### **A History of the Inquisition of the Middle Ages**

Over 100 maps and diagrams are included. As one of the foremost of a new generation of officers around the time of Prussian expansionism and the birth of a federal Germany, he was to experience much warfare first-hand. After graduating with honours from the famed Prussian Kriegsakademie he was appointed to the planning unit of the German General Staff. He was to see the plans that he worked upon come to bloody but successful conclusions during the wars with Austria in 1866 and most famously the annihilation of French army during the Franco-Prussian War of 1870. Schlieffen's lasting impression on the world was his famous "Schlieffen Plan" which he designed to enable the German army to knock France out of a two front war by a huge flanking manoeuvre through the Low Countries. He studied military history extensively leading to his most famous work was "Cannae", intended to explain and illustrate the driving idea of the battle of encirclement that had achieved so much success throughout history. Using examples from the wars of Hannibal, Frederick the Great, Napoleon and the recent German led wars with Austria and France, he sets out how the encirclement and destruction of an enemy's army should be achieved. The book was seen as a watershed in military theory and was widely read across the world; to ensure that the ideas were disseminated to their students the American Army

translated it into English. The effect of Schlieffen's thinking was still felt by the senior officers that fought in the Second World War who were imbued with the principles of Cannae which would be so well defined as part of the German Blitzkrieg. No less a military leader but General Erich Ludendorff, the principal German strategist of the First World War, declared that Schlieffen was "one of the greatest soldiers ever." no mean testament to the man and his principal book.

### **The Autobiography of Malcolm X**

"ABOVE pulls off that rare trick of being convincing and utterly magical at the same time." - Emma Donoghue, NYT bestselling author of ROOM "Leah Bobet's ABOVE is that rarest of creatures, combining the outspoken honesty of a good first novel with the craft of a seasoned professional." - Elizabeth Bear, Hugo Award-winning author of DUST Matthew has loved Ariel from the moment he found her in the tunnels, her bee's wings falling away. They live in Safe, an underground refuge for those fleeing the city Above--like Whisper, who speaks to ghosts, and Jack Flash, who can shoot lightning from his fingers. But one terrifying night, an old enemy invades Safe with an army of shadows, and only Matthew, Ariel, and a few friends escape Above. As Matthew unravels the mystery of Safe's history and the shadows' attack, he realizes he must find a way to remake his home--not just for himself, but for Ariel, who needs him more than ever before. ABOVE is the debut of an amazing new voice.

Candace Slater's new book focuses on narratives concerning Fray Leopoldo de Alpandei (1864-1956), a Capuchin friar from Granada and probably the most popular nonconsecrated saint today in all of Spain. In tracing the emergence of a group of contemporary legends about Fray Leopoldo, Slater discusses both the stories she tape-recorded in the streets of Granada and the friar's official biography. She underscores the essential pluralism of the tales, their undercurrent of resistance to institutional authority, and their deep concern for the relationship between past and present. Bearing witness to the subtlety and

resilience of even the most apparently conservative folk-literary forms, these stories are not only about the role of saints and miracles in an increasingly secular and industrial society but, first and foremost, also about the legacy of the Franco years. This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1990.

### **The Campaign of Sedan**

Strawberry is among the most widely consumed fruits in the world and its cultivation is increasing worldwide. It is a microclimatic crop, which means that its behaviour may vary considerably depending on many agronomical and environmental factors such as temperature, light, moisture, soil type, etc. Strawberry production requires the input of large amounts of water because of its shallow rooting system, its high leaf area and the large water content of the fruit. This book discusses the cultivation of strawberries as well as the antioxidant properties and health benefits of consuming them.

### **The Most Beautiful Man in the World**

Published by the Indiana Historical Society Press in cooperation with the Indiana Historical Bureau, State

of Indiana. In this multiauthor volume, editors Linda C. Gugin and James E. St. Clair detail the lives and accomplishments of Indiana's governors. Each profile contains biographical information and highlights the lives and careers of each governor, with special emphasis on the events and accomplishments during his time in office. Each governor's official portrait is also included. An introductory essay discusses the evolution of the office of governor and provides an overview of the people who have been governor.

### **100 of the Worst Ideas in History**

Before the internet, Google, and hyperlinks, Guy Davenport was the original polymath, perhaps the last great American polymath, who provided the links between art and literature, music and sculpture, modernist poets and classic philosophers, the past and present. And pretty much everything in between. Not only has he seemingly read (and often translated from the original languages) everything in print, he also has the ability, expressed with unalloyed enthusiasm, to make the connections, to see how cultural synapses make, define, and reflect our civilization. He serves as our guide through the jungles of history and literature, pointing out the values and avenues of thought that have shaped our ideas and our thinking.

ONE OF TIME'S TEN MOST IMPORTANT NONFICTION

BOOKS OF THE TWENTIETH CENTURY In the searing pages of this classic autobiography, originally published in 1964, Malcolm X, the Muslim leader, firebrand, and anti-integrationist, tells the extraordinary story of his life and the growth of the Black Muslim movement. His fascinating perspective on the lies and limitations of the American Dream, and the inherent racism in a society that denies its nonwhite citizens the opportunity to dream, gives extraordinary insight into the most urgent issues of our own time. The Autobiography of Malcolm X stands as the definitive statement of a movement and a man whose work was never completed but whose message is timeless. It is essential reading for anyone who wants to understand America. Praise for The Autobiography of Malcolm X “Malcolm X’s autobiography seemed to offer something different. His repeated acts of self-creation spoke to me; the blunt poetry of his words, his unadorned insistence on respect, promised a new and uncompromising order, martial in its discipline, forged through sheer force of will.”—Barack Obama, *Dreams from My Father* “Extraordinary . . . a brilliant, painful, important book.”—The New York Times “A great book . . . Its dead level honesty, its passion, its exalted purpose, will make it stand as a monument to the most painful truth.”—The Nation “The most important book I’ll ever read, it changed the way I thought, it changed the way I acted. It has given me courage I didn’t know I had inside me. I’m one of hundreds of thousands whose lives were changed for the better.”—Spike Lee “This book will have a permanent place in the literature of the Afro-American struggle.”—I. F. Stone

Burt Korall is widely recognized as the most authoritative writer on jazz drumming. His first book *Drummin' Men--The Heartbeat of Jazz: The Swing Era* is considered a classic. Now, in this exciting sequel, Korall offers a richly informative history of drumming in the Bebop era. Korall looks at this music through the eyes of the musicians themselves, covering a whole range of important jazz drummers, but focusing upon the most original and significant--principally Kenny Clarke, Max Roach, and Art Blakey. Korall provides a knowledgeable background about the history of bebop--and the unfortunate and almost universal heroin addiction that swept through the jazz world in the wake of Charlie Parker's habit. The book contains Korall's own memoir of nearly 50 years in the jazz world, linked by his narrative of the careers of these drummers and their place in the bebop jazz scene.

### **King of the Godfathers:**

The Last Of The Old-World Mob Bosses--And The Ultimate Betrayal For more than twenty years, Joseph "Big Joey" Massino ran what was called the largest criminal network in the U.S., employing over two hundred and fifty made men and untold numbers of associates. The Bonanno family was responsible for over thirty murders, even killing a dozen of its own

members to enforce discipline and settle scores. He would be brought down by Salvatore "Good Looking Sal" Vitale, the underboss who was not only Massino's closest and most trusted friend, but also his brother-in-law. In the end, facing the death penalty and the prospect of leaving his family penniless, Massino started talking to the FBI--the first Mafia Godfather to break the sacred code of omerta, and the end of a centuries-old tradition. Written by Pulitzer Prize-winning reporter Anthony DeStefano, who interviewed Massino's family and friends as well as law enforcement officials and confidential sources, King of the Godfathers is the story of the brutal mob war that made Massino head of the Bonanno family and the most powerful gangster in America. "The best and last word on the subject." --Jerry Capeci, Gangland News.com and bestselling co-author of Murder Machine With 16 Pages of Revealing Photos! Anthony Destefano was part of the team of New York Newsday reporters who won the 1992 Pulitzer Prize for coverage of the August 1991 subway crash in Manhattan. He covers organized crime for Newsday and was the lead reporter on several major criminal trials, including that of subway gunman Bernhard Goetz. He lives in New Jersey.

What were they thinking? Ever since Adam snacked on the forbidden fruit and was chased naked out of the Garden of Eden, mankind has bitten off a bevy of bad ideas. From skinny-dipping Presidents to toxic tooth fillings to singing pop stars who can't carry a tune, *100 of the Worst Ideas in History* is a celebration of humanity's historical—and often hysterical—missteps that have started wars, sunk countries, wrecked companies, scuttled careers, lost millions, and even endangered the Earth. Discover:

- How a confused chauffeur helped start World War I
- Who turned down the greatest product placement opportunity in Hollywood history
- How a Chicago White Sox game helped hasten the demise of disco
- The toad that nearly ate Australia
- The most dangerous children's game ever invented
- And so much more (of so much less!)

Spanning politics, pop culture, fashion, sports, technology, and more, this

irreverent and witty book is packed with fun photos and sidebars, tracing how these thundering brainstorms turned into blundering brain farts-and the astonishing impacts our faux pas and foibles still have on us today.

### **Don't Tell a Soul**

The action-packed and gripping new adventure by number one bestselling author, Wilbur Smith, about one man's quest for revenge. 'The right of the cat over the mouse, of the strong over the weak. The natural law of existence.' Mungo St John, A Falcon Flies The son of a wealthy plantation owner and a doting mother, Mungo St John is accustomed to the wealth and luxuries his privilege has afforded him. That is until he returns from university to discover his family ruined, his inheritance stolen and his childhood sweetheart, Camilla, taken by the conniving Chester Marion. Fuelled by anger, and love, Mungo swears vengeance and devotes his life to saving Camilla - and destroying Chester. Camilla, trapped in New Orleans, powerless to her position as a kept slave and suffering at the hands of Chester's brutish behaviour, must learn to do whatever it takes to survive. As Mungo battles his own fate and misfortune to achieve the revenge that drives him, and regain his power in the world, he must question what it takes for a man to survive when he has nothing, and what he is willing to do in order to get what he wants.

### **The Franco-German War of 1870-71**

Stay up all night with this modern day Rebecca! Perfect for fans of Truly Devious--a haunting story about a new girl in an old town filled with dark secrets . . . that might just kill her. People say the house is cursed. It preys on the weakest, and young women are its favorite victims. In Louth, they're called the Dead Girls. All Bram wanted was to disappear--from her old life, her family's past, and from the scandal that continues to haunt her. The only place left to go is Louth, the tiny town on the Hudson River where her uncle, James, has been renovating an old mansion. But James is haunted by his own ghosts. Months earlier, his beloved wife died in a fire that people say was set by her daughter. The tragedy left James a shell of the man Bram knew--and destroyed half the house he'd so lovingly restored. The manor is creepy, and so are the locals. The people of Louth don't want outsiders like Bram in their town, and with each passing day she's discovering that the rumors they spread are just as disturbing as the secrets they hide. Most frightening of all are the legends they tell about the Dead Girls. Girls whose lives were cut short in the very house Bram now calls home. The terrifying reality is that the Dead Girls may have never left the manor. And if Bram looks too hard into the town's haunted past, she might not either.

## **By the Grace of Todd**

This thesis analyzes the political role of the German General Staff as well as civil military relations in Germany from the late 19th century until 1933. Specifically, it examines the rise and fall of Kurt von Schleicher. Together with Generals Paul von Hindenburg, Erich Ludendorff, and Wilhelm Groener, Schleicher shaped the politics of the Weimar Republic, right up to the end that he—unintentionally—hastened when his intrigues paved the way for Adolf Hitler’s dictatorship. During World War I, the German army completed its control over the civilian administration and bureaucracy. In the Republic of Weimar 1919–1933, the military remained a powerful governmental player—as the self-anointed protector of the nation against external and internal threats, including democracy. Thus, Germany’s political situation in the winter of 1932–1933 and the activities of the key players stemmed from a long-term anti-democratic socialization process amid an entrenched civil-military imbalance. As the present thesis demonstrates, Schleicher’s life—from his military background to his experience as a member of Prussia’s noble Junker

class—coincided with Germany's tumultuous modernization. The fateful lessons that he drew from this experience ultimately spelled the end of Germany's first democracy and ushered in the calamity of the Third Reich.
