The Faithful Men of God

This author appreciates writing poetry, novels, childrens stories; the performing arts; and music of many genres. She was raised on gospel and country music played on an old Victrola phonograph with a black-and-white dog staring into a gramophone on the inside of the cover. Today, this author has become enamored with and is fangirling over country a cappella music, which is relatively new. Curious about the behind the scenes activities of a successful bands life, living on the edge of temptations in todays media-frenzied world, she created a believable group running through life on unbelievable favor, spearheaded by love between a wealthy, incredibly intelligent and beautiful African-American ballerina and a super talented tenor from the deep South and their unique way of overcoming racial issues with love. Murder, sex, and drugs fuel the life and romance of these two extraordinary, opposite, characters living and excelling way above the normal expectations of life, hinting into the cosmic pluralism like no one has ever experienced before. This author spent thirty-five years in the busy, topsy-turvy support area of corporate America, starting with the FBI and ending in the legal field, before being forced to retire on disability. This is her first adult romance novel. She writes and has published poetry on poetry.com with two poems published in anthologies; she was the author and publisher of Newsletters for Boy Scout Troop and Pack 731, The Indian Creek District, and for newsletters, service bulletins, and memorial programs for two churches. The author is a widow who lives in Waldorf, Maryland, with her son, daughter-law, grandson, and grandpup, Toli.

Longings of My Heart

A Dictionary of Poetical Illustrations

I was going through a box one day which contained all the journals I've kept over

the past 20 years or so. I decided to read through them. What was going on in my life back when? As I read through the pages, the memories began to flow, and I found myself reliving those experiences. I thought, if I had the chance to change anything during the course of those years, would I be here in this place? Then I decided to combine all the journals into one, and have it published as a book. While I've been somewhat reluctant about exposing my life to the world, I thought perhaps there's someone out there who's having, or have had some of the same experiences, and can identify with them. Perhaps the journey I take you on in this book may touch you in some way. If so, I can rest in knowing I've had something to leave behind, and my living has not been in vain.

Cottonwood, an Observation is based on the lifetime of a cottonwood tree and the things seen by him over an eighty-five-year period from 1842 until the end of WWI. He watches the development of the country around him, from pristine prairie, the time of the Buffalo and the Indian, through the settlement and development of a city nearly under his branches. Cottonwood becomes intimately involved in the lives of the main characters of the book from what he sees and hears from his point of observation above the Sweetwater River, in the developing state of Wyoming. He observes the wars of the era, the medical developments of those years, the passing of the Indian, the coming and the passing of the Pony Express. He watches as the telegraph, telephone, and the railroad come into his part of the world. He becomes intimately involved in the stories of those passing his post. He inspires introspection into our personal lives by his constant attempt to analyze the actions of human beings, their sometimes peaceful and sometimes deadly interactions with one another. He records the stories of the lives of those fleeing the confusion and discord of Europe as they search for opportunity in the New World. We watch, through the eyes of Cottonwood, as a woman in Appalachia struggles, with an iron will, to break the bonds and stereotyping of ignorant mountain women. Cottonwood observes as the love of two men bring salvation to an incorrigible Indian warrior. He watches as love heals the broken lives of two WWI survivors and catalogs those things he has seen, felt, and questioned. The fact that freedom, dreams, love, and courage overcome every obstacle is the true conclusion of Cottonwoods narrative. Cottonwood, the observer, makes us take a critical look at ourselves, our actions, our motives, and why we are here. Cottonwood, the book, makes us look at our nation and why this unique place

called America and its God-given freedoms are here. He leaves us with the fervent hope that we will continue to deserve and appreciate those blessings and benefits that only Americans enjoy.

My Heart Sings

Descended from West African kings and healers, raised in the turbulence of Guinea in the 1960s, Kadiatou Diallo was married off at the age of thirteen and bore her first child when she was sixteen. Twenty-three years later, that child—a gentle, innocent young man named Amadou Diallo—was gunned down without cause on the streets of New York City. Now Kadi Diallo tells the astonishing, inspiring story of her life, her loss, and the defiant strength she has always found within. It was Kadi Diallo's voice that captivated the public when she came to America to defend her slain son, and it is that same voice—candid, wise, and generous—that fills the pages of this extraordinary book. Kadi reaches back to her earliest memories of growing up in Guinea, the daughter of a strict man who was thwarted by the relics of the French colonial system. Raised in a world in which age-old religious and cultural rituals were disappearing before the onslaught of modernity, Kadi saw her own childhood end abruptly at age thirteen when her father literally gave her away in marriage. Kadi prayed for death, but instead she found herself plunged into a baffling new life—the life of a second wife in a strange household in a distant country, and soon afterwards the teenage mother of a sweet-natured son. Yet somehow, Kadi managed not only to survive but to flourish. Despite the rigid strictures of African-Islamic culture, she attended school and later started a successful business of her own. She eventually divorced and remarried and lived for eight years in Bangkok. Back in Guinea, she learned that her oldest child Amadou had been shot in New York City in a case of racial profiling. Kadi read with outrage the American newspaper description of her son as “an unarmed West African street vendor.” “Nothing,” she writes, “could be more distant from the truth.” Now, with great pride and searing love, Kadi Diallo finally tells the truth about herself and her son. *My Heart Will Cross This Ocean* is an extraordinary book—a girl's story of desire and innocence, a wife's story of defiance, a mother's story of unbearable loss, and a woman's story of unshakable strength and love. From the Hardcover edition.

slavery. But justice triumphs—after a spirited odyssey that includes a shipwreck, a hazardous journey across Scotland with a daredevil companion, intrigues, narrow escapes, and desperate fighting. My Heart Will Cross This Ocean

At the age of twenty-five, Benjamin James Brenkert--a young man from Long Island, a social work student, and an internet vocation to the priesthood--entered one of the historically boldest, influential, apostolic religious orders of the Roman Catholic Church. Aged thirty-four, and a member of the Society of Jesus (the Jesuits) in good standing, Brenkert was missioned to the laity by his last religious superior. Brenkert could not come out publicly as a gay Jesuit and support his LGBTQ peers who were being fired from various church employment and volunteer activities because of whom they loved. Brenkert had never concealed his sexuality from his religious superiors, he knew all too well what was written in the Church's Catechism about homosexuals. Still, he felt uniquely called to respond to God's invitation to serve him in total love as a priest, something confirmed in him in prayer during his thirty-day silent retreat and affirmed to him by his religious superiors and peers throughout his life in the Jesuits. In his Open Letter to Pope Francis in 2014 Brenkert wrote, "Pope Francis . . . I ask you to instruct the United States Conference of Catholic Bishops to tell Catholic institutions not to fire any more LGBTQ Catholics. I ask you to speak out against laws that criminalize and oppress LGBTQ people around the globe. These actions would bring true life to your statement, 'Who am I to judge?'" In 2015, the United States Supreme Court struck down bans on same-sex marriage in *Obergefell v. Hodges* and in 2020, the United States Supreme Court expanded the Civil Rights Act of 1964 to include discrimination based on sexual orientation and gender identity. Despite these landmark achievements in the public sector, LGBTQ Catholics still cannot receive communion and must always seek reconciliation. Their flourishing as part of their religious community is always frustrated. Brenkert's account of his life before, in, and after the Jesuits is interwoven with trials and tribulations, but remains always full of hope, written candidly and with bracing honesty. Brenkert offers readers the opportunity to join him on a theological and spiritual pilgrimage, one that ends with readers making a discernment. The world today is full of distraction, misinformation, and timidity, Brenkert's pilgrimage is full of conviction, heartfelt, written with an eagerness to help people of faith and no faith at all find their true selves, all for the greater glory of God.

The Merry Men and Other Tales and Fables

Stunningly portrayed by Leonardo DiCaprio in the Golden Globe Award-winning and twelve-time Academy Award nominated film *The Revenant*, mountain man Hugh Glass's harrowing journey 300 miles to civilization after being mauled by a grizzly bear and left for dead is just one of the incredible adventures Spur Award Winning author Win Blevins explores in the New York Times bestseller, *Give Your Heart to the Hawks*. In addition to the captivating story of Hugh Glass, Win Blevins presents a poetic tribute to these dauntless "first Westerners" who explored the Great American West from the time of Lewis and Clark into the 1840s. As trappers in a hostile, trackless land, their exploits opened the gates of the mountains for the wagon trains of pioneers who followed them. Here, among many, are the enthralling stories of: * John Colter, who, in 1808, naked and without weapons or food, escaped captivity by the Blackfeet and ran and walked 250 miles to Fort Lisa at the mouth of the Yellowstone River; * Kit Carson, who ran away from home at age 17, became a legendary mountain man in his 20s and served as scout and guide for John C. Fremont's westward explorations of the 1840s; * Jedediah Smith, a tall, gaunt, Bible-reading New Yorker whose trapping expeditions ranged from the Rockies to California and who was killed by Comanches on the Cimarron in 1831. The land was Costa Rica; a place memories The deep green silhouette of two giant mountains lay against the peaceful sky of late afternoon. The sunken valley cradles tales of many adventures and memories. The place is encamped by a range of mountains that lead to the pacific, but to follow her trail the traveler is indeed challenged by her never ending peaks. Not far to the east, there is a volcano. Some say that they have seen both the Pacific and the Atlantic oceans from her heights; a sight to behold only on a bright, cloudless day. This giant forms a picturesque backdrop for the great valley. Into the hills, one is drawn by the melody of a cascade whose song is thunderous in rainy winter months, and yet gentle and soothing in the dry summer heat. Then, the once lush green carpet turns to gold. Along the stream runs a path that leads from a small bathing pool created by a dam of logs, to a rough cabin hidden in the woods. The sounds of children daily harmonize with the rivers tune especially in the heart of the summer vacations. The sounds were of joy, a happy song. They were the voices and laughter of three delightful youths This story contains a secret code. Can you find it? You will need to look for clues as you read alongthink about the coin

The Beauty of Men Never Dies

From The Heart

Buoyant and entertaining, this melding of memoir and fiction recounts with humor and candid observation a gay man's romances in his seventies, offering insight into the joys (and a few of the sorrows) of loving, living, and aging with grace, style, and a fearless sense of fun. Bouncing between Montevideo, New York, and Paris, the narrator reveals his adventurous life, his many lovers, his varied careers from dance to advertising, and the upbeat outlook that sustains him as he pursues the elusive Fenil, a handsome Uruguayan policeman. David Leddick's short sketches, interspersed with memories, attitudes, and opinions drawn from the past, combine in a vivid tale of a life lived with panache at an age when most people think the adventure has already ended.

The culmination of William Wells Brown's long writing career, *My Southern Home* is the story of Brown's search for a home in a land of slavery and racism. Brown (1814-84), a prolific and celebrated abolitionist and writer often recognized as the first African American novelist for his *Clotel* (1853), was born enslaved in Kentucky and escaped to Ohio in 1834. In this comprehensive edition, John Ernest acts as a surefooted guide to this seminal work, beginning with a substantial introduction placing Brown's life and work in cultural and historical context. Brown addresses from a post-emancipation vantage point his early experiences and understanding of the world of slavery and describes his travels through many southern states. The text itself is presented in its original form, while Ernest's annotations highlight its layered complexity and document the many instances in which Brown borrows from his own earlier writings and the writings of others to form an underlying dialogue. This edition sheds new light on Brown's literary craft and provides readers with the maps they need to follow Brown on his quest for home in the chaotic social landscape of American southern culture in the final decades of the nineteenth century.

Lee Miller retrieves the voices of Indian people over five centuries and weaves them into an alternate history of the continent, while introducing us to the grandeur and diversity of the 500 nations who held this land before the first European set foot on it. Here, collected in one volume, is the testimony of more than 250 Indian civilizations—of the Aztec king Moctezuma, the Seminole leader Osceola, Tecumseh, Cochise, Sitting Bull, Geronimo, and Sara Winnemucca.

Through their eyes, we see the shaping events of the past in a radically different light, one that is tragic yet shows courage in the face of adversity. “Extraordinarily moving. . . . A haunting and eloquent anthology that serves as a testament to the courage and the nobility of Native Americans in the face of physical and spiritual genocide.” —Booklist
