Murder in My Backyard is the second mystery novel in the Inspector Ramsay series by Ann Cleeves, author of the Shetland and Vera Stanhope crime series. No one in Heppleburn has a bad word to say about Alice Parry . . . but here she is, murdered in her own backyard on a bitter St. David's Eve. When detective Stephen Ramsay starts asking questions in the village, a more ambiguous picture begins to emerge. Yes, old Mrs. Parry was loved by everyone, but sometimes her kindness had caused trouble. Yes, her two nephews were devoted to her, but they didn't really want her interfering in their rather complicated personal lives. Even among her neighbours, Alice Parry's helpfulness had sometimes misfired; and after her death, tension tight as a clenched fist grips the uneasy village. Meanwhile, the suspects keep rolling in, and Heppleburn's friendly neighbourhood killer continues his nasty piece of work . . .

Chassis Handbook

In spite of all the assistance offered by electronic control systems, the latest generation of passenger car chassis still relies on conventional chassis elements. With a view towards driving dynamics, this book examines these conventional elements and their interaction with mechatronic systems. First, it describes the fundamentals and design of the chassis and goes on to examine driving dynamics with a particularly practical focus. This is followed by a detailed description and explanation of the modern components. A separate section is devoted to the axles and processes for axle development. With its revised illustrations and several updates in the text and list of references, this new edition already includes a number of improvements over the first edition.

The Dreaded Groove and Hook

Simon Dobson's The Dreaded Groove and Hook, is an up tempo acid--jazz work for brass band, drawing its influences from bands such as Jamiroquai and The Youngblood Brass Band. The groove in question is the main tune that is shared around the band soloists and accompanied by 'Stuart Zendor--esque' bass lines, whilst the hook, in pop terms, is the catchy bit of the song. This happens when the whole band join to play a huge 'riff' that acts as a kind of chorus to the jazz like verses. Percussion and soloists alike will have plenty to do in this piece! The piece was commissioned by Jason Katsikaris and The Leyland Band, who gave the first performance as part of their program for the Brass In Concert Championships in November 2008.

The bestselling author of *My Secret Garden* exposes the wild and sexy fantasies that many of us have but are afraid to share. For over thirty years, Nancy Friday has written about eros, love, beauty, and seduction. Now she returns to the territory she pioneered during the sexual revolution—exploring our most taboo sexual desires. Fans of *Fifty Shades of Grey* will love this provocative collection of real fantasies from dozens of women—and for the first time, men. Friday knows that forbidden sex "gets us higher faster" and explores love, lust and power through erotic tales of domination, masturbation, S&M, threesomes, and more. *Beyond My Control: Forbidden Fantasies in an Uncensored Age* shows that our forbidden fantasies are not compensation for a lackluster sex life, but are a critical component of our fullest selves—and how our secret desires can lead to exhilarating and satisfying sexual freedom. Praise for Nancy Friday "YOU'LL BLUSH, YOUR PULSE WILL RACE."—*The New York Times* "Delicious women can share in their sisters' secrets and not feel that they are alone."—*Los Angeles Times* "Nancy Friday's work demonstrate[s] beyond doubt that the emancipation of women's bodies begins with the emancipation of our minds." —Faye Wattleton, former president, Planned Parenthood Federation of America

Childhood

An explorer of linguistics as well as a mathematician, he often combined his love of both subjects such that the essence of his writings resides not in its "content" but in the sounds and the form of the text. He often argued that the real subject of his work is language itself. Because of this many of his novels, and especially his poems, are virtually impossible to translate into English as they are based on spoken versus literary French, puns, street slang, and complex variations of word play and spelling. *Les Ziaux (Eyeseas)* presents a survey of his poems as written from his early Surrealist days of the 1920's through to 1943 and is representative of Queneau's range of poetic voices."--Jacket.

Why I Love My Daddy

This title provides a theoretically and methodologically new and distinct approach to gender through the frameworks of biopolitics and genealogy, theorising it as a historically specific apparatus of biopower. Through the use of a diverse mix of historical and contemporary documents, the book explores how the problematisation of intersex infant genitalia in 1950s psychiatry propelled the emergence of the gender apparatus in order to socialise sexed individuals into the ideal productive and reproductive subjects of White, middle-class postwar America.
