Extra Heart Sounds. Extra heart sounds include the third and fourth heart sounds. The third heart sound (S3) is a mid-diastolic, low-pitched sound. With the presence of S3, the heart sounds are described as having a gallop rhythm, simply because its addition alongside S1 and S2 make it sound like a horse galloping. S3 occurs after S2, during the rapid passive filling of the ventricle.

POWER | Postgraduate Medical Education

Prepare for your exams with Lecturio's pre-configured study schedules, which combine learning material and clinical case questions and are perfectly organized into 9-35 blocks each. Schedules for various subjects, USMLE Step 1, and USMLE Step 2 CK are available.

During the final year of medical school, students complete part 1 of the Medical Council of Canada Qualifying Examination (MCCQE). Upon completion of the final year of medical school, students are awarded the degree of M.D. Students then begin training in the residency program designated to them by CaRMS.
