Life and Works of Charlotte Brontë and Her Sisters: Wuthering heights, by E. Brontë; and A. Grey, by A. Brontë

It's the summer of 1972 and girlhood has never been more fraught, but Darcy Steinke captures all of it with an intimate, startling grace. When Jesse's family moves to Roanoke, Virginia, in the summer of 1972, she's twelve years old and already

mindful of the schism between innocence and femininity, the gap between childhood and the world of adults. Her father, a former pastor, cycles through spiritual disciplines as quickly as he cycles through jobs. Her mother is chronically dissatisfied, glumly fetishizing the Kennedys and anyone else who symbolizes status and wealth. The residents of the Bent Tree housing development may not seem like beacons of the secret knowledge that Jesse is looking for, but they're all she's got. Her neighbor tans on the front lawn and tells tales of her married lover; her classmate playacts being a Bunny at Hugh Hefner's Playboy Club; the boy she's interested in fantasizes about moving to Hollywood and befriending David Soul. In the midst of her half-understanding, Jesse finds space to set up her room with her secret treasures: a Venus Flytrap, her Cher 45s, and The Big Book of Burial Rites. But outside await new sexual mores, muddled social customs, and confused spirituality. It's a terrifying time—in the shadow of Manson and the hangover from the idealistic sixties—when alienation overtakes liberation. Girlhood has never been more fraught than in Jesse's telling, its expectations threatening to turn at any point into delicious risk, or real danger. Darcey Steinke captures all of this with an intimate, startling grace.

My Sister's Hair

Mirror, Mirror on the Wall

One of the most resilient images of the Vietnam era is that of the anti-war protester -- often a woman -- spitting on the uniformed veteran just off the plane. The lingering potency of this icon was evident during the Gulf War, when war supporters invoked it to discredit their opposition. In this startling book, Jerry Lembcke demonstrates that not a single incident of this sort has been convincingly documented. Rather, the anti-war Left saw in veterans a natural ally, and the relationship between anti-war forces and most veterans was defined by mutual support. Indeed one soldier wrote angrily to Vice President Spiro Agnew that the only Americans who seemed concerned about the soldier's welfare were the anti-war activists. While the veterans were sometimes made to feel uncomfortable about their service, this sense of unease was, Lembcke argues, more often rooted in the political practices of the Right. Tracing a range of conflicts in the twentieth century, the book illustrates how regimes engaged in unpopular conflicts often vilify their domestic opponents for "stabbing the boys in the back." Concluding with an account of the powerful role played by Hollywood in cementing the myth of the betrayed veteran through such films as *Coming Home*, *Taxi Driver*, and *Rambo*, Jerry Lembcke's book stands as one of the most important, original, and controversial works of cultural history in recent years.

An Abused Man's Battles, Trying to Protect His Boys

Based on historical characters and events, *A Gathering of Finches* tells the story of a turn-of-the-century Oregon coastal couple and the consequences of their choices, as seen through the eyes of the wife, her sister, and her Indian maid. Along the way, the reader will discover reasons to trust that money and possessions can't buy happiness or forgiveness, nor permit us to escape the consequences of our choices. The story emphasizes the message that real meaning is found in the relationships we nurture and in living our lives in obedience to God.

Life and Works of Charlotte Brontë and her Sisters

Good hair day? Bad hair day? Hair has always evoked strong emotions. In this fascinating book, Patricia Malcolmson examines how British women over the past 150 years have managed their hair, from the extravagant styles of the late nineteenth century to the 'anything goes' attitude of today, taking in along the way the daring bobs of the 1920s, the wartime styles of women in uniform, the slavish copying of Hollywood stars, the beehive, the hippy and the Goth. In *Me and My Hair* you'll hear the voices of women from around Britain talking about their hair - whether it's their longing to have 'Shirley Temple' curls, the visits of the nit nurse, their first home perm, roasting under hood dryers, going platinum blonde, hilarious experiments with hair extensions, or fears of going grey.

Anastasia and Her Sisters

There's a heavy price to pay for royalty in this compelling—and true—story of Anastasia Romanov and her fellow grand duchesses of Russia, from an award-winning novelist. It's summer in 1914 and the Romanovs are aboard the Standart, the Russian royal yacht. Tsar Nicholas, Tsaritsa Alexandra, their four daughters, and the youngest child, Tsarevitch Alexei, are sailing to Romania to meet Crown Prince Carol and his parents. It seems like a fairy tale existence for the four grand duchesses, dressed in beautiful clothes, traveling from palace to palace. But it's not. Life inside the palace is far from a fairy tale. The girls' younger brother suffers from an excruciatingly painful and deadly blood disease, and their parents have chosen to shield the Russian people from the severity of the future tsar's condition. The secrets and strain are hard on the family, and conditions are equally dire beyond the palace walls. Peasants suffer under the burden of extreme poverty and Tsar Nicholas's leadership power weakens. And when the unthinkable happens—Germany declares war on Russia—nothing in Anastasia's world will ever be the same.

I was fortunate to have three sisters and two brothers. I would be the youngest of three or the oldest of four. Growing up would not be an ordinary experience for any of us. Yet, amazingly we persevered. I believe all of us were determined and chose to do and be better not repeat the same mistakes. Memories of our mother gentle and loving but frail and medicated too often. Our father instilled fear for he never was taught or shown real nurturing love himself. Later, we would all understand the dynamics of both our parents and we would forgive. My dreams were to be a singer, dancer, artist and missionary one day. I have done it all in some small capacity and on borrowed time. I would marry while a junior in high school and have a son on my husband's birthday. Then, we were young and in love and determined to defy the odds. We would have three children and achieve incredible financial success during the process. But, in the end I would be sacrificed and my husband rewarded. The Stories My Mama Told

A Daughter of the Samurai tells the true story of a samurai's daughter, brought up in the strict traditions of feudal Japan, who was sent to America to meet her future husband. An engrossing, haunting tale that gives us insight into an almost forgotten age. Madam Sugimoto was born in Japan, not in the sunny southern part of the country which has given it the name of "The Land of Flowers," but in the northern province of Echigo which is bleak and cold and so cut off from the rest of the country by mountains that in times past it had been considered fit only for political prisoners or exiles. Her father was a Samurai, with high ideals of what was expected of a Samurai's family. His hopes were concentrated in his son until the son refused to marry the girl for whom he was destined and ran off to America. After that all that was meant for him fell to the lot of the little wavy-haired Etsu who writes here so delightfully of the things that happened in their childhood days in far-away Japan.

The literary voices found in Kente Cloth are as unique and varied as the hues of their skin. Their choice of subjects offers an equally varied glimpse into the region's vast cache of truly new voices. "Herein are the children of a Black Southwest . . . from storytellers, railroad bosses, liars, cooks, hairdressers, bus riders, singers, farm hands and the like. They tell the tales of fisher folk, ditch diggers, quilters and planters of trees. They come washed in the blood of the lamb and drenched in the wind-carried love of deep woods hollars and back alley brawls. They come drenched with the cacophony of prayers from childbirth to childhood and the laying down of the too young soul. They come strong from the womb of desolation disguised as charity and welcomed by the hands of fate. These are the writers of lives being lived and not of the merely imagined or coughed up writing class creations. These mostly unpublished writers have fought and birthed and churched and gathered 'round gravesites, together. They have hunted the lakes, swamps, valleys and eyes of the racial beasts, together. They

have come back again each year to honor their dead, together. They have wished for a passion and found it on the early morning dew of backyard pears, together. They have walked a mile and more in the brogan steppers of the elders, together. They have ratcheted out the long days and nights toward progression, where their voices have been abandoned for the smooth elegance of the other brother, together. They have endured silence together, and I am honored in accepting these wonderful and horrible and gloried voices of this brief collection. Each of these letters bear witness to the honor and discovery of being alive in a way that alive is not practiced today: Considered and just."--Jas. Mardis, from the Introduction
