this monograph was first published in the editorial columns of the June, 1967 issue of Monthly "Meesaq". Later on, in May 1968, it was published in booklet form by Darul- Ishat-e-Islamia, Lahore. Since then it has been brought out many times. In this monograph, the author have tried to present, to the best of my ability and comprehension, an in-depth analysis of the current religious and cultural attitude of Muslims all over the world. The author has also discussed the nature of various movements working for the renaissance of Islam, their achievements and their shortcomings. On the basis of his analysis, he also suggests a basic programme. As an immediate concrete step towards the realization of an Islamic revival, the plan for the establishment of a Qur'an Academy has been presented in detail.

Imam Muhammad al-Baqir was one of the most erudite Muslims of his age, and played a significant role in the history of early Islam. At once a versatile leader and scholar in the eighth-century Muslim world, he was also an authority on the exegesis of the Qur'an, the traditions of the Prophet, and all matters relating to the rites, rituals and practice of Islam. Using hitherto largely ignored Shi'i sources, both published and unpublished, Arzina Lalani explores al-Baqir's pivotal contributions to Islamic thought in its early formative period, contributions that were powerfully to affect developments in Shi'a law, theology and religious practice. Dr. Lalani's work presents the first systematic account of the life, career and teachings of this brilliant eighth-century luminary.

Rethinking Islamic Studies upends scholarly roadblocks in post-Orientalist discourse within contemporary Islamic studies and carves fresh inroads toward a robust new understanding of the discipline, one that includes religious studies and other politically infused fields of inquiry. Editors Carl W. Ernst and Richard C. Martin, along with a distinguished group of scholars, map the trajectory of the study of Islam and offer innovative approaches to the theoretical and methodological frameworks that have traditionally dominated the field. In the volume's first section the contributors reexamine the underlying notions of modernity in the East and West and allow for the possibility of multiple and incongruent modernities. This opens a discussion of fundamentalism as a manifestation of the tensions of modernity in Muslim cultures. The second section addresses the volatile character of Islamic religious identity as expressed in religious and political movements at national and local levels. In the third section, contributors focus on Muslim communities in Asia and examine the formation of religious models and concepts as they appear in this region. This study concludes with an afterword by accomplished Islamic studies scholar Bruce B. Lawrence reflecting on the evolution of this post-Orientalist approach to Islam and placing the volume within existing and emerging scholarship. Rethinking Islamic Studies offers original perspectives for the discipline, each utilizing the tools of modern academic inquiry, to help illuminate contemporary incarnations of Islam for a growing audience of those invested in a sharper understanding of the Muslim world.

Sirat Un Nabi the Life of the Prophet

Original Arabic, transliteration and translation. It is said that the author of Dala'il ul-Khayrat, Imam Muhammad al-Jazuli, went on a journey. He found himself in great need of water for making ablutions required before prayers. He came upon a well but could not reach the water far below, as there was no bucket and rope. He became very worried. A young girl saw this and came to his assistance. She spat into the well whereupon the water rose to the top of its own accord. Seeing this miracle, he asked the girl, "And how is that possible?" She replied "I was able to do this due to my invoking excessive blessings upon Prophet Muhammad, upon whom be Allah's blessings and peace." Having thus seen the benefit of invoking blessings upon the Prophet, Imam Jazuli decided to write Dala'il ul-Khayrat. In it, he compiled litanies invoking peace and blessings upon the Prophet. It is by far the most popular and universally-acclaimed collection of prayers upon the Prophet, used throughout the Muslim world and recited individually and in groups, in homes and in mosques, silently and aloud.

"This book provides the first ever overview of the history and development of Islam in Afghanistan. It covers every era from the conversion of Afghanistan through the medieval and early modern periods to the present day. Based on primary sources in Arabic, Persian, Pashto, Urdu and Uzbek, its depth and scope of coverage is unrivalled by any existing publication on Afghanistan. As well as state-sponsored religion, the chapters cover such issues as the rise of Sufism, Sharia, women's religiosity, transnational Islamism and the Taliban. Islam has been one of the most influential social and political forces in Afghan history. Providing idioms and organizations for both anti-state and anti-foreign mobilization, Islam has proven to be a vital socio-political resource in modern Afghanistan. Even as it has been deployed as the national cement of a multi-ethnic 'Emirate' and then 'Islamic Republic,' Islam has been no less a destabilizing force in dividing Afghan society. Yet despite the universal scholarly recognition of the centrality of Islam to Afghan history, its developmental trajectories have received relatively little sustained attention outside monographs and essays devoted to particular moments or movements. To help develop a more comprehensive, comparative and developmental picture of Afghanistan's Islam from the eighth century to the present, this edited volume brings together specialists on different periods, regions and languages. Each chapter forms a case study 'snapshot' of the Islamic beliefs, practices, institutions and authorities of a particular time and place in Afghanistan"--Provided by publishe

Everything you wanted to know about sex and love in Islam, but were hesitant to ask about: polygamy, contraception allowed by Sharia, oral and group sex, homosexual marriages and also the relationship with jinns, masturbation and mysteries of martial relations - all that is allowed and all that is prohibited in sexual relations in this noble and pure religion. Many people both in the West and Russia continue to have a mistaken illusion that love, sex and variability of relations between man and woman are either suppressed in Islam or in contrary exceed all norms of decency. the book is an insight into this matter. The Muslim man is perceived as an ideal type of an always ready sexual partner. Love and Sex in Islam lifts

the veil covering the delicate theme, in which the phenomena seeming incompatible turn out to be good neighbors.

The Quran

Summary: "Since the rise of the Taliban and Al Qaeda, the traditional Islamic schools known as the madrasa have frequently been portrayed as hotbeds of terrorism. For much longer, the madrasa has been considered by some as a backward and petrified impediment to social progress. However, for an important segment of the poor Muslim populations of Asia, madrasas constitute the only accessible form of education. This volume presents an overview of the madrasas in countries such as China, Indonesia, Malaysia, India and Pakistan."--Publisher description.

The Madrasa in Asia

He (Jesus) said: "Verily! I am a slave of Allah. He has given me the Scripture and made me a Prophet; and He has made me blessed wheresoever I be, and has enjoined me prayer, and Zakat, as long as I live, and dutiful to my mother, and made me not arrogant, unblest. And Salam (peace) be upon me the day I was born, and the day I die, and the day I shall be raised alive!" (Ch. 19:27 - 33).

In order to understand the true message and spirit of the Holy Quran, it is essential to know the language it has been revealed in. The first step is to understand the meaning of individual words. One needs to understand how words were used by the ancient Arabs by the time of Quranic revelation, and not depend on anyone's explanation or understanding as to what they mean today. Along with proper understanding of Arabic grammar, the true meanings of Quranic words, and their use with respect to the context in which they have been revealed in, one student of Quran may get closer to the Truth. The task of creating a Quranic dictionary or encyclopedia that would explain the classical meanings of Quranic words and their use along with significance was undertaken by Allama Ghulam Ahmed Parwez in 1960, where he compiled Lughat-ul-Quran in Urdu language. Now this dictionary has been translated to English by Quranic Education Society in Norway, in order to appeal to a larger audience worldwide and to inspire modern Quranic students.

The Wahhabi Movement in India

Founded by Sayyid Ahmad (1786-1831) of Rae Bareilly, the Wahhabi Movement in India was a vigorous movement for socio-religious reforms in Indo-Islamic society in the nineteenth century with strong political undercurrents. It stood for a strong affirmation of Tauhid (unity of God), the efficacy of ijtihad (the right of further interpretation of the Quran and the Sunnah, or of forming a new opinion by applying analogy) and the rejection of bid'at (innovation). It remained active for half a century. Sayyid Ahmad's writings show an awareness of the increasing British presence in the country and he regarded British India as a daru'l harb (abode of war). In 1826 he migrated and established an operational base in the independent tribal belt of the North Western Frontier area. After his death in the battle of Balakote, the Movement slackened for some time but his adherents particularly Wilayat Ali and Enayat Ali of Patna revived the work and broad-based its activities. The climax of the Movement was reached in the Ambeyla War (1863) during which the English army suffered serious losses at the hands of the Wahhabis. This led the Government to take stern measures to suppress the Movement. Investigations were launched, the leaders were arrested and sentenced to long-term imprisonments and their properties confiscated. That broke the back of the Movement but it continued to be a potential source of trouble to the government. The Movement does not fit in neatly in any one of the groups and categories into which the history of the early resistance to British rule has been divided by some of the writers on the subject. It cut across some of them time-wise and theme-wise. The existing

studies on the subject do not offer a comprehensive profile of the Movement and fail to analyse its nature and the reasons for its failure politically. This well researched study drawing on a vast array of contemporary records, many of them for the first time, seeks to fill this gap and presents an integrated account of the rise and growth of the Movement, its operation over the entire area and period of its existence, its impact and reasons for its failure. Please note: This title is co-published with Manohar Publishers, New Delhi. Taylor & Francis does not sell or distribute the Hardback in India, Pakistan, Nepal, Bhutan, Bangladesh and Sri Lanka

Al-Amaali

The Holy Qur'an is the sacred book of Islam. It is the word of God whose truth was revealed to the Prophet Muhammad (PBUH) through the angel Gabriel over a period of 23 years. As it was revealed, so it was committed to memory by his companions, though written copies were also made by literate believers during the lifetime of the Prophet. The first full compilation was by Abu Bakar, the first Caliph, and it was then recompiled in the original dialect by the third Caliph Uthman, after the best reciters had fallen in battle. Muslims believe that the truths of The Holy Qur'an are fully and authentically revealed only in the original classical Arabic. However, as the influence of Islam grows and spreads to the modern world, it is recognised that translation is an important element in introducing and explaining Islam to a wider audience. This translation, by Mufti Taqi Usmani, is considered to be the most faithful rendering available in English. Mufti Muhammad Taqi Usmani is one of the leading Islamic scholars living today. He is an expert in the fields of Islamic Jurisprudence, Economics, Hadith and Tasawwuf. Dala'il Al-Khayrat (Original Arabic, Transliteration and Translation to English)

The Secrets of the Self is a book-length, philosophical poem rooted in metaphysical thought and ideology, as well as Islamic theology. Originally published in 1915, the poem speaks of the "Self" in relation to the universe, how it is the inner power and soul of each individual human. It instructs on how to improve the Self through Love and willpower, which can then help one control the forces within the universe. The poem includes stories that illustrate its points and promotes the spread of Islamic ideals. MUHAMMAD IQBAL (1877-1938) was a poet, prophet, and politician in British India. Born in Sialkot, Punjab, Iqbal converted to Islam with his family as a child. He studied literature and law at Cambridge, Munich, and Heidelberg before starting his own law practice and concentrating on his scholarly writing, which he authored primarily in Persian. Many of Iqbal's works promote Islamic revival, especially in South Asia, and he was a well-known leader of the All India Muslim League. Today, he is recognized as the official poet of Pakistan, and his birthday is celebrated as a national holiday.

Islam and Modernism

Sheikh al-Mufid wrote nearly 194 books and treatises, out of which few have survived passage of time, and meticulously planned destruction of the Shia resources. Among the surviving ones, we have his Al-Amaali, which is also known as Al-Majaalis. His student al-Najashi has mentioned it as Al-Amaali Al-Mutafarriqaat. These were sessions held in the month of Ramadhan where al-Mufid read the traditions giving the chain of narration ending up to him and the students wrote them down. Those who were absent wrote down from the recording of their colleagues, and then got it ratified by reading the text over to him. The session began in the month of Ramadhan, 404 Hijra at the residence of one of his students Dhamrah Abul Hasan Ali b. Muhammad Ibn Abd al Rahman al-Farsi who lived in Baghdad. It ended in the month of Ramadhan 411 Hijra, just two years before his death. It has 42 sessions of varying durations.

Biographical Encyclopaedia of Sufis

Employing a unique system of hermeneutics, Shaykh-ul-Islam Dr Muhammad Tahir-ul-Qadri, a preeminent scholar and recognised Authority of Islam, has produced a fully explanatory translation of the Qur'an into modern English, which at the

same time maintains strict linguistic accuracy in relation to the original Arabic. The translation features parenthetical explanations in step with the translated sentence structures, which are also consistent with the structures of the Arabic text, and which conform to the Prophetic traditions and established exegetic principles. The result is a beautifully rendered translation, which provides clarity and precision in meaning without the need for lengthy footnotes. While keeping its exegetic quality the translation strictly adheres to the original Arabic text of the Qur'an without modification or accidental alteration. The approach used allows a number of other important benefits, including conformity with confirmed and extant scientific knowledge; the expression of the multiple layers of Qur'anic meaning; and elucidation of the inner spiritual dimensions of many verses. Produced by the author of the renowned Fatwa On Terrorism and Suicide Bombings, the translation clarifies the oft misunderstood concept of Jihad by contextualising the verses enjoining military struggle, dispelling the grave misunderstandings on this issue that have arisen on the part of both Muslims (particularly that section predisposed to violent extremism) and non-Muslims. Special consideration has also been given to verses dealing with relations with Jews and Christians and other non-Muslims in order to inform interfaith activity and relationships within wider society. The Tragedy of Karbala

What are the roots of today's militant fundamentalism in the Muslim world? In this insightful and wide-ranging history, Charles Allen finds an answer in an eighteenth-century reform movement of Muhammed ibn Abd al-Wahhab and his followers-the Wahhabi-who sought the restoration of Islamic purity and declared violent jihad on all who opposed them. The Wahhabi teaching spread rapidly-first throughout the Arabian Peninsula, then to the Indian subcontinent, where a more militant expression of Wahhabism flourished. The ranks of today's Taliban and al-Qaeda are filled with young men trained in Wahhabi theology. God's Terrorists sheds much-needed light on the origins of modern terrorism and shows how this dangerous ideology lives on today.

Islamophobia, Race, and Global Politics

Created by the Prophet Muhammad and his twelve Imams, the Hadith is an ancient and profoundly influential body of religious texts in Shi'ite Muslim literature, second in importance only to the Holy Koran itself. Texts on the practical aspects of life and pure metaphysics are included in this first English translations of excerpts from the Hadith. Especially selected for the Western reader by the renowned Islamic scholar Tabataba'i, the passages from the Hadith shed light on the culture, history, law, and theology of the Shi'ite community and provide direct translations of some of the most famous of Islamic prayers.
